In Memoriam

ELIZABETH BARTLETT SAMPSON

Born – July 31, 1868 Died – December 28, 1958

Miss Sampson was born and lived all her life in Kingston. She was very prominent and popular with the people of her day and was regarded as one of Kingston's most respected and loved citizens. She was one of a class of seven students who graduated from the Kingston High School in 1886. During later years she took great enjoyment in her home and grounds located on Main Street near the junction of Main and Summer Streets, which she shared with her late brother. Miss Sampson was a great philanthropist and in a most subdued and dignified manner gave assistance to numerous persons and organizations.

Town of Kingston

Item No. 55 Dog Fund	$800.66	
Item No. 64 Reserve — Overlay Surplus	10,000.00	
		10,800.66
Total Amount to be Raised by Taxation		$677,285.78

Article 6. On the motion of George W. Cushman, Voted: That the Town Treasurer, with the approval of the Selectmen, be authorized to borrow money from time to time in anticipation of the revenue for the financial year beginning January 1, 1959, and to issue a note or notes therefor, payable within one year and renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 7. On the motion of William A. MacPhail, Voted Unanimously: That the sum of $6,000.00 be raised and appropriated to meet the town's share of the costs of Chapter 90 highway construction and that in addition, the sum of $18,000.00 be transferred from unappropriated available funds in the treasury to meet the state's and county's shares of the cost of the work, the reimbursements from the state and county to be restored, upon their receipt, to the excess and deficiency account in the treasury.

The use of available funds under this article was approved by the Finance Committee.

Article 8. On the motion of John Charles McCann, Voted Unanimously: That the sum of $1,000.00 be raised and appropriated to meet the town's share of the cost of Chapter 90 highway maintenance, and that in addition, the sum of $2,000.00 be transferred from unappropriated available funds in the treasury to meet the state's and county's shares of the cost of the work, the reimbursements from the state and county to be restored, upon their receipt, to the excess and deficiency account in the treasury.

The use of available funds under this article was approved by the Finance Committee.

Article 9. On the motion of William A. MacPhail, Voted Unanimously: That the unexpended balance of $1,486.08 in the Road Machinery Fund account, and the sum of $446.06 in the Highway Automatic Sander account be transferred for the purchase of an automatic sander for the Highway Department.

The use of available funds under this article was approved by the Finance Committee.

Article 10. On the motion of John Charles McCann, Voted Unanimously: That the sum of $2,100.00 be raised and appropriated for the purchase of a vehicle to be used as a cruiser-ambulance

by the Police Department and that the Selectmen be authorized to turn in the present 1957 Plymouth cruiser-ambulance now used by the Police Department and apply the allowance thereof to the purchase price of the new vehicle.

Article 11. On the motion of William A. MacPhail, Voted Unanimously: That the sum of $5,000.00 be raised and appropriated for the re-construction of a portion of Grove Street beginning at a point on the easterly side of Lake Street and running in an easterly direction for a distance of approximately 4,000 feet more or less, to be worked under the plan as laid out by the Plymouth County Commissioners and recorded in the office of the Town Clerk on June 19, 1957.

Article 12. On the motion of William A. MacPhail, Voted Unanimously: That the sum of $2,100.00 be raised and appropriated and that the unexpended balance of $350.00 in the Town House-Survey account be transferred for the purpose of revising the sanitary facilities in the Town House and for the relocation of office space; said work to be under the supervision of the Selectmen.

The use of available funds under this article was approved by the Finance Committee.

Article 13. On the motion of William A. MacPhail, Voted Unanimously: That the sum of $4,000.00 be raised and appropriated and that the Selectmen be authorized to purchase a parcel of land with the buildings thereon for municipal purposes now owned by the Kingston Grange No. 323, Patrons of Husbandry; said parcel formerly known as the Faunce School lot and shown on the Kingston Assessors' plan filed in the Town House as Lot No. 302, Block 6.

Article 14. On the motion of G. Palmer Holmes, Voted: That the sum of $12,500.00 be raised and appropriated for the purchase of a fire engine and authorize the Selectmen to dispose of the present 1925 Seagrave fire engine now owned by the Fire Department.

George A. Walsh moved to postpone Article 14 indefinitely. This motion was not seconded.

Orfeo H. Sgarzi moved an amendment that the amount of money involved for Article 14 be transferred from available funds

and not taken from the tax levy of the current year. Finance Committee did not recommend the use of available funds under this article and therefor Mr. Sgarzi's *Amendment was defeated.*

Article 15. To see the Town will vote to raise and appropriate, or transfer from unappropriated funds in the treasury, a sum of money for the purchase of a new truck for the Trimming Shade Tree Department and for use in insect pest control.
No motion was made under this article.

Article 16. On the motion of John Charles McCann, Voted Unanimously: That the Selectmen be authorized to accept a Common Landing Place as laid out by the Selectmen as provided by the General Laws, Chapter 88, Section 14, as amended, at the Town Landing; said parcel being bounded Easterly by the Jones River, 240 feet more or less; Southerly by land of Helen C. Landry, 250 ft. more or less; Westerly by land of Alfred Walker et ux, Stanley H. and Alice Merry and Chester L. Heckman et al, 160 feet more or less; Northerly by land of Chester L. Heckman et al, 160 feet more or less; a plan of same having been filed with the Town Clerk in accordance with the General Laws.

Article 17. On the motion of Alf C. Lootz, Voted: To amend the action taken under Article 23 of the annual town meeting held on March 16, 1957 so as to read: That the sum of $15,000.00 be appropriated to be used either alone or in conjunction with whatever money may be contributed by the County and State for protecting the shorefront along the east side of Rocky Nook Avenue in accordance with Chapter 91, General Laws.

Article 18. On the motion of Mitchell Tonbe, Voted Unanimously: To accept the amendments of the Silver Lake Regional School District agreement proposed by the vote of the Silver Lake Regional District School passed January 7, 1959 providing for a different manner of apportioning among the member towns the construction costs, as defined in said amendments, incurred by the district after January 15, 1959.

Article 19. Earl S. Sampson, Moved: That the Town appropriate the sum of $42,500 for the purpose of installing a gravel-packed well on a parcel of land purchased from George Havey and for installing

and housing the necessary pump, equipment, pipe, fittings, and appurtenances and to connect the pipe-line to the main on Summer Street for the new gravel-packed well on the Havey property, so-called, off Winthrop Street, and to meet said appropriation that $2,500. be raised in the tax levy of the current year and that the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow $40,000 and to issue bonds or notes of the town of Kingston payable in not more than 10 years under the authority of and in accordance with the provisions of Chapter 44 of the General Laws.

The Moderator asked for an official count of voters present and as there were not 150 voters present which is the quorum necessary for a bond issue, no action was taken under Article 19.

On the motion of Norman C. Steere it was voted the Article 20 be taken up ahead of Article 19.

Article 20. On the motion of Earl S. Sampson, Voted Unanimously: That the sum of $4,409.37 be raised and appropriated and that the unexpended balance of $27,102.63 now in the appropriation made under Article 38 of the Annual Town Meeting in March 1955 for the Improvement of the Water System be transferred to the said appropriation for the purpose of laying a 14 inch water main from the corner of South Street to the junction of Wapping Road and Main Street for a distance of approximately 3,600 feet.

The use of available funds under this article was approved by the Finance Committee.

Article 21. On the motion of Clarence R. Drew, Voted Unanimously: That the unexpended balance of $1,448.68 now in the Jones River Basin appropriation be transferred to the use of the waterfront Committee for improvement work.

The use of available funds under this article was approved by the Finance Committee.

Article 22. On the motion of John Charles McCann, Voted Unanimously: That the Town vote to sell at private sale for the sum of $200.00 to George J. and Mary G. Gauquier, the town's interest, whatever interest that may be, in a parcel of land known as the Northwest School Lot and shown on the Kingston Assessor's plan as Lot 37, Block 2.

Article 23. William A. MacPhail Moved: That the Town vote to accept the ways now known as Maple Street in the Rocky Nook Section of Kingston beginning on the northerly side of Atwood Street and continuing to Spruce Street, a distance of approximately 420 feet, more or less and be re-named Alden Street; and that portion of Spruce Street, beginning at the southeasterly corner of Spruce Street and Alden Street, and continuing in an easterly direction to Delano Avenue, a distance of approximately 146 feet, more or less, both as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws and raise and appropriate the sum of $1,200.00 for the construction thereof and for acquiring titles. *Motion was not carried.*

Article 24. Francis H. White Moved: That the sum of $3,000. be raised and appropriated for the purpose of extending a water main not less than 6 inches in diameter, for a distance of approximately 740 feet, on Sunset Road. *Motion was not carried.*

Article 25. On the motion of Irma A. Rolfini, Voted Unanimously: That the following appropriation balances be closed to Surplus Revenue:

Police — Cruiser-Ambulance	$29.16
Highways — Dump Truck Chassis	129.00
Highways — Traffic Line Marker	6.55
Highways — Cedar Lane	31.79
Highways — Jones River Drive Construction	12.27

Article 26. On the motion of Norman C. Steere, Voted Unanimously: That the sum of $35,000.00 now available in Free Cash, be appropriated for the use of the Assessors in the reduction of the Tax levy.

On the motion of Earl C. Paulding, Voted to Adjourn. (4:05 P.M.)

Number of voters present — 156 (Men - 118, Women - 38)

Vote checkers were Catherine J. Bartlett and William H. Paul.

Grand Total To Be Raised by Taxation for 1959 Due to Annual Town Meeting		$679,395.15

March 7, 1959

The following question was voted by official ballot at the Town Election held March 7, 1959.

QUESTION NO. 1

Shall the town vote to accept the provisions of Section 48 of Chapter 31 of the General Laws, thereby placing under Civil Service the regular or permanent members of the police force?

Yes — Four hundred sixty-five	465
No — Four hundred four	404
Blanks — One hundred thirty-six	136
Total	1005

Respectfully submitted,

GEORGE W. CUSHMAN, *Town Clerk.*

BIRTHS RECORDED FOR THE YEAR 1959

Date	Name	Name of Parents
Jan. 3	Wayne Michael Carlin	Alan Herbert Carlin and Nancy Fraidin

RELOCATION OF PEMBROKE STREET BRIDGE

Photo by Harrison Longhi, Plymouth, Massachusetts

REPORT OF THE SELECTMEN

In retrospect the year 1959 proved to be exceptionally eventful on many fronts. Therefore, in this report we will touch but briefly on some of the occurences that took place during this period.

Of real historical significance was the termination on June 30th of passenger service on the Old Colony branch of the New York, New Haven and Hartford Railroad.

The completion of the new overpass bridge on Pembroke Street, constructed with State and Federal funds, has eliminated a serious traffic hazard.

The completion of the double barrel of the Route 3 by-pass section from Route 3A in Kingston to Route 44 in Plymouth, was a major step in the promotion of expeditious travel. The addition of the bridge, together with ramps at Smith's Lane, advantageously provides our town with three strategic points of access and egress along Route 3.

A contract was awarded in December, by the Massachusetts Department of Public Works Waterways Division, for the much needed shore protection along Rocky Nook Avenue. This joint undertaking by the State, County and Town should be completed before the summer of 1960.

As a matter of record mention is herewith made of the proposed new Kingston Post Office to be located on Summer Street diagonally opposite the Plymouth National Bank Branch building. In November the Post Office Department chose this site and is now preparing plans and specifications for construction early in 1960.

Another item of importance, which will be fully covered in the School Department report, was the completion of the eight-room addition to the Elementary School.

The first phase of the Town House renovation sponsored by the Planning Board and the Selectmen, has been finished. This entailed the modernization of both the ladies and the mens rooms, plus the conversion of a small storage room into an up-to-date office for the Sealer of Weights and Measures. The next proposed phase of this program will be presented at the annual meeting in March for consideration of the voters.

Of major significance to all of us was the gracious and thoughtful bequest to the town by the late Elizabeth B. Sampson of Kingston of one-third of the residue of her estate. It is conservatively estimated that this bequest to the town will be in excess of $150,000.00. Inasmuch as said Elizabeth B. Sampson left this legacy to the town without instructions as to how it should be handled, the Board of Selectmen, with welcome assistance from the Planning Board, the Finance Committee, the Town Treasurer, the Town Counsel and other interested citizens, contrived an instrument of trust that has been placed before the Legislature for enactment. It is anticipated that this bill will be enacted in time for your consideration at the annual town meeting on March 19, 1960. Appended to this report is the full transcript of the proposed legislation mentioned herein.

Also the benevolence of Philip Jackson, late of Plymouth, in establishing the Thomas O. and Sarah F. Jackson Scholarship Fund, is deeply appreciated. Said scholarship is to be awarded yearly on a rotation basis between the towns of Plymouth, Kingston and Carver. The full text of this covenant is also appended to our report.

