ARCHITECTURAL DESCRIPTION:

The residence at 33 Wapping Road was built c.1890. This 3x4 bay, wood frame, 2-story building sits on a granite block foundation. The building is clad with vinyl siding. The front gable roof is covered with asphalt shingles. A brick chimney is on the west slope, a second brick chimney is at the ridge of the rear ell. The sidehall entrance contains paired doors with glass panes and flat surrounds. The entrance is protected by a entrance porch supported by square posts. The windows contain 2/2 sash on the 1st floor and 12/12 sash on the second floor. The cornice is open. A bay window projects from the wall plane adjacent to the main entrance. A rear ell is attached to the rear of this building. A two stall garage and back shed appear to be 20th century additions.

HISTORICAL NARRATIVE:

This property does not appear on the 1879 map but is listed on the 1903 map, owner by C.T. Faunce. Charles T. Faunce was a laborer - probably a carpenter or builder. In 1902 he was hired by the town of Kingston to build a lockup (jail). C. Drew and Company provided the ironwork for the lockup built in the cellar of the Town House.
