ARCHITECTURAL DESCRIPTION *see continuation sheet*

Describe architectural features Evaluate the characteristics of this building in terms of other buildings within the community.

The residence at 8 Summer Street was built in 1852 in the ranch style with a side gable roof. This 4 x 2 bay, wood frame, one story building is rectangular in plan and sits on a concrete foundation. The building is clad with wood shingles. The side gable roof is covered with asphalt shingles. One brick chimney is located on the interior of the house on the rear slope. The recessed entrance contains a wood door with three diagonal lights with a plain surround. The windows contain 1/1 vinyl sash with flat surrounds. The cornice is thin with a shallow molding. On the side elevation a small entry connects a one stall garage to the house.

HISTORICAL NARRATIVE *see continuation sheet*

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.

This house was built in 1952 on 11,700 sf of land. The house has been in the Valeriani family since construction.