Unfortunately, the town became involved in litigation in an equity suit asking $11,000.00 in damages for a fire which was claimed to have been started by flying embers from the town dump. Town Counsel Philip S. Cronin vigorously defended for the town in this suit which was tried before a court appointed Master. Decision in the case had not been handed down at the close of the year.

Our continued efforts to have the State audit the accounts of the town annually, as provided in the By-Laws, have not been successful the past two years. However, we have been assured by letter of December 22, 1959 that an audit will be made during the first part of 1960.

Respectfully submitted;

JOHN J. MOORE, *Chairman*
JOHN C. McCANN
WILLIAM A. MacPHAIL
Board of Selectmen

AN ACT ESTABLISHING THE ELIZABETH B. SAMPSON MEMORIAL FUND IN THE TOWN OF KINGSTON AND PROVIDING FOR THE ADMINISTRATION THEREOF

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. There is hereby established in the town of Kingston a fund to be known as the Elizabeth B. Sampson Memorial Fund to be administered by a board of trustees, three in number, consisting of the following town officers who shall serve during their respective terms of office, to wit: – Chairman of the board of selectmen, town treasurer and town moderator. Said trustees shall serve without compensation but shall be entitled to reimbursement for all reasonable expenses incurred in the performance of their duties.

SECTION 2. Said trustees shall receive the bequest given to the town of Kingston under the provisions of clause ten of the will of Elizabeth B. Sampson, Plymouth County Probate docket number 75589, and said trustees shall have the power and duty to invest and reinvest the funds of said bequest in the manner approved by the General Laws in chapter forty-four, section fifty-four, relative to the investment of trust funds. A sum of not more than twenty-five thousand dollars shall first be set aside from the principal of said bequest for the purpose of establishing, under the direction of said trustees, and upon approval at a town meeting, a suitable memorial to said Elizabeth B. Sampson. The trustees shall expend only the net income of the fund established in section one of this act for such municipal and educational purposes as the trustees shall by majority vote determine, subject to approval by majority vote at the annual town meeting.

SECTION 3. Custody of all monies, securities and other property of said fund shall be in a national bank or trust company doing business in the commonwealth and authorized by law to exercise trust powers. Said trustees are authorized to delegate to said bank or trust company their power and duty to invest and reinvest said fund and to make payments to said bank or trust company for services rendered thereby.

SECTION 4. Upon acceptance of this trust, said trustee shall deliver to the treasurer of the town of Kingston a bond or bonds in an amount to be determined by the commissioner of corporations and taxation and the board of selectmen of said town.

SECTION 5. The provisions of this act shall not be stricken out or amended except by a seven-eights vote in favor thereof at the annual town meeting.

SECTION 6. The town of Kingston is hereby authorized to deposit with the trustees of the Elizabeth B. Sampson Memorial Fund the bequest given to said town under the will of said Elizabeth B. Sampson.

WILL OF PHILIP JACKSON

COMMONWEALTH OF MASSACHUSETTS

PLYMOUTH, ss. PROBATE COURT

At a Probate Court held at Plymouth in and for said County of Plymouth, on the eleventh day of May in the year of our Lord one thousand nine hundred and fifty-nine.

On the petition in equity of The Plymouth National Bank, trustee under the will of Philip Jackson, late of Plymouth aforesaid, petitioner against the Inhabitants of the Town of Plymouth, The Inhabitants of the Town of Carver, The Inhabitants of the Town of Kingston, Hannah W. Jackson, and persons unascertained, respondents, praying for instruction with regard to the proper qualification and order of selection of students to whom scholarships shall become payable under said estate.

It appearing that notice according to the order of the Court has been given to all parties interested; that the Attorney General has filed his answer submitting his rights in the premises to the determination of the Court; that the Town of Plymouth and the Town of Kingston have appeared and are represented by counsel; that said petition has been taken as confessed against those respondents who have not appeared and answered and the guardian ad litem having filed his report.

After hearing and consideration, the Court orders and decrees:

1. The Thomas O. and Sarah F. Jackson scholarship shall be a single scholarship annually awarded to a young man preferably from the secondary school class graduating in such year who intends to continue his studies the following year at Massachusetts Institute of Technology or the University of Massachusetts.

2. The first such annual scholarship which at all times shall be known as "The Thomas O. and Sarah F. Jackson Trust Fund Award" shall be awarded in June 1959 from the income earned for the calendar year 1958 to a young man resident of the Town of

Plymouth; in the event there shall be at the time of the award of such scholarship no such young man resident of Plymouth who has expressed the intention to attend Massachusetts Institute of Technology or the University of Massachusetts, a young man resident of the Town of Kingston shall be awarded such scholarship; if no young man resident of either Plymouth or Kingston shall have expressed the intention to attend Massachusetts Institute of Technology or University of Massachusetts the same shall be awarded to a young man resident of the Town of Carver.

3. The annual scholarship shall be rotated with first round priority given to Plymouth, followed by Kingston and in turn followed by Carver, and thereafter the town a resident of which has most recently received the award shall become the last eligible for the then current award and the town a resident of which has never received the award or has been the longest period of time without receipt of such award shall be the first eligible for the then current award; so long as any student in any of said three towns is eligible, this scholarship shall be awarded in each year and its award shall not depend upon an equal rotation among the towns.

4. The eligibility of the town of which a resident is entitled to the award in each respective year shall be finally determined by the trustee.

5. The eligibility of the student entitled to the award in each respective year shall be finally determined by the school committee of the eligible town.

6. The school committee determining the young man eligible to receive the award shall in making its selection give equal consideration to students who are candidates for Massachusetts Institute of Technology and the University of Massachusetts; but in selecting between two or more young men who intend to attend the University of Massachusetts shall give preference to a student who intends to major in an agricultural course at the agricultural school at such university.

7. No individual shall be eligible to receive payment of the scholarship for a second time so long as any student resident of any of the three named towns is eligible to receive the award for the first time.

8. All net income of the Philip Jackson estate during administration of the same and all income of the trust earned prior to December 31, 1957 and unexpended as shown in Schedule F of the first account of the trustee under said trust shall be added to principal of the trust, first deducting therefrom however, the guardian ad litem's fee of $100.00 paid to A. S. Feinberg in allowance of such account and also deducting therefrom attorneys fees and expenses in allowance of such account the guardian ad litem's fees and attorneys fees and expenses paid in connection with the bringing of this Equity Petition.

9. The trustee is hereby authorized to invest and reinvest the funds of this trust in all media of investment normally considered proper for investment by trustees in Massachusetts.

10. The amount of the scholarship shall be determined annually by the trustee, the exact amount thereof to be determined in the discretion of the trustee but reasonably to approximate the income for the previous calendar year diminished by trust expenses and charges incurred or estimated by the trustee to have been incurred during such calendar year, including expenses of rendering accounts to the Probate Court for the administration of such trust.

11. Payment by the trustee of the scholarship funds may in the discretion of the trustee be made directly to Massachusetts Institute of Technology or University of Massachusetts for the term bills or interim bills on behalf of the eligible student, or may be paid directly to the eligible student to reimburse expenses incident to pursuit of education at such institution. Should there for any reason be an unexpended balance of funds from an award in any year the same shall revert to the principal of the fund for reinvestment by the trustee. However, a student selected for such scholarship who fails to use such award by reason of military service, reasons of health or other reasons which in the discretion of the trustee seem compelling shall not surrender nor lose the award provided he shall attend Massachusetts Institute of Technology or University of Massachusetts within three years of his selection.

12. In any year in which there is no student from any of said towns eligible to receive the award, the net income which would have been available for an award in such year shall revert to principal to be reinvested, the income therefrom to be used to increase scholarships in subsequent years.

REPORT OF THE PLANNING BOARD

After the decline in building evident in 1958 there was some resumption of interest in development in the past year. While only two areas actually completed the formal moves required for approval, inquiries concerning other sites evidenced the probability of further residential development. It seems certain that the completion of the express roadway to Boston will encourage this trend and that the question remaining will be only the extent of the effect. Should this occur it is reassuring that there already exists a framework of ordinances and a pattern of standards that will prevent the damage of unregulated development.

While the Planning Board has in the past been reluctant to favor the adoption of a building code and the attendant expense of regulation and enforcement we are now more inclined to endorse such a move. This change in attitude stems from the fact that nearly all surrounding communities have done so and it is accordingly possible that less scrupulous developers might select Kingston as the only town in a desirable building area where substandard construction might be practiced without penalty. Obviously this is to be avoided and we therefore feel that the matter should be seriously studied in the coming year.

The Board has also given consideration to the advantage to the town of acquiring land presently undeveloped and of low value in outlying sections for future use as public parks. Land purchased for this purpose in years past has proved an excellent investment and as our population grows further acquisitions should prove equally valuable. It seems evident to us that if we await the pressing need the desirable areas are likely to be no longer available whereas action during the next few years could keep the cost of acquisition at a minimum.

During the year the Board has been further consulted on the problems relating to the renovation of the Town House and has submitted a supplementary report to the Selectmen. We have also, at the invitation of the Selectmen, joined with other officers of the town in suggesting methods for handling the disposition of the

railroad station and the establishment of suitable controls for the administration of the Elizabeth B. Sampson bequest.

RECOMMENDATIONS ON RENOVATIONS OF THE TOWN HOUSE

The Selectmen have requested that the Planning Board review their recommendations for the renovation of the Town House and suggest what part of the proposed changes might be undertaken in the coming year.

In reviewing the previous report we considered that the following comment might be of value as an indication of our viewpoint in relation to the entire project:

(1) While some temporary moves cannot be avoided the expense of providing temporary accommodations should be minimized.

(2) While it remains desirable to extend the renovation program over a sufficient time so that "no extraordinary financial outlay is necessary in any one year" it is also essential that the program should not be divided into such small units that they cannot be efficiently undertaken nor the needed improvements too long postponed.

(3) First cost must be considered secondary to the choosing of the best available in method and material in order that repair and maintenance may be kept to a minimum. It is pertinent to recall that major renovation programs occur infrequently and that any reasonable cost incurred will compare favorably with the expense of a new building which is the likely alternative if this job is not very well done.

With these general principles in mind we make the following suggestions for work to be undertaken in the current year:

(1) Remove the temporary partitions from the old hearing room and install new portable partition creating a waiting room and general purpose office that may be combined as a hearing room. This work to be finished and suitable equipment provided to give this portion of the project its final form. This move will necessitate the relocation of the Veterans Administration office which might for the time being be housed with the welfare agencies since the hours of activity of these agencies are non-conflicting. The Highway Department might also find temporary quarters in the general purpose office until permanent offices are available in the present voting area.

(2) The space between the old kitchen and the office of the Sealer of Weights and Measures should be converted into a janitor's supply room with sink and other facilities to make it permanently satisfactory for this use.

(3) An appropriation should be sought so that the Selectmen may engage professional advice for preparing comprehensive plans for the reconstruction of the Faunce School as a Police Station and Voting Center. The appropriation should be sufficient to make it possible to undertake preliminary work and basic repairs in 1960 with a view toward virtual completion of this portion of the program in 1961.

(4) Enough should be projected for the current year to permit the completion of the entire Town House renovation program by the end of 1962.

The Planning Board has purposely refrained from making any recommendations as to particular equipment or construction detail feeling that these decisions should lie entirely with the Selectmen as the executive and administrative agency responsible for the actual work. Nevertheless, on this or any phase of this project this Board will be happy indeed to engage in any further study or offer any further comment the Selectmen may desire.

REPORT OF THE INDUSTRIAL DEVELOPMENT COMMISSION

This commission has had four full years of existence and the more we have studied industrial development, the more we realize how tremendously complex the problems of today are compared to those of twenty-five years ago. Investigations indicate that Kingston, and in general, the entire south shore area, is from five to ten years away from any material increase in business and industrial development.

It had been our hope that the brochure mentioned in our last report would be distributed during the early part of 1960. However, the purpose will have no import until we can produce positive evidence to prospective industries that Kingston has the required objectives.

During the latter part of 1959 we discontinued our national advertising as the inquiries received were beyond the reach of Kingston for some years to come. It is our intention in the near future to erect signs at each end of Route 3 in Kingston, indicating what we are attempting to accomplish through advertising.

Our principal project for the coming year is the hope that with the continued close cooperation of the Selectmen and the Planning Board, something can be done to find a suitable site for an Industrial Park after which plans may be formulated for procuring such an area.

Invitations have been extended to us to visit Industrial Commissions in New Bedford, Attleboro and Burlington. These places cover perfectly the operations of a reasonably large city, a small city and a town that was up to a year ago, the counterpart of Kingston and is now the fastest growing small town in the state. We are confident that these contemplated visits will be extremely beneficial to us in our efforts to start operations in Kingston.

The public is reminded that this Commission has regular meetings at the Town House on the last Thursday of every month at 7:30 P.M. The meetings are open to the public and any contructive suggestions to aid our town are welcomed.

The Commission extends thanks and appreciation to all who have given their advice and assistance in continuing to keep Kingston a good place in which to live, work and play.

