ARCHITECTURAL DESCRIPTION *see continuation sheet*

Describe architectural features Evaluate the characteristics of this building in terms of other buildings within the community.

The residence at 267 Main Street was built in 1885 in the vernacular style with a front gable roof. This 3 x 4 bay, wood frame, two story building is rectangular in plan and sits on a granite foundation. The building is clad with vinyl siding. The front gable roof is covered with asphalt shingles. One brick chimney is located on the center of the house at the ridge, two more chimneys are located in the side ell. The entrance is concealed behind an enclosed porch. The windows contain 2/2 vinyl sash with flat surrounds. The cornerboards are thin and flat. The cornice is thin with a shallow molding. A two story ell is attached to the rear side of the building.

A garage is located toward the rear of the property.

HISTORICAL NARRATIVE *see continuation sheet*

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.

This building was built in 1885. It is a fairly popular building type for Kingston. The gable is turned to face the street creating a long narrow building suited to a smaller narrow lot found on more densely built streets. The original exterior building material has been altered or removed.