REPORT OF THE FINANCE COMMITTEE

The report of the Finance Committee is hereby submitted for the year ended December 31, 1959.

The Finance Committee held regular meetings on the first Tuesday of each month with the exception of July and August with special meetings being called as required. Careful consideration was given to all requests for transfers with some being refused as no emergency existed and the best interest of the town would not be served by granting the request.

The following transfers were approved from the Reserve Fund to the respective accounts:

Harbor Master	$200.00
Veterans Services	3,000.00
Dog Officer	150.00
Police — Maintenance	375.00
Insurance — Municipal Buildings	750.00
Insurance — Municipal Buildings	493.60
Health — Maintenance	185.00
Water Dept. — Wapping Road	2,152.23
Zoning Board of Appeals	10.00
Playground — Maintenance	26.33
TOTAL TRANSFERS	$7,342.16

REPORT OF THE SHELLFISH CONSTABLE

A total of 100 bushels of quahogs was planted on Fishing Rock's Flat and Ichabod's Flat and the areas closed for a period of at least ninety days. The seed, as in the past, was purchased from the Department of Marine Fisheries. In cooperation with my assistant the seed was planted with no other help.

An experiment for oyster growth was conducted on Ichabod's Flat at no expense to the town; the oyster seed being donated. The seed was very small in size and will take approximately five years before any results may be expected.

Further tests for clams were again made on Ichabod's Flat by plating a plastic screen on the mud. This method has proven successful in towns along the north shore, however, it is still too early for any conclusive results in Kingston. I am waiting for instructions from the Department of Marine Fisheries for more extensive work next year.

A great deal of time and labor was spent on Gray's Flat for the removal of mussels. Appreciation is extended to the Kingston school boys employed for assistance in this project, which is laborious work to perform. To the best of my knowledge no work of this type has been done within the last twenty years. It was found that by digging out the mussels with forks and piling them approximately 4 feet high, results were such that three acres were cleaned. My plans are to continue this work next year as this is one of our good quahog flats and the mussels were beginning to take control.

The shore from Delano's Wharf north to Holmes Avenue was opened late this year for the digging of clams on Saturday and Sunday only. Good results were obtained from those persons having permits.

Once again this year there was a large amount of commercial digging for quahogs. A total of thirteen commercial permits being issued. Family permits issued totalled 137.

I wish to extend my sincere thanks to my Assistant Donald L. Sauer and to all persons who have contributed their support and help to me during the year.

Respectfully submitted,

ANTONE J. CAZALE,
Constable

REPORT OF THE HARBOR MASTER

Honorable Board of Selectmen:

I respectfully submit my report as Harbor Master from July 1, 1959.

During this period there were 112 boats moored; 3 boats reported missing; 3 rescue calls; 2 cabin cruisers towed to shore because of leaking conditions and 1 drowning.

It is questionable whether the addition of extra racks would, in fact, interfere with free navigation on the river. The privilege of the Kingston residents definitely should be given priority in the use of the racks, inasmuch as it is their money which make the racks possible.

In conclusion, I wish to express my thanks to all of the departments of the town for the cooperation given me in the performance of my duties.

Respectfully submitted,

ASA WESTON GLASS,

Harbor Master

REPORT OF THE FIRE DEPARTMENT

During 1959 the Fire Department answered calls for 29 building fires, 4 automobile fires, 4 police aid calls, 4 oxygen cases and 3 drownings, plus many more routine calls including school, nursing-home and rest-home inspections.

On October 15th the new fire truck voted at the 1959 Town Meeting was delivered to the Department. This new Farrar made truck has a 600 gallon center mounted tank and a front mounted 500 g.p.m. pump. The well remembered 1925 Seagrave pumper has been disposed of and a modern efficient truck has now become Engine No. 1.

The new air horn was installed and will be ready for 1960 use, thus allowing the time-worn siren to be repaired and saved for emergency use.

Work to improve the electrical wiring in the station was begun and will be continued in 1960.

We plan to ask the 1960 Town Meeting for a boat, motor and trailer for emergency rescue uses.

We again thank the Fire Company for their continued community service.

Respectfully submitted,

G. PALMER HOLMES, *Chief*
WILLIAM A. MacPHAIL, *Clerk*
CLARENCE R. DREW

Fire Engineers

REPORT OF THE FOREST FIRES DEPARTMENT

A total of 148 calls were answered during 1959 which included woods fires, grass fires, checking the town dump and investigating calls where smoke had been reported. These latter calls resulted in discovering that the smoke emanated in majority from back-yard incinerators of persons not obtaining fire permits.

The General Laws specifically state that it is unlawful to start, maintain or increase a fire in the open without first obtaining a permit from the fire department. Our records show that 4,612 permits were granted for such fires during 1959. This cooperation by the townspeople enables the department to know the exact location of fires when reported.

Respectfully submitted,

C. PALMER HOLMES,
Forest Warden

REPORT OF THE TREE WARDEN

This past year the trees on several of the streets were thoroughly trimmed. This was made possible with the permanent services of a tree climber and ground crew. Due to lack of permanent help in prior years, the greater portion of the work of this department had been spent on Elm trees.

The blind corners in the Rocky Nook section of the town were also trimmed back, thereby aiding the vehicular traffic. Brush cutting is continuing along all of the main routes of the town.

The brush saw purchased some years ago and which has been of invaluable help, was replaced with a new one at a nominal cost.

A continual reminder to the people is that no Elm wood is to be stored for fire wood or other purposes.

Respectfully submitted,

EARL C. PAULDING,
Tree Warden

REPORT OF THE MOTH SUPERINTENDENT

A total of nineteen privately owned Elm trees were destroyed by Dutch Elm disease during the year. An additional ten Elm trees along the roadsides were also destroyed.

Thirty-one traps for Gypsy Moth control were placed at strategic locations throughout the town. All of these were given periodic inspections and at no time were any male moths caught. It is questionable, with the above results, whether it will be necessary to trap in another year.

Considerable requests have been received for spraying Poison Ivy along the sides of private roads and also near bathing areas. The Poison Ivy along the roadsides has been kept under control.

Numerous requests were received on insect pests, however due to the breakdown of the old hydraulic sprayer and the long wait for parts, it was impossible to comply with all the calls. An article is being inserted in the 1960 warrant for the purchase of a new machine, and if favorably acted upon, will allow this department to give you prompt service.

Respectfully submitted,

EARL C. PAULDING,
Moth Superintendent

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

Honorable Board of Selectmen:

The annual report of the Sealer of Weights and Measures is hereby submitted for the year 1959.

	Adjusted	Sealed	Condemned
Scales over 10,000		3	
Scales 100 to 5,000	10	27	2
Scales under 100	17	51	1
Weights		144	1
Liquid: 1 gal. or under		17	
Gasoline Pumps	12	33	
Vehicle Tank Meter	1	7	
Kerosene and Grease Pumps	2	11	1
Yard Sticks		4	

A re-check has been made of merchandise in stores as required by the General Laws with sealing fees collected to the amount of $148.00 and adjusting fees of $4.10.

Office Hours: Tuesday Nights 7—9 P.M.

Respectfully submitted,

GEORGE T. PRATT,
Sealer of Weights and Measures

REPORT OF THE DIRECTOR OF CIVIL DEFENSE

Kingston Civil Defense was active in the first half of 1959, but rather quiet in the second half, due to the closing of the Sector and Area offices of the MCDA in July. Nevertheless local level activities did continue.

RADIAC. Fallout hazards to all persons living in Kingston and especially to C.D. personnel whose duties would take them out of radiac shelters, has become a major concern. The entire public must be informed of the possible dangers and urged to make their own shelters, and preparations to live in them and survive. Considerable information and directions for making shelters and storing supplies at home are available through the director, and should be used. Survival is the responsibility of the individual home owner.

To help the C.D. members, whose duties will take them out of shelters and into areas of high radiation hazards, instruction courses with some equipment are now on hand and available through the Civil Defense Director.

Last March a class of women and men completed the basic radiac course, under a certified teacher. The course is ten hours long, and emphasizes the basic principles of radiation hazards in fallout, gives practice in detection and measurement of radiation, and practice in use of instruments like the doshmeters, Geiger Counter, and high level detectors. Many more persons should master these basic principles, for their own safety.

One student from the above class spent an additional week in Topsfield in the MCDA Training Course for Detection of Radio Activity in Drinking Water.

Twenty additional dosimeters and four chargers have been bought and are available to trained C.D. personnel who may have to perform services when exposed to fallout radiation in the open. The instruments can not give protection to the individual, but do measure the amount of radiation the body has picked up, and how long that person can safely be allowed to be in an exposed place. The total instruments now on hand is about 40% of the estimated number needed in a radiation emergency.

COMMUNICATIONS: Effective communications are of the utmost importance from the start and throughout any disaster or emergency. Kingston has five licensed RACES operators who man the radio communications instruments, and others who handle telephone line messages. They have maintained their regular drill schedules, almost every week, and in addition been active in regular bi-monthly drills of the Sector radio net. They were especially effective in the nation-wide ALERT drill last April in maintaining contacts with other essential C.D. units, and receiving and sending messages.

G.O.C. WATCH TOWER: This tower was closed January 1, and later removed because of its condition and lack of need. For over five years it was a useful, and several times a very valuable, part of the U.S.A.F. Aircraft Warning Service. Its function is taken over by other U.S.A.F. units which are vastly speedier in handling in-

formation on aircraft. The personnel who staffed this tower deserve our gratitude for their many hours of patient and loyal service.

CIVIL DEFENSE TALKS: During the year your director has made a number of illustrated talks before civic and patriotic groups (mostly in other towns) on Civil Defense plans, and needs at state levels, local town levels and fallout threats. Now the messages must get *into the HOMES.*

SURVIVAL PLANS: A year ago this report mentioned the local survival plans which had been prepared in accordance with the overall Federal Government plan, and the Massachusetts CDA plan. Late in the year this plan was returned to us approved with very few minor suggestions for changes to bring us fully abreast (in plan at least) of any presently forseeable emergency. As soon as these changes are made and approved the local survival plan is to be reproduced and made available to all local C.D. personnel concerned.

SURPLUS PROPERTY: Considerable surplus property has been secured, some especially useable in emergencies, but much of it currently useable by several town departments. Several field ranges for mass cooking are now on hand, for emergency or training uses. Some emergency field hospital equipment has been secured, as well as items for the Highway Dept. and Fire Dept. We failed to get some truck equipment we wanted. Late in the year several F.M. radio receivers with supplementary equipment for use in F.M. band frequencies assigned to municipal departments, were received through Surplus Property Administration. It is probable that much more surplus property can be available to Kingston, much of it useable by our town departments, and at considerable saving of money to the town.

I am especially grateful to all persons who have cooperated in the past year, to the Selectmen, the Service heads, and all the enrolled personnel.

Respectfully submitted,

CHARLES W. LAWRANCE,
Director.

REPORT OF THE BOARD OF HEALTH

The number of reportable diseases was held to a minimum with a total of 38 cases, 16 reports being dog bites.

Three public clinics were held for administering initial and booster injections of Polio vaccine. The first clinic was held on the morning of June 23rd for the school children at the Elementary School. On June 24th and July 22nd evening clinics were held for adults at the Town House. Over 900 persons attended these clinics.

During the year 36 permits were issued for construction of cesspools, septic tanks, etc. The public is reminded that since January 1, 1957 permits are required for sewage work of any kind.

Early last Spring the town became involved in litigation in an equity suit in damages for a fire which was claimed to have been started by flying embers from the Town Dump. More information regarding this is contained in the report of the Selectmen. The Town Dump continues to need fill and grading at the rim. We again thank the caretaker, Francis W. Brown, for his services.

An aerial spray was held for mosquito and insect pest control.

Following this report is that of the Plymouth County Mosquito Control Project.

Respectfully submitted,

WILLIAM A. MacPHAIL, *Chairman*
JOHN J. MOORE
JOHN C. McCANN
Board of Health

PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

In reporting on the project's activities and accomplishments in 1959, our second year of operation, there have been successful advances made toward the program's number one objective. Namely, the best possible control of species capable of transmitting encephalitis or other virus.

Naturally we were disappointed that the overall reduction of nuisance type mosquitoes was not evident. As in all eastern states this past summer, the mosquito population ranged to an all time high. Up to mid-July this region had 15.16 inches of rainfall in fifty days and with the normal quoted as 5.63 inches, the mosquito breeding went beyond any normal control.

EASTERN EQUINE ENCEPHALITIS

This subject continues to be vital to southeastern Massachusetts and current research in the area shows that virus activity is yet present in wild bird life. Until this year the only outbreak of human cases was in this region and it was assumed that we were most vulnerable to future outbreaks.

Therefore, we continued to emphasize our surveys toward the location of breeding sites of the vector species of mosquitoes and in no instance did we hesitate to expend monies toward that goal. This meant treating some water areas weekly and each week we were locating new areas that were contaminated by sewage water seepage or its being directed to same, even the storm sewer catch basins were not immune to this contamination.

While we did not have a single reported case of encephalitis in humans or horses in this state, the 1959 New Jersey outbreak with 28 human cases and 19 deaths should prove to us and convince the responsible officials, that if necessary the entire budget should be concentrated toward the prevention of even one such loss of life.

DRAINAGE

This phase of control continues to be the best investment on a long range control program, it not only eliminates the source of breeding but it gradually reduces the repeated and costly applications of insecticide on wetland and urban areas. The project is now equipped with a power trencher, mounted on a tractor designed for

use in swamps and salt marshes. This unit will produce drainage ditching that would not be possible with seventy additional men.

AERIAL SPRAYING

This operation is very important where serious nuisance develops and immediate results are necessary. Financially, the project was not designed to expend large sums on this type of temporary control, yet we find it a valuable supplement to our long range efforts and must budget a part of our funds for such.

SUMMARY

With all our personnel having had two seasons of experience, plus the accumulated data obtained on breeding sites throughout the county and the addition of our power trencher, we should in a summer of normal rainfall readily realize the progress of our program.

We have continued to work cooperatively with all related municipal agencies and with these pooled resources, the public's confidence will never be betrayed by indifferent service or any abuse in the use of insecticides.

Respectfully submitted,

WARREN C. HARDING,
Superintendent

REPORT OF THE INSPECTOR OF ANIMALS AND INSPECTOR OF SLAUGHTERING

During the past year approximately 300 cattle were shipped into Kingston from Vermont, New York State, and Canada. These cattle were inspected and found free of disease. Reports of these inspections were made and forwarded to the State Division of Livestock Disease Control in accordance with the General Laws.

This year 14 dogs were quarantined on suspicion of rabies because of bites imposed. However, all of these dogs were released after the customary 14-day observation period, inasmuch as no signs of rabies appeared. Reports of the foregoing cases were forwarded to the proper State authorities.

There have been no cases of slaughtering in Kingston during the past year.

The annual inspection of animals and the premises in which they were kept was made and the report forwarded to the Division of Livestock Disease Control.

I wish to thank Mrs. Irma A. Ruffini and the members of the Board of Health for their cooperation in organizing these inspections.

Respectfully submitted,

RAYMOND RUSSO, D.V.M.

Inspector of Animals and Slaughtering

REPORT OF THE HIGHWAY DEPARTMENT

One of the major projects of this department during 1959 was the re-building of a portion of Grove Street which consisted of installing a new culvert at the Jones River and construction of 24 feet of road surface on the new layout. Plans are in effect to continue work on this street as funds become available.

The area on Green Street from Main Street to the former Grange Hall was greatly relieved of a serious drainage problem. The electric car rail ties which were still in the road were removed, after which gravel and black top were placed to grade.

The sidewalk on the easterly side of Green Street was constructed with a hard surface and curbing installed. This was done by town forces.

In an effort to make the approach at Landing Road and River Street more accessible the corner was widened. Surface gravel was placed on Winter Street for a distance of about 1000 feet; it is planned to continue this work during 1960. A seal coat was applied to West Street from Wapping Road to Lake Street.

The work on Pembroke Street consisted of drainage and re-surfacing under the Chapter 90 program at a point where the work by the Massachusetts Department of Public Works terminated at the railroad bridge to approximately 200 feet east of the junction at Grove Street. The Chapter 90 maintenance funds enabled us to lay a stone seal on Landing Road, a sand seal on Elm Street and to continue maintenance work on Pembroke Street.

The annual spring clean up of our streets is as usual ever on the increase. The amount of sand needed to control the ice conditions entails additional work in the cleaning program. It is expected that a considerable amount of this work can be alleviated by the use of the power broom which the employees of this department constructed during the winter.

Respectfully submitted,

G. PALMER HOLMES

Superintendent of Streets

REPORT OF THE LIBRARY TRUSTEES

To the Citizens of Kingston:

Your library trustees present the following report of the 1959 operation of the Frederic C. Adams Public Library.

Town Appropriation from Dog Fund and Tax Levy

1959		Receipts	Payments
March 14	Town appropriation	$4,127.50	
	Librarian salaries		$1,942.08
	Janitor salary		720.00
	Fuel Oil		291.60
	Electricity		142.22
	Telephone		84.13
	Books		942.80
	Repairs		None
Dec. 31	Balance unexpended		1.67
		$4,127.50	$4,127.50

Income from Endowed Funds and Book Fines

1959		Receipts	Payments
Jan. 1	Balance of "income" from 1958	$9,573.49	
	Am. Tel. & Tel. dividends	37.80	
	Plymouth Cordage dividends	291.20	
	Plymouth National Bank dividends	103.40	
	Atcheson, Topeka & Santa Fe interest	20.00	
	Denver & Rio Grande Western interest	49.50	
	Savings Bank deposits interest	718.49	
	Book fines, paid to Town	102.34	$102.34
	Books and periodicals		111.44
	Equipment		51.45
	Repairs		115.49
	Supplies and postage		72.83
	Bank service and safe deposit		5.90
	Treasurer's salary and bond premium		110.62
Dec. 31	Balance of "income" unexpended		10,326.15
		$10,896.22	$10,896.22

Of the unexpended "income" on December 31, $9,237.14 was in Massachusetts Savings Banks, and $1,089.01 was in cash and in the Merchants National Bank of Boston.

Within this year the Library has received a $2,000.00 legacy under the will of Miss Elizabeth B. Sampson. This is to be known as the "Elizabeth B. Sampson Fund" and the income will be used for the purchase of library books and supplies.

We are hopeful of improving the Library facilities to meet the needs of the increased number of people who use the reading rooms. Our younger readers, and students especially, are to be encouraged and urged to make full use of the Library.

The past year has been an active one with a great many more readers using the Library and becoming acquainted with what it has to offer. Reference books not founds on our shelves can be obtained from the Commonwealth of Massachusetts Division of Public Libraries; and many requests for books have been supplied from this source. The growth of the Library services can be represented by the statistics for the past year.

Books Available	10,770
Circulation	20,467
Registration	2,275
Attendance	8,605

For gifts of books, magazines and flowers our thanks go to Miss Ethel Grimes, Miss Julia Cunningham, Mr. Walter O'Neal, Mrs. Fred L. Bailey, Dr. Arthur B. Holmes, Mr. James W. McCue, Mr. and Mrs. Ward C. Lovell, Mrs. Juno Ballinger, Miss Cynthia O'Neal, Mr. Edward S. Howe, Mr. and Mrs. Herbert K. Knowles, Mr. Frank Felt, Mr. Mitchell Toabe, Dr. Arthur C. Harding, Mrs. Donald Whiston, Mrs. Charles Lawrance, and The Plymouth Women's Club.

Respectfully submitted,

HENRY J. PECK, *Chairman*
JANET C. GIAMMARCO, *Secretary*
ROLAND S. BAILEY, *Treasurer*
KATHARINE B. MANN
ROBERT A. JONES
CARL W. STEGMAIER
Library Trustees

REPORT OF THE PLAYGROUND COMMISSION

Among the accomplishments of the Commission during 1959 in the maintenance of the playground area were the regrading, loming and rolling of the baseball and softball diamonds, the reseeding, seeding and rolling of the Little League field and the painting of the Little League fence.

A new tractor-type lawnmower was purchased. The gutters to the building were repaired. The canvas of the stage scenery was renovated.

The Reed Community Building was in continuous use throughout the year. A total of 272 free rentals and 73 paid rentals totaling $378.00 were recorded. Included in the free rentals were the following civic and recreational groups: Girl Scouts, Boy Scouts, Cub Scouts, church organizations, Elementary and Silver Lake Schools, Hilltop Basketball League, Kingston Civic and Reed Community Clubs.

The eight-week supervised Summer Playground Program was again an outstanding success. There were 83 boys and 85 girls enrolled, with an overall attendance of 2,130 over the 40 sessions. This year's activities were divided into three groups, namely, organized, routine and special. The organized activities included, baseball league, ping-pong, shuffleboard, horseshoes, 1000-point contest (7 sports), weenie roasts, arts and crafts and square dancing. The routine activities were whiffleball, tumbling, football, ring toss, volley ball, tennis, horseshoes, gymnastics and softball. Included in the special activities were inter-playground baseball, inter-playground sports competition and dances. The climax of the summer program was the well attended and highly successful family night.

Regular meetings of the Playground Commission are held the third Monday of each month at 8:00 P. M. in the Reed Community Building.

Respectfully submitted,

GEORGE A. CANDINI, *Chairman*
ANTONE J. SPATH, *Secretary*
JOSEPH A. GOVONI
GEORGE E. COBB
WILLIAM F. CAREY
Playground Commission

REPORT OF THE PARK COMMISSION

The bath-house and concession stand at Gray's Beach was repainted early in the 1959 season. The concession part of the building was slightly remodeled to conform to health standards. Later in the season a new roof was put on the garage building at the north-east end of the property. This building was also painted. The two flagpoles in the town were repainted and new halyards installed.

A new Fiberglass boat will be available for lifesaving at the beach for the 1960 season to replace the old heavy metal boat.

The concession stand was leased to the highest bidder at price of $150.00. Parking fees at the non-resident section totaled $2,583.00, which amounted to over half of our entire budget.

Hours of duty were established for lifeguards. This was done in order to have reasonable working hours for the guards, and also, to provide ample protection for bathers. Special life-saving courses were covered by approved Red-Cross instructors.

A new mower was purchased for use on the Town Green and other memorial plots about town. Grass areas were reseeded and fertilized to keep them green and attractive.

Respectfully submitted,

HOWARD M. HANELT, *Chairman*
EMMETT B. BAKER
PAUL VANTANGOLI
Park Commissioners

REPORT OF THE WATER DEPARTMENT

To the citizens of Kingston:

The total amount of water pumped in 1959 was 148,704,636 gallons as compared to 136,406,108 gallons in 1958, an increase of 12,298,528 gallons.

The total cash receipts for 1959 were $32,520.95.

The department maintains approximately 45 miles of water mains; over 238 hydrants and 1,693 water services. All water pumping stations, when in operation, are checked twice a day. The department installed 22 new services during the year. Approximately all hydrants were painted during the year.

In 1959 a contract was awarded for the installation of 3,200 feet of 14" Transite pipe on Wapping Road, starting at South Street to Tura's Corner. During the year, 1,912 feet of pipe was added to the system by developers.

The property owners abutting Sunset Avenue lowered the summer main to a winter main during the year.

In 1959 the department cooperated closely with the State Public Works Department in relocating the main on Pembroke Street railroad bridge project and relocating the pipe at Smith's Lane. Several gate boxes were raised during the year.

A great deal of consideration has been given for increasing the water rates in Kingston. In 1933 the rates were reduced because of the depression and have never been increased. The Water Commissioners have made a start on increases. Effective January 1, 1960 all meter rates have been increased. Other increases will be considered during 1960.

Recommended Projects for 1960

1. Once again we recommend the development of a gravel-packed well and the purchase of necessary equipment; providing a building and installing a pipe line to the main on Summer Street for an additional water supply, in accordance with our recommendation made in the 1957 report and as proposed at the Annual Town Meeting in March, 1958.

2. The extension of the main for approximately 2,000 feet from the proposed well.

3. To continue the study for desirable land for additional wells.

Your Water Department wishes to thank you for your fine cooperation and will continue to strive to progress, realizing that the population in the town of Kingston is increasing.

Respectfully submitted,

EARL S. SAMPSON, *Chairman*
RICHARD W. LORING
RICHARD W. O'BRIEN

Board of Water Commissioners

REPORT OF THE WATERFRONT COMMITTEE

A forty foot section was added to the present launching ramp during the year. In addition a drainage apron was put in to prevent undermining of the ramp. Plans are being formulated to install an additional forty feet to the launching ramp next year.

The condition of the floats was thoroughly checked and the decks painted, thereby placing them in good condition.

Several loads of sand were placed on the bathing beach which was greatly appreciated, especially by the children.

The cooperation of the public in abiding by the parking regulations is appreciated.

We wish to extend our thanks to all who have given their time in assisting our committee.

Respectfully submitted,

CLARENCE R. DREW, *Chairman*
JOHN L. BAILEY
GEORGE B. DREW

Waterfront Committee

REPORT OF THE FISH COMMITTEE

The past year was a quiet one for the Fish Committee. The chief activity was the usual annual cleaning of Furnace Brook.

There was a good run of alewives providing fry for salt water fish in Kingston and Plymouth harbors.

Although we anticipated major repair work on the fish ladder at Sylvia Place Pond outlet, which was to be done in cooperation with the Massachusetts Department of Natural Resources, Division of Marine Fisheries, shortage of state funds necessitated postponement of this work until 1960.

Respectfully submitted,

FRANCIS H. WHITE, *Chairman*
ALBERT H. HOLMES, *Secretary*
OSWALD W. STEWART
Fish Committee

REPORT OF THE DIRECTOR OF THE PLYMOUTH COUNTY EXTENSION SERVICE

The Plymouth County Extension Service, located in the Court House, Brockton, Mass., in cooperation with the University of Massachusetts and the United States Department of Agriculture, supplies information concerning the Home, 4-H Club work and Agriculture to any citizen residing in Plymouth County. Citizens may obtain information by writing to the Plymouth County Extension Service, Court House, Brockton.

The work of the Plymouth County Extension Service has changed greatly through the years. Through its many specialized agents, information pertaining to phases of commercial agriculture, including farm management, production, marketing, and insect and disease control programs, has been provided. This year requests have been received for assistance in controlling or eradicating squirrels, raccoons, skunks, flies, ants and woodticks.

Along with the regular programs, agents in the Home Department have conducted two outstanding meetings of interest to many women in the County; the first was a Home Finance Forum with topics such as Use of Credit, Financing a Home, Insurance and Social Security. The second in cooperation with the Massachusetts Department of Commerce had for its theme "How the Homemaker can Supplement the Family Income."

The Extension Service is supported by the county, state and federal governments. Town Directors are appointed in those towns where an appropriation is made. These Town Directors are unpaid volunteer leaders who serve as the Extension Service representatives in their respective towns.

A Board of Trustees, appointed by the Plymouth County Commissioners, administer the Extension Service program.

Respectfully submitted,

EUGENIA B. TROW,
Director

TOWN OF KINGSTON EDUCATIONAL FUND

Report of the Trustees

The Trustees of the Kingston Educational Fund submit the third Annual Report covering the calendar year 1959.

Income

Balance, January 1, 1959	$1,509.65
Dividends	45.62
Balance, December 31, 1959	$1,555.27

(Deposited in Plymouth Five Cents Savings Bank)

Mr. Phillip S. Cronin's term expired in 1959 and on October 6, 1959, Mr. Cronin was reappointed by the Board of Selectmen for a term of five years.

The Trustees hope that the townspeople and friends of the Town of Kingston will continue to remember this fund so that local young people with financial problems will be able to complete their education. Please remember the fund in your will.

Form of Bequest

I give (and bequeath) to the Educational Fund of the Town of Kingston, a municipal corporation established under the law of Massachusetts, located in the Town of Kingston, Massachusetts, the sum of ..... dollars to be applied to the uses and purposes for which the Trustees are empowered under Chapter 40, Section 3 of the General Laws and under regulations made by the Trustees.

The Trustees are also now prepared to consider applications for aid from eligible students within the rather restricted limits imposed by the funds now available for the purpose.

Regulations and applications are available at the office of the Town Treasurer.

Respectfully submitted,

GEORGE W. CUSHMAN, *Chairman*
PHILLIP S. CRONIN, *Secretary*
LUCY M. STEIN
MITCHELL TOABE
HORACE C. WESTON

PARTIAL PROGRESS REPORT
ELEMENTARY SCHOOL BUILDING ADDITION

While construction of the elementary school addition was in progress, the Elementary School Building Committee with the help of the school administration drew up specifications for furniture and equipment. Bids were opened January 28, 1959 and awards were made in three February meetings. A few additional items were purchased separately by the Committee later in the year as need for them became apparent.

The addition itself was accepted by the Committee as "Substantially completed" on July 15, 1959 and final acceptance was given the general contractor on September 10.

Pupils entered the addition on September 9, 1959, using six of the eight rooms which the Committee had been instructed to build. In a letter of September 14, the Building Committee requested formal acceptance of the addition from the Kingston School Committee with the understanding that the Building Committee still had some equipment to furnish, that there was site development work to be done, and that one percent of the cost of the general contract would be withheld during the one year period of the general contractor's guarantee. The School Committee granted the requested acceptance in a letter of September 16, 1959.

The two committees jointly sponsored an Open House at the addition on Sunday afternoon, October 4.

The Building Committee had specifications drawn for site development work to improve drainage and to provide landscaping for a play area behind the school. Bids were opened October 8, 1959 and a week later the contract was awarded to Wamsutta Construction Co. of Fairhaven, Mass. Part of this work was completed in October but the remainder will not be done until the spring of 1960.

As in previous years the Committee acknowledges valuable assistance from many persons.

Respectfully submitted,

PAUL H. ARMOR, *Chairman*

Winter Term.....January 4 to February 19, 1960
Second Winter Term.....February 29, to April 14, 1960
Spring Term.....April 25 to June 22, 1960
Fall Term.....September 7 to December 23, 1960

In addition to all Legal Holidays, schools will be closed on one day in October for Teachers' Convention, and on the Friday following Thanksgiving.

"NO SCHOOL" announcements will be given by radio on stations WNAC, WBZ, WEEI, WBET and WPLM, between 6:45 and 8:00 a.m., in addition to the fire alarm signals.

REPORT OF THE SCHOOL COMMITTEE

The year 1959 was one of physical change for the Kingston School system. In June we closed the old high school for elementary school use. The Maple Avenue School was also closed for an indefinite period. In September we occupied the new addition to the elementary school so that we now conduct the entire school operation in this modern 20 classroom building. Sincere thanks for this addition is given to the voters of Kingston and to the Building Committee for providing our new addition.

At the request of the Silver Lake School Committee a lease was negotiated for the use of the old high school for the 1959-1960 school years. Briefly, the lessee paid $2800 to the Town of Kingston and maintained its own light, heat, janitorial service, and ordinary repairs. A renewal of this lease is a possibility for 1960-1961. In June of 1959 a 3 year transportation contract was signed with the Plymouth and Brockton Street Railway Company to transport the elementary and high school pupils to the elementary school in Kingston and the high school at Silver Lake. Another contract was made with the Sisters of Divine Providence to transport elementary pupils in Kingston, attending the Sacred Heart School in Kingston.

The teacher turnover in 1959 was extremely light in contrast to the heavy turnover of the previous year. Our staff consists of many experienced teachers which is a healthy academic situation. Our salary schedule is in line with neighboring communities and we are keenly aware of teachers salaries as they pertain to quality. Your committee is always striving to strengthen the teaching staff when replacements are made.

Several changes in teaching techniques were adopted in 1959. Homogeneous grouping continued in grade 6. We are proceeding cautiously in this phase of education to avoid the danger of faster acceleration than the social, emotional, and physical capacities of the pupils permits. Conversational French was introduced into grades 4, 5, and 6 by the process of educational TV. Early reports from the staff are encouraging. A class for exceptional children has been formed by our school union and we are transporting several children each day to Pembroke where the class is held. We are confident that this expense will be justified.

On July 15, Mrs. Jeanette Dickson resigned from the Kingston School Committee when she established her residence in Plymouth. Mrs. Dickson was a hard working and faithful member with a broad educational outlook. Mrs. Edith Cobb was the unanimous choice of the School Committee and the Kingston Board of Selectmen to replace Mrs. Dickson and she began her duties on August 4.

Our school system was again operated during the year in a most efficient manner and we look forward with keen interest to the years ahead in our modern and functional elementary school.

The 1959 expenditures plus the reports of our educational staff together with the 1960 budget will be found on the following pages.

Respectfully submitted,

ORFEO H. SGARZI, *Chairman*

Kingston School Committee

REPORT OF SUPERINTENDENT OF SCHOOLS — 1959

It is a pleasure to submit my twelfth annual report on our school district. Although it has been a busy and in many ways challenging year, indications show that we are making some progress towards a goal of school improvement. With the exception of four sections of grade seven all pupils and teachers are very well housed. This is a first and necessary step towards providing a satisfactory learning situation.

Much planning and research has been done on future needs for school plants. Also, an evaluation program for the Silver Lake Regional High School has been accomplished. The results of these studies will be treated later in this and other reports. Certainly, if recommendations made in these pages are followed, an even stronger school system will emerge.

Our schools are beginning to evidence the results of a unified supervisory staff. The fine arts, physical education, penmanship and special education have all demonstrated the value of co-ordination throughout the twelve grades. A basic objective of operating a four-

town school system with the efficiency of one is definitely beginning to take shape. This was a long-range program and could not be accomplished over night.

We have said before that from four to six years would be necessary to even begin to measure the results of our high school graduates. Our first four-year group graduated in June. Only from this point on, is it fair to assess any changes resulting from our new school program. An attempt will be made to reassess the results of the October evaluation at the high school.

Silver Lake Regional School District

On October 20, 21 and 22 the Silver Lake Regional High School was host to a Visiting Committee from the New England Association of Colleges and Secondary Schools. This group was composed primarily of secondary school personnel from eastern Massachusetts along with representatives from the State Department of Education. Their examination of our school, undertaken with the authorization of the Regional School Committee, marked the culmination of several months of study on the part of the Silver Lake faculty and staff. This evaluation program was designed for the improvement of schools that are members of the regional accrediting organization. In order to retain their rating and membership secondary schools must undergo examination and evaluation every ten years.

We are all aware of the increasingly widespread spirit of competition that exists within society today. This condition is to be found also in the realm of education. Specifically, the quality of students in college today is generally superior as compared to the quality of youngsters enrolled in college in the thirties. This is due to the fact that today colleges have more applicants than yesteryear and hence they can be more critical in the selection of students they wish to admit. Since this competition among students exists in greater measure now than in the past and because the rising population will increase this pressure in the years to come, there is keen competition amongst schools to get their youngsters successfully placed in college. A decade ago it would not have made much difference whether or not a secondary school belonged to an accrediting organization. The accrediting organizations existed at that time, but, they were more fraternal in character than professional. Today, however, when high school transcripts must be furnished for graduates most institutions specifically require the high school to state with what organization they are accredited.

Briefly, then, we have been evaluated so that we can retain membership in our accrediting organization. Without accreditation

it would be increasingly difficult for high school graduates to be admitted into our better colleges. An applicant to a state university or a state teachers college would probably gain admission whether or not his high school was accredited. Due to continued population increase competition of high school graduates to get into college will become more intense, thereby placing greater importance upon the institutional accreditation of a high school. Since we want to maintain our reputation as a first quality secondary school we must not underrate the value of being an accredited organization.

In December the New England Association made available to the School Committee a detailed and comprehensive report of their findings. This report is now under study and will serve as a guide in the next few years for the further improvement of our school. It contains both commendations for things already in existence together with recommendations for improvement.

The Visiting Committee, in an oral report made to the faculty and staff on October 22nd, indicated their findings in a general fashion. The staff was commended for its efforts in the direction of improving the curriculum. Similarly, staff loyalty to the school and the educational welfare of the students was duly noted. The Visiting Committee expressed praise for a well planned and functional school plant. They noted with concern the high rate of teacher turnover that has existed. They commented specifically on the efforts of an efficient custodial staff that has maintained the building in excellent condition since its erection. The need for more classrooms was stressed.

By way of summary it is fair to say that the New England Association found Silver Lake to be fundamentally good, that as an institution it was going forward, and that it had had to overcome many problems since opening in 1955 that have been indigenous to the development of the regional school within the Commonwealth.

Another phase of real progress at Silver Lake has been in the realm of students furthering their education following graduation. For purposes of accuracy this study covered three specific areas: students going on to a four year college, those going on to a two year junior college and those taking the three year course in professional nursing. This study has embraced an eight year period covering the graduates of the last four years that the Kingston and Pembroke High Schools were in operation, together with the graduates of the first four years Silver Lake has operated. The trend is both unmistakeably clear and encouraging.

Averaging the graduates of Kingston and Pembroke High Schools together for the years 1952 through 1955 the figures indicate that

twenty-seven per cent of the graduates furthered their education in the three areas mentioned earlier. It is worthy of note that there was no significant difference percentagewise between the record of Kingston graduates as compared with those from Pembroke.

In 1958, the first year that Silver Lake was in operation, there were ninety graduates. Twenty-nine members or thirty-two percent continued their education in these areas. It is interesting to compare this figure with the thirty-three percent which represents the average for all high schools within the Commonwealth for the same year. For the past three years, 1957, 1958 and 1959 respectively, about thirty-nine percent of our graduates have gone on to further their education in the three areas included in the scope of this study. For secondary education within the four towns of our community this is a heartening sign of growth and progress.

This past summer another link in our school program was added, namely a Summer School operated jointly by the School District and the Massachusetts University Extension Service. It was a most profitable program for the 200-odd pupils enrolled for makeup work and for courses not available during the regular school year. This is a program that needs to be continued and enlarged — with even greater enrollments expected in future years. It is an invaluable opportunity to help pupils absent because of illness or to take advanced courses allowing for advanced college placement.

A very successful evening program for adults was carried on during the past year also. One of the features especially aided those women wishing to qualify for state licenses as practical nurses. Both of these summer and evening programs secured maximum aid from the State Department of Education. They also make it possible to get maximum value from our large and expensive school plant. A program that allows for day, night, and summer usage certainly is a true asset to the district.

Vocational School

Vocational education at Silver Lake in 1959 has shown steady progress while at the same time showing the emergence of new patterns that may change the organizational structure of several departments in the near future. Progress is synonymous with purposeful activity and in the vocational division much activity has marked the program this past year.

In June our Carpentry classes finished their second house, a five-room Cape style in Halifax and have started a third project, a three-bedroom ranch style in the Ah-De-Nah section of Kingston.

Each project has presented a different set of problems, thus providing our present senior division, for example, with a varied and vocationally profitable three years of actual trade training. We are most appreciative of the opportunity afforded our students by the owners of these houses. Ours is the responsibility of the contract while the owner must have the confidence in our program to risk so much to provide our learning opportunity. For this we are grateful.

While the carpentry type of project is more spectacular, the work being done every day in the other departments is no less vital and practical. The Automotive Department continues to grow and expand its program to meet the annual changes in automotive engineering. Of particular interest are three new areas of training: wheel alignment and balancing, power units, and automatic transmissions which have been added to our already complete related or theory study units. Agriculture had its largest freshman class in several years, and shows renewed interest in farm related activities. I refer particularly to the Future Farmers of America program which has brought our students into many worthwhile related activities such as judging, public speaking, and several projects in cooperation with organized farm groups in the area.

The girls Home Economics program deserves restudy in the light of a trend which seems to be developing. Orginally intended for grades 9 and 10 to form a basis for a combination general course and general commercial combination, the program has not shown the growth for this age group that was hoped. Some consideration has been given, with the approval of the State Supervisor, to the placement of this program at the grades 11 and 12 level. Such a transition would have to be gradual and take several years to achieve and still longer to measure its effectiveness. It is our thought that more mature girls will find in the program the type of training they will need as future homemakers. During the transition it may be possible to temporarily open this program to non-vocational classes should the interest exist.

Along with growth new patterns of educational philosophy develop. Two changes are being considered by our vocational faculty. The first is to make the Carpentry and Automotive programs three year courses instead of the present four. The second is to provide pre-vocational training in the academic course in the regular high school for grade 9. Such a change would improve the academic background of vocational candidates and provide a more concentrated program of trade training at a more mature level. Boys in the ninth grade will have an opportunity to consider more carefully the choice of vocational or academic course as well as which vocational course

to follow. Such a choice comes too soon for many eighth graders. At the vocational level, experience has also shown that three years is long enough to cover the terminal vocational training required for either Carpentry or Automotive.

An important by-product of such a change could be larger classes from each of the three grades, since only three grades would be providing the same total enrollment presently divided amongst four grades.

A survey of last year's graduates makes interesting reading. In Carpentry, with eight graduates, four are in the service, three employed in the trade, and one employed in a non-related occupation. Automotive, with ten graduates, shows six in the service, three in the trade, and one unknown. Of the three agriculture graduates, two are at the University of Massachusetts, one is employed in specialized farm work. The armed forces still prevents a more complete evaluation of the effectiveness of our programs but what figures are available are quite encouraging.

At this time we would like to restate our conviction that the vocational program is a most vital part of the educational opportunity provided at Silver Lake. Contrary to what many uninformed critics of vocational education may think, this type of practical terminal training is meeting the needs of more and more American youngsters in America's newer comprehensive high schools. In addition, as at Silver Lake, it is being tied more closely with the academic program. Our recent evaluation statistics showed that more students are in need of this terminal type of education than need preparation for college. Our present offerings won't begin to provide opportunities for these members. The determination of what can be provided for the general student to make his high school program more meaningful is one of the most pressing problems to be faced in the near future. More, rather than less, vocational training is needed for these youngsters, but how or what type remains to be determined. The term "vocational" as used above does not limit the scope of such a program to the vocational school. Some practical training courses, such as now carried in Office Practice, may well be included in the academic school program. Of prime importance is the recognition of the need for more rather than less terminal education and training for the non-college student.

Elementary School

For the first time since 1953, the Kingston Elementary School is again housed under one roof. The eight new classrooms, with their

pastel color scheme and overhead plastic domes, provide a delightful and well-lighted place in which to study. The movable storage units and wardrobes make it possible to have many kinds of room arrangements, thus keeping the learning situation flexible. The restrooms, between every two rooms, serve to keep hall traffic at a minimum. Everything the pupil or teacher needs is right there in the self-contained classroom.

The new all-purpose room gives us freedom to use it all day long without having to release it for a two hour period for lunchroom purposes. With eighteen classrooms in operation we now have adequate space for our physical education program, films, and all kinds of educational assemblies. The excellent stage provides a spot appropriate for many types of dramatic and musical presentations. Also, we can expand our athletic activities. Sixth grade girls and boys now find it possible to practice basketball after school so that they may compete in games with the other towns in our union.

The building committee planned wisely in adding such a practical as well as attractive wing to the former building. It is very much in keeping with the older part so that the whole building is one unit rather than a new unit and an old one.

It is interesting to note the changes that have taken place since we first entered the Elementary School in 1950.

1. Important new teaching aids have been added to the system. The building committee purchased an opaque projector, a new filmstrip machine, a light weight tape recorder and two television sets for us. The School Committee has also supplied us with a set and the P.T.A. presented us with one last year.

   a. To train teachers in the use of audio visual aids material a course was conducted by Mr. John Kent, assistant principal of Pembroke. The majority of our teachers participated and they derived a great deal from this course.

2. Teaching by television is now a reality. Kingston is participating in the "21" classroom". Grades 4, 5 and 6 receive French instruction twice a week with a foreign language specialist teaching via television. This worthwhile program is filling a recognized need in our country for more people who can talk with our neighbors across the sea. Other programs being viewed are music by grade 2, literature by grades 3 and 4, natural science by grade 5 and physical science by grade 6.

While T. V. is still in an experimental stage and while it will never take the place of a teacher, it does bring to us excellent instructors who help make education part of modern every day living rather than something apart to be left at school with the ringing of the dismissal bell.

3. In September 1950 we were using eleven classrooms and our staff consisted of eleven teachers, a part-time nurse shared with the former Kingston High School, a teaching principal, and a supervisor in art, music and handwriting.

   In September 1959, eighteen classrooms were in operation with a staff of eighteen teachers, a part-time nurse no longer shared with the High School, an audio-visual aids coordinator, an assistant principal, a full-time principal, a supervisor in art, vocal music, instrumental music, handwriting, Audubon science and two in physical education.

   Perhaps in the near future, we may be able to add a remedial reading instructor to our system, one who can help youngsters who are capable but, who, for some reason or other, have found reading difficult and need concentrated individual attention. We already have a room ready for such a purpose.

4. Three of our children have the privilege of attending the special class for the union at Pembroke. With proper guidance these youngsters should be working up to capacity. It may be that this class will use one of the rooms at Kingston Elementary next fall.

Teacher Changes: Home duties made it necessary for Mrs. Hall of grade one and Mrs. Chandler of grade four to leave the profession. Mrs. Peterson, grade two, resigned in October to join her husband in Germany and Miss Rachel West, grade three, was married and went to live and teach in Boylston. Mrs. Mary Venti left grade six to teach in Hanover Junior High School and Mrs. Olive Hasson resigned as music supervisor to teach at Silver Lake.

We were fortunate to find capable replacements for these people and to have had thirteen of our former teachers return. The core of people who remain year after year help keep the school system stable and secure.

In order for any school to function efficiently it is necessary for faculty and administrative staff to work in harmony. Effective teamwork with consideration and cooperation on the part of all concerned, has produced an atmosphere conducive to happy learning.

Art

With the realization that art is a medium through which understanding and cooperative attitudes may be instilled in young people, we have been aiming at promoting good will, understanding, and the development of new insights in the field of Art.

With this in mind, trips were made during the year by the Art classes to the Rhode Island School of Design, Massachusetts College of Art, and to the Boston Globe Scholastic Art Awards Art Exhibit at Boston University. These trips were also helpful in making plans for a future art festival at the high school that will include grades one through twelve.

Success has been achieved again this year by the students at the high school in the Scholastic Art Award Show with the work of five people being shown in Boston, in the Regional exhibit, and the work of three going on to the national show in New York City.

We are pleased with the fact that the Boston Globe decided to use our art students as subjects for their advanced publicity of the Scholastic Show of which they are sponsors of the regional judging. One of our students, a senior from Halifax, William Walker, was used on the color cover of the magazine section, displaying "Space Modulators".

The elementary art program has broadened to embrace all the schools within the district. To insure that the program remains valid, the present curriculum is under study. It is hoped that such work will keep the program strong and vital.

Music

The past year has seen changes and further advancements in music in our four towns and the Regional High School. Our Elementary Vocal Music program is progressing very smoothly. Mrs. JoAnn Fox, teaching Elementary Vocal Music, has replaced Mrs. Olive Hasson who has become a language teacher at the Junior High School.

Approximately 30 to 35 new students start Instrumental training every year at Kingston and Pembroke Elementary Schools and 10 to 15 at Plympton and Halifax Schools along with the students who are 2nd and 3rd year players. The main problem in Instrumental Education today is the fall out at the Junior and Senior High level due to a problem in time scheduling. We hope to solve this problem this coming September by the improvement of our basic program at this level.

This past year the Band performed at all football games, many rallies and assemblies at the School, as well as performing in the Annual Spring Music Festival. Many parades in and out of town have given Silver Lake added prestige and an "Esprit de Corps" so necessary to our Music Department.

Orchestra members and Chorus members also play an important part in the over-all picture of our integrated system that serves the towns as well as the individual pupils. Silver Lake has been well represented at many outside levels of musical activities. Southeastern Massachusetts District Concert Band, Orchestra and Chorus held at Mansfield, Southeastern Massachusetts School Bandmasters Association concert held at Sharon and the All-State concert held at Hyannis all saw many students represented from Silver Lake on the roster.

During the 1959-1960 school year our music supervisor, acting as chorus manager of the Southeastern Massachusetts District concert to be held next spring in Weymouth and as president of the Southeastern Massachusetts School Bandmasters Association concert which will be held at Silver Lake, has an unusual opportunity to stimulate the students from our four towns and to encourage growth in MUSIC, one of the great fields of education.

Physical Education

Neilson and Van Hagen in *Physical Education for Elementary Schools* states that "Play is nature's method of educating the child."

The values of physical education should never be minimized. There is more to a physical education program than body development and exercise. Today the physical education activities are a means toward educating children in a wide variety of interest and attitudes.

One of the primary aims in elementary physical education is to capture the interest and enthusiasm of the boys and girls by a varied program. The program is designed to introduce many new types of play and also to encourage the students in the usual team sports that are so popular in the high school curriculum. The child has an opportunity to use his imagination and knowledge of music and dramatic expression through the planned program.

A child's muscular coordination effects the emotional and social attitude of the child. The purpose of the physical education program is manifold—the most important factor being that each child has a pleasant and happy association with the physical education program which should ultimately prepare him to enjoy the leisure which comes in the early teens and later.

Health

The health clinic at Silver Lake Regional School continues the routine examinations of approximately 1200 upper-grade pupils. Over the past year, less than a dozen notices of defects, out of the many sent to homes, were not productive of corrections. The health officers are most appreciative of the excellent cooperation they have had from the families notified in helping establish this excellent follow-up record.

Our health program at Kingston Elementary School remains fairly routine with all eyes, ears and teeth checked annually and physical examinations for all first and fourth grades. Services of the Brockton Crippled Children's Clinic, Mental Health Clinic, and Massachusetts Eye and Ear Infirmary have been utilized. Dental Clinic operates twice weekly. Now with a psychologist's services, we are in a position to cope with any school health problem.

In Conclusion

May I express my thanks to Mr. Moran, Mr. Silvester, Miss DiMarzio, Mr. Andrews, Mr. Chouinard, Mr. Pierce, Mrs. Peterson, and Mrs. Felt who have helped make this report possible.

Respectfully submitted,

CHESTER T. RAY,
Superintendent of Schools.

To the Citizens of the Silver Lake Regional School District:

Continued growth in the Regional District has made space our principal problem. This past September, it became necessary to find additional space for students of the Silver Lake Regional High School. Four classrooms in the former Kingston High School were leased from the Kingston School Committee to house four of our seventh grades. An additional two rooms will be needed in September 1960 with consideration being given to the Maple Avenue School in Kingston to solve this problem for another year.

A Study Committee comprised of Regional Committee members as well as appointees from the member towns made a study of our space needs this past year. Its report submitted on October 1, 1959 covers many aspects of our needs and recommends an addition to the present plant. This addition is conceived as being built in three separate steps with the ultimate goal of a separate Junior High School of seventh, eighth, and ninth grades complete in about 1970. There will be separate Articles to be considered at the Annual Town Meetings of each of the member towns in regard to this addition. Your Regional Committee believes this addition to be the best solution to our space needs both educationally and economically, and sincerely hopes that you will vote favorably at the Annual Town Meeting. Favorable action on this addition would make it available for use in September 1962.

It has been of considerable concern to many Committee members for some time that high school is terminal education for about 60% of the students. At the opening of school this past fall, a General Course was instituted at Silver Lake. More courses are directed toward this group of students who are not college bound. We believe the introduction of this General Course will tend to make better and more intelligent citizens in the community.

An evaluation committee from the New England Association of Secondary Schools and Colleges visited Silver Lake this past October to study its functions and accomplishments. Its written report is expected momentarily with comments and recommendations. This report will be used by this and future Regional Committees to guide them in their decisions for the improvement of Silver Lake.

We, on the Regional Committee, wish to recognize at this time the splendid cooperation we have received this past year from our Superintendent and teachers. Mr. Silvester has been with us only a year as Principal but already his influence and direction is most evident. We feel most fortunate in having such an industrious and capable administrator here at Silver Lake.

Your Committee wishes especially at this time to thank the Selectmen and Finance Committee members of the towns for their cooperation and help during the past year.

Following you will find reports of our administration. Included also are the financial reports and budgets of the Silver Lake Reg-

ional School District. We hope that you will find time to read and study these reports so that you may better understand its operations.

Silver Lake Regional School District

REPORT OF THE TREASURER AND ACCOUNTING OFFICER

In accordance with Section 4 of Article 4, Regional School District Finances, we present herewith a detailed statement of the receipts and expenditures of the Silver Lake Regional School District for the fiscal year ending December 31, 1959, and the methods by which the annual charges assessed each town for 1960 were computed.

GEORGE W. CUSHMAN, Treasurer
FRANCIS M. MORAN, Accounting Officer

TOWN OF KINGSTON

MASSACHUSETTS

REPORT and RECOMMENDATIONS

OF THE

FINANCE COMMITTEE

TO THE

ANNUAL TOWN MEETING

1960

Together with a Copy of the Warrant Articles

and Accompanying Recommendations

REPORT AND RECOMMENDATIONS OF THE FINANCE COMMITTEE

To the Citizens of Kingston:

The cost of operating our town is increasing. This problem is not ours alone, it is facing every municipality in the Commonwealth. Your Finance Committee has endeavored to act on the various requests for funds in a manner which would maintain the efficiency of our several town departments, allow for progress, and maintain a tax rate we could live with.

The budget as recommended is up $56,000.00 over last year of which $47,532.00 is due to the increased cost of operating our schools. Our share of the Regional High School cost is up $34,419.00 and the Elementary School budget is up $13,113.00. Over one-half of the increase is due to salary increases resulting from an increase in the minimum salary as enacted by the State Legislature. The cost of our schools this year, including both operating expenses and bond payments, is $425,490.00, which is approximately 57% of our total operating budget. The high cost of education effects every one of us and should inspire every person in town to take an active interest in those who attend our schools; those who teach in them, those who administer them, and those who pay for them. Only by so doing can we begin to understand where our tax dollar is going.

The special articles were considered with great care. Although we are faced with an increase in our tax rate, we cannot stand still—neither can we go backwards. If we do not continue programs of progress and act favorably on them, it will be a long time before we can hope to catch up. The recommendations of favorable action will keep Kingston moving ahead.

We wish to thank all departments and committees for their cooperation during the past year. We have been provided with the information needed and asked for. As a result we are better able to give the citizens of the town a fair and honest opinion of the various budgets and articles submitted to us for our recommendations.

We hope the tax payers will exercise their privilege of expressing their opinions and will attend town meeting to do so.

Respectfully submitted,

NORMAN C. STEERE, *Chairman*
MANDO J. ALDROVANDI, *Vice Chairman*
ROBERT T. WARD, *Secretary*
ALF C. LOOTZ
NICHOLAS E. ZINSIUS

*Includes Balance January 1, 1959, plus transfers from Reserve and refunds.
†Includes payments from balance carried forward.

Article 6. To see if the town will authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1960, and to issue a note or notes as may be given for a period of less than one year.

Recommend Favorable Action.

Article 7. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Construction and transfer the unexpended balance from the Proceeds of Chapter 718. Acts of 1956 now in the account Relocation of Water Main on Pembroke Street Bridge to help meet said appropriation.

Recommend Favorable Action — Not to exceed $3,016.43 by Tax Levy.

Article 8. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Maintenance, or take any action relative thereto.

Recommend Favorable Action — Not to exceed $1,000 by Tax Levy.

Article 9. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a vehicle to be used as a cruiser-ambulance by the Police Department, and authorize the Selectmen to turn in the present 1958 Plymouth cruiser-ambulance now owned by the Police Department, and apply the allowance thereof to the purchase price of the new vehicle.

Recommend Favorable Action — Not to exceed $2,500 by Tax Levy.

Article 10. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money to be added to the balance in the account Town House Alterations, for the purpose of continuing improvements in the Town House; said work to be under the supervision of the Selectmen.

Recommend No Action.

Article 11. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a rescue boat and appurtenances for the use of the Fire Department.

Recommend Favorable Action — Not to exceed $1,500 by Tax Levy.

Article 12. To see if the town will vote to accept the generous bequest made to the inhabitants of the town by the late Elizabeth B. Sampson of Kingston, or take any action relative thereto.
Recommend Favorable Action.

Article 13. To see if the town will vote to accept the legislative act establishing the Elizabeth B. Sampson Memorial Fund in the town of Kingston which provides for the administration thereof, or take any action relative thereto.
Recommend Favorable Action.

Article 14. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the reconstruction of a portion of Grove Street beginning at a point easterly of the Jones River culvert and running in an easterly direction for a distance of approximately 2300 feet, more or less.
Recommend No Action.

Article 15. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the reconstruction of a portion of Howland's Lane beginning at a point near the railroad bridge northerly to a point near East Avenue, a distance of 1600 feet, more or less.
Recommend Favorable Action — Not to exceed $5,000 by Tax Levy.

Article 16. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the construction of a building for the Tree and Moth Departments to be located on the town owned lot on Evergreen Street; said work to be under the supervision of the Selectmen and the Tree Warden.
Recommend No Action.

Article 17. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for necessary repairs to the town-owned building formerly known as the Grange Hall, and for engaging professional advice for preparing comprehensive plans for the reconstruction of said building.
Recommend Favorable Action — Not to exceed $1,000 by Tax Levy and to be used for repairs only.

Article 18. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a hydraulic sprayer to be used by the Moth Department, and authorize the Selectmen to dispose of the Fitz-Henry Guptill machine now owned by the Moth Department.
Recommend Favorable Action — Not to exceed $2,800 by Tax Levy.

Article 19. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the payment of certain unpaid bills of prior years.
Recommend Favorable Action — Not to exceed $500 by Tax Levy.

Article 20. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purpose of extending a water main not less than 6" in diameter to the town dump.
Recommend No Action.

Article 21. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money to purchase for municipal purposes the land and building thereon situated on the easterly side of Summer Street in the center of town and known as the Kingston Railroad Station.
Recommend Favorable Action — Not to exceed $12,500 by Tax Levy.

Article 22. To see if the town will vote to authorize the Planning Board to make a study of the building, wiring and plumbing codes and to submit a report of their findings at the annual town meeting in March, 1961.
Recommend Favorable Action.

Article 23. To see if the town will vote to raise and appropriate a sum of money for the purpose of installing a gravel-packed well on a parcel of land purchased from George Havey and for installing and housing the necessary pump, equipment, pipe, fittings and appurtenances and to connect the pipe-line to the main on Summer Street for the new gravel-packed well on the Havey property, so called, off Winthrop Street; and to determine whether the money needed should be raised by taxation or transferred from other available funds in the treasury, by appropriation or by borrowing under authority of Chapter 44 of the General Laws, or take any action relative thereto.
Recommend No Action.

Article 24. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purpose of laying a water main not less than 6 inches in diameter on Winthrop Street from the proposed well for a distance of approximately 2000 feet toward Brookdale Street.

Recommend No Action.

Article 25. To see if the town will vote to raise and appropriate the sum of $5,000 for the purpose of adding to the present appropriation for "Additional Wells" and to meet the said appropriation to transfer the following unexpended balances: Purchase of Land — Havey et als $505.01; Replacement of Main on Maple Street to Landing Road $315.56; Truck and Attachments, $353.28; Reconditioning Hydro-Turbine $1,169.72 and the sum of $2,656.43 shall be raised by taxation, or take any action relative thereto.

Recommend Favorable Action — Not to exceed $2,656.43 by Tax Levy.

Article 26. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a compressor, and authorize the Board of Water Commissioners to turn in the present compressor now owned by the Water Department and apply the allowance thereof to the purchase price of the new compressor.

Recommend No Action.

Article 27. To see if the town will vote to raise and appropriate a sum of money for the purpose of replacing the present water main along Rocky Nook Avenue from West Street to East Avenue with a main not less than 6 inches in diameter, or take any action relative thereto.

Recommend No Action.

Article 28. To see if the town will vote to raise and appropriate a sum of money for the purpose of replacing the present water main on River Street with a larger main, and to determine whether the money needed should be raised by taxation or transferred from other available funds in the treasury, by appropriation or by borrowing under the authority of Chapter 44 of the General Laws, or take any action relative thereto.

Recommend Favorable Action — Not to exceed $16,000 by Tax Levy.

Article 29. To see if the town will authorize the Selectmen to grant insofar as they may have the right to do so, to the Commonwealth of Massachusetts, Department of Public Works, releases of certain land takings by the Commonwealth in connection with the 1958 State highway layout.

Recommend Favorable Action.

Article 30. To see if the voters of the town of Kingston will authorize the Selectmen to grant insofar as they may have the right to do so, to the Plymouth County Electric Company and the New England Telephone and Telegraph Company, the perpetual and exclusive easement right to construct, operate and maintain electric distribution and telephone lines with all equipment and appurtenances deemed necessary therefore over, across and upon a certain parcel of land in which the town may have an interest, namely, the parcel of town land from Second Brook also known as Smelt Pond Road, easterly to the site of the Kingston Elementary School, and shown on the Kingston Assessors plan as Lots 138-A and 2-A of Blocks 10 and 11; said request being necessary to furnish additional and adequate utility services to the existing building units of the Kingston School Department.

Recommend Favorable Action.

Article 31. To see if the town will vote to adopt by-laws governing the conduct of the Town Landing.

Recommend Favorable Action.

Article 32. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purpose of constructing and equipping an outdoor basketball court on the Captain Fred L. Bailey Playground.

Recommend Favorable Action — Not to exceed $1,400 by Tax Levy.

Article 33. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purpose of installing a water main not less than 6 inches in diameter, on Maple Street and a portion of Spruce Street in the Rocky Nook section of Kingston, for a distance of approximately 600 feet more or less. (By Petition.)

Recommend No Action.

Article 34. To see if the town will vote to accept the ways now known as Maple Street in the Rocky Nook section of Kingston beginning on the northerly side of Atwood Street and continuing to Spruce Street, a distance of approximately 420 feet, more or less and to be re-named Alden Street; and that portion of Spruce Street, beginning at the southeasterly corner of Spruce Street and Alden Street and continuing in an easterly direction to Delano Avenue, a distance of approximately 146 feet, more or less, both as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof and for acquiring titles. (By Petition.)
Recommend No Action.

Article 35. To see if the town will vote to accept the way known as Gray Avenue beginning at Smith's Lane and running to a private street known as South Gray Avenue, for a distance of approximately 640 feet, more or less, as laid out by the Selectmen, a plan thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof and for acquiring titles. (By Petition.)
Recommend Favorable Action — Not to exceed $1,500 by Tax Levy.

Article 36. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury a sum of money for the installation of a water main on West Street, beginning at Wapping Road and continuing to the town line. (By Petition.)
Recommend No Action.

Article 37. To see if the town will vote to accept the way beginning at the end of the present layout, and as shown on Plan of Smelt Pond Road, leading from Brook Street toward Second Brook, and accepted by the Town on March 12, 1945, to the property of Francis M. Moran et ux, a distance of approximately 800 feet, more or less, as laid out by the Selectmen, a plan thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof and for acquiring titles. (By Petition.)
Recommend No Action.

Article 38. To see if the town will vote to raise and appropriate a sum of money for the purpose of installing a water main, not less than 6 inches in diameter on Braunecker Avenue, beginning at Smith's Lane, for a distance of approximately 600 feet, more or less. By Petition.
Recommend Favorable Action — Not to exceed $3,000 by Tax Levy.

Article 39. To see if the town will vote to accept the way known as Braunecker Avenue, beginning on the southerly side of Smith's Lane and continuing in a southeasterly direction for a distance of approximately 600 feet more or less, as laid out by the Selectmen, a plan thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof and for acquiring titles. By Petition.
Recommend Favorable Action — Not to exceed $2,300 by Tax Levy.

Article 40. To see if the town will vote that the following appropriation balances be closed out to Surplus Revenue:

Police — New Cruiser Ambulance	$37.65
Fire — Additional Fire Alarm	1.07
Purchase of New Fire Engine	90.35
Highways — Automatic Sander	58.27
Highway Construction:	
Loring Avenue and Arrow Street	144.27
Wharf Lane	252.81
Grove Street	.09
Smith's Lane	4.15
Water	
Forest and Improvement Work on Walter H. Faunce Memorial Grant	$0.40

Recommend Favorable Action.

Article 41. To see if the town will vote that a sum of money now available in Free Cash, be appropriated for the use of the Assessors in the reduction of the tax levy.
Recommend Favorable Action.

TOWN OF KINGSTON

COMMONWEALTH OF MASSACHUSETTS

SPECIAL TOWN MEETING

Article 1. To see if the Town will vote to approve the action of the Silver Lake Regional School District Committee whereby it was voted that the sum of $440,000. be and hereby is appropriated for the purpose of constructing and originally equipping and furnishing an addition to the Silver Lake Regional High School and that to meet said appropriation there be and hereby is authorized, under and pursuant to the provisions of General Laws, (Ter. Ed.) Chapter 71, Section 16, Clause (d), as amended, and to the Agreement, as amended, pursuant to which this Regional School District was established, but subject to approval by the Emergency Finance Board, the incurring of debt on the full faith and credit of this Regional School District by the issue and sale, at one time or from time to time, of its interest bearing, coupon, serial bonds aggregating $440,000. in principal amount, said bonds to be payable over such period (not to exceed 20 years from their date), to be dated at such date, to bear such rate of interest, to mature in such annual installments and to be otherwise in such form, subject to applicable provisions of law and not inconsistent with this vote, as shall be determined by the Treasurer.

Comment to be made at Town Meeting.

TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS

Plymouth, ss. Greeting:

To either of the Constables of the Town of Kingston in the County of Plymouth:

In the name of the Commonwealth you are hereby directed to notify and warn the inhabitants of said Town who are qualified to vote in elections and in Town affairs to meet at the Town House on

SATURDAY, the TWELFTH DAY OF MARCH NEXT, 1960

for the following purposes, viz:

Article 1. To choose all necessary Town Officials, the following officers are to be chosen on one ballot — viz: A Moderator, a Town Clerk, a Treasurer, Two Constables, a Tree Warden, one member of the School Committee, all for one year. One Selectman, one Assessor, one member of the Board of Public Welfare, two members of the School Committee, two Trustees of the Frederic C. Adams Public Library, one member of the Park Commission, one member of the Playground Commission, one Water Commissioner, all for three years. One member of the Planning Board for five years.

Article 2. At the close of the Election and after the announcement of the results of the election, the meeting will stand adjourned until the nineteenth day of March, following, at one o'clock p.m. in the Reed Community Building, when such officers as are to be nominated from the floor will be chosen.

Article 3. To hear and act upon the reports of the Town Officers.

Article 4. To fix the salaries of elected officers.

Article 5. To raise and appropriate such sums of money as may be necessary to defray town charges.

Article 6. To see if the town will authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1960, and to issue a note or notes as may be given for a period of less than one year.

Article 7. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Construction and transfer the unexpended balance from the Proceeds of Chapter 718, Acts of 1956 now in the account Relocation of Water Main on Pembroke Street Bridge to help meet said appropriation.

Article 8. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Maintenance, or take any action relative thereto.

Article 9. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a vehicle to be used as a cruiser-ambulance by the Police Department, and authorize the Selectmen to turn in the present 1958 Plymouth cruiser-ambulance now owned by the Police Department, and apply the allowance thereof to the purchase price of the new vehicle.

Article 10. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money to be added to the balance in the account Town House Alterations, for the purpose of continuing improvements in the Town House; said work to be under the supervision of the Selectmen.

Article 11. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a rescue boat and appurtenances for the use of the Fire Department.

Article 12. To see if the town will vote to accept the generous bequest made to the inhabitants of the town by the late Elizabeth B. Sampson of Kingston, or take any action relative thereto.

Article 13. To see if the town will vote to accept the legislative act establishing the Elizabeth B. Sampson Memorial Fund in the town of Kingston which provides for the administration thereof, or take any action relative thereto.

Article 14. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the reconstruction of a portion of Grove Street beginning at a point easterly of the Jones River culvert and running in an easterly direction for a distance of approximately 2300 feet, more or less.

Article 15. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the reconstruction of a portion of Howland's Lane beginning at a point near the railroad bridge northerly to a point near East Avenue, a distance of 1600 feet, more or less.

Article 16. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the construction of a building for the Tree and Moth Departments to be located on the town owned lot on Evergreen Street; said work to be under the supervision of the Selectmen and the Tree Warden.

Article 17. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for necessary repairs to the town-owned building formerly known as the Grange Hall, and for engaging professional advice for preparing comprehensive plans for the reconstruction of said building.

Article 18. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a hydraulic sprayer to be used by the Moth Department, and authorize the Selectmen to dispose of the Fitz-Henry Guptill machine now owned by the Moth Department.

Article 19. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the payment of certain unpaid bills of prior years.

Article 20. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purpose of extending a water main not less than 6" in diameter to the town dump.

Article 21. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money to purchase for municipal purposes the land and building thereon situated on the easterly side of Summer Street in the center of town and known as the Kingston Railroad Station.

Article 22. To see if the town will vote to authorize the Planning Board to make a study of the building, wiring and plumbing codes and to submit a report of their findings at the annual town meeting in March, 1961.

Article 23. To see if the town will vote to raise and appropriate a sum of money for the purpose of installing a gravel-packed well on a parcel of land purchased from George Havey and for installing and housing the necessary pump, equipment, pipe, fittings and appurtenances and to connect the pipe-line to the main on Summer Street for the new gravel-packed well on the Havey property, so called, off Winthrop Street; and to determine whether the money needed should be raised by taxation or transferred from other available funds in the treasury, by appropriation or by borrowing under authority of Chapter 44 of the General Laws, or take any action relative thereto.

Article 24. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purpose of laying a water main not less than 6 inches in diameter on Winthrop Street from the proposed well for a distance of approximately 2000 feet toward Brookdale Street.

Article 25. To see if the town will vote to raise and appropriate the sum of $5,000 for the purpose of adding to the present appropriation for "Additional Wells" and to meet the said appropriation to transfer the following unexpended balances: Purchase of Land — Havey et als $505.01; Replacement of Main on Maple Street to Landing Road $315.56; Truck and Attachments, $353.28; Reconditioning Hydro-Turbine $1,169.72 and the sum of $2,656.43 shall be raised by taxation, or take any action relative thereto.

Article 26. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a compressor, and authorize the Board of Water Commissioners to turn in the present compressor now owned by the Water Department and apply the allowance thereof to the purchase price of the new compressor.

Article 27. To see if the town will vote to raise and appropriate a sum of money for the purpose of replacing the present water main along Rocky Nook Avenue from West Street to East Avenue with a main not less than 6 inches in diameter, or take any action relative thereto.

Article 28. To see if the town will vote to raise and appropriate a sum of money for the purpose of replacing the present water main on River Street with a larger main, and to determine whether the money needed should be raised by taxation or transferred from other available funds in the treasury, by appropriation or by borrowing under the authority of Chapter 44 of the General Laws, or take any action relative thereto.

Article 29. To see if the town will authorize the Selectmen to grant insofar as they may have the right to do so, to the Commonwealth of Massachusetts, Department of Public Works, releases of certain land takings by the Commonwealth in connection with the 1958 State highway layout.

Article 30. To see if the voters of the town of Kingston will authorize the Selectmen to grant insofar as they may have the right to do so, to the Plymouth County Electric Company and the New England Telephone and Telegraph Company, the perpetual and

exclusive easement right to construct, operate and maintain electric distribution and telephone lines with all equipment and appurtenances deemed necessary therefore over, across and upon a certain parcel of land in which the town may have an interest, namely, the parcel of town land from Second Brook also known as Smelt Pond Road, easterly to the site of the Kingston Elementary School, and shown on the Kingston Assessors plan as Lots 138-A and 2-A of Blocks 10 and 11; said request being necessary to furnish additional and adequate utility services to the existing building units of the Kingston School Department.

Article 31. To see if the town will vote to adopt by-laws governing the conduct of the Town Landing.

Article 32. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purpose of constructing and equipping an outdoor basketball court on the Captain Fred L. Bailey Playground.

Article 33. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purpose of installing a water main not less than 6 inches in diameter, on Maple Street and a portion of Spruce Street in the Rocky Nook section of Kingston, for a distance of approximately 600 feet more or less. (By Petition.)

Article 34. To see if the town will vote to accept the ways now known as Maple Street in the Rocky Nook section of Kingston beginning on the northerly side of Atwood Street and continuing to Spruce Street, a distance of approximately 420 feet, more or less and to be re-named Alden Street; and that portion of Spruce Street, beginning at the southeasterly corner of Spruce Street and Alden Street and continuing in an easterly direction to Delano Avenue, a distance of approximately 146 feet, more or less, both as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof and for acquiring titles. (By Petition.)

Article 35. To see if the town will vote to accept the way known as Gray Avenue beginning at Smith's Lane and running to a private street known as South Gray Avenue, for a distance of approximately 640 feet, more or less, as laid out by the Selectmen, a plan thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from

unappropriated available funds in the treasury, a sum of money for the construction thereof and for acquiring titles. (By Petition.)

Article 36. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury a sum of money for the installation of a water main on West Street, beginning at Wapping Road and continuing to the town line. (By Petition.)

Article 37. To see if the town will vote to accept the way beginning at the end of the present layout, and as shown on Plan of Smelt Pond Road, leading from Brook Street toward Second Brook, and accepted by the Town on March 12, 1945, to the property of Francis M. Moran et ux, a distance of approximately 800 feet, more or less, as laid out by the Selectmen, a plan thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof and for acquiring titles. (By Petition.)

Article 38. To see if the town will vote to raise and appropriate a sum of money for the purpose of installing a water main, not less than 6 inches in diameter on Braunecker Avenue, beginning at Smith's Lane, for a distance of approximately 600 feet, more or less. (By Petition.)

Article 39. To see if the town will vote to accept the way known as Braunecker Avenue, beginning on the southerly side of Smith's Lane and continuing in a southeasterly direction for a distance of approximately 600 feet more or less, as laid out by the Selectmen, a plan thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof and for acquiring titles. (By Petition.)

Article 40. To see if the town will vote that the following appropriation balances be closed out to Surplus Revenue:

Police — New Cruiser Ambulance	$37.65
Fire — Additional Fire Alarm	1.07
Purchase of New Fire Engine	90.35
Highways — Automatic Sander	58.27
Highway Construction:	
Loring Avenue and Arrow Street	144.27
Wharf Lane	252.81
Grove Street	.09
Smith's Lane	4.15
Water	
Forest and Improvement Work on Walter H. Faunce Memorial Grant	80.40

Article 41. To see if the town will vote that a sum of money now available in Free Cash, be appropriated for the use of the Assessors in the reduction of the tax levy.

To transact any other business that may legally come before said meeting.

The polls willl be opened at seven o'clock A.M. on Saturday, the twelfth day of March, and may be closed at seven o'clock P.M. on Saturday the twelfth day of March, 1960.

And you are directed to serve this Warrant, by posting up attested copies thereof at the main entrance to the Town House and at the Post Office in said Town, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this sixteenth day of February in the year of our Lord one thousand nine hundred and sixty.

A true copy, Attest.

TOWN OF KINGSTON

COMMONWEALTH OF MASSACHUSETTS

SPECIAL TOWN MEETING

Plymouth, ss. Greeting:

To either of the Constables of the Town of Kingston in the County of Plymouth:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the REED COMMUNITY BUILDING in said KINGSTON on the

NINETEENTH day of MARCH, next, at three o'clock in the afternoon, then and there to act on the following article:

Article 1. To see if the Town will vote to approve the action of the Silver Lake Regional School District Committee whereby it was voted that the sum of $140,000. be and hereby is appropriated for the purpose of constructing and originally equipping and furnishing an addition to the Silver Lake Regional High School and that to meet said appropriation there be and hereby is authorized, under and pursuant to the provisions of General Laws, (Ter. Ed.) Chapter 71, Section 16, Clause (d), as amended, and to the Agreement, as amended, pursuant to which this Regional School District was established, but subject to approval by the Emergency Finance Board, the incurring of debt on the full faith and credit of this Regional School District by the issue and sale, at one time or from time to time, of its interest bearing, coupon, serial bonds aggregating $140,000. in principal amount, said bonds to be payable over such period (not to exceed 20 years from their date), to be dated at such date, to bear such rate of interest, to mature in such annual installments and to be otherwise in such form, subject to applicable provisions of law and not inconsistent with this vote, as shall be determined by the Treasurer.

And you are directed to serve this Warrant, by posting up attested copies thereof at the main entrance to the Town House and at the Post Office in said Town, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting as aforesaid.

Given under our hands this twenty-sixth day of February in the year of our Lord one thousand nine hundred and sixty.
A true copy, Attest.
