Eighty-one tramps have been provided with food and lodging at the Almshouse during the year 1893; and the order has been well represented since Jan. 1, 1894; and we may reasonably expect that the expense at the Almshouse will be increased by them as much for the year to come as it has been in the past. The expenditure in aid of the outside poor has been more than in recent years. The sickness of Mr. Charles Witherell, for more than a year, compelled him to ask aid of the town for himself and family, and there has been expended for their support, and for medical attendance, more than three hundred dollars.

There has been paid to the town of Plymouth, for aid furnished to the families of Frank S. Hall and Nathan Raymond, about one hundred and forty dollars, and the expense at the Westboro asylum has been increased about sixty dollars. These demands are not likely to be continued, with some others not mentioned, and the sum necessary for this department may not exceed the amount appropriated in recent years. Still, it may be wise to increase the appropriation on account of the general depression in business, and an increase of one hundred dollars is suggested.

Making the sum of \$20,600.00

Add to the \$20,600 the sum of \$4,400, for State and County taxes, and we must provide for the payment of \$25,000.

It is safe, perhaps, to presume that the income to the town from various sources during the year 1894 will amount to \$9,000.

If, then, these recommendations are adopted, there will remain to be raised by tax the sum of \$16,000. This will give a rate of \$10.50 per thousand dollars, if assessed upon the same valuation as last year, and present indications are not encouraging for an increase in the value of either real or personal estate.

We have been very fortunate with regard to fires, this year, not a single alarm having been rung in.

Although several dwellings have been on fire, they have been extinguished without the aid of the Fire Department. The house of Rev. C. V. DeNormandie caught fire, Dec. 29, causing a loss of about fifty dollars to the building. Cause unknown.

On Dec. 31, the house of Mr. Joseph A. Holmes was discovered to be on fire, which caused a loss of a hundred dollars, or more. Cause, defective chimney. Had the fire at Mr. Holmes's been sufficient to call out the department, the hydrant which has been recommended (*several* times) to be placed in front of Mr. Ayer's, would have been called into use.

Although no notice has ever been taken of the suggestion of the Fire Engineers, we are still of the opinion that they are needed at the following points: one opposite the houses of Obed. Ripley and Eugene Ayer, one near the boat house of E. A. Ransom, and one near the house of Ann O'Brien.

No. 1 House has received a coat of paint, and all the buildings, together with the apparatus and hose, are in good condition.

We have endeavored to keep within the limits of the small appropriation, and should have done so had not an accident happened to one of the reels (while practising), which cost about thirty dollars for repairs.

We recommend the sum of one hundred and fifty dollars for the ensuing year.

With thanks to the members of the department, and to my associate engineers,

I am, very respectfully yours,

J. DELANO, JR., *Chief.*

There is no charge made for water used by the town, and we recommend that the town allow the Water Department an annual hydrant rental of \$10 each. This is done by other towns, and we believe is a proper course for the town to pursue. Also the sum of \$150 for water used in the public buildings and fountains.

REPORT

FELLOW-TOWNSMEN

Your School Committee organized soon after the last March meeting, choosing Capt. Henry B. Maglathlin, Chairman, and Alexander Holmes, Secretary. It has used the Primary School building for its regular meeting place, and has held fourteen sessions during the year.

Early in the year it became evident that a sufficient number of scholars resided in Wapping district to warrant the reopening of Wapping School. This was done, and an interesting school has been regularly maintained up to the present time.

On the other hand, the attendance at the North West School became so small at the close of the last spring term, that it was thought best to send the remaining scholars to the nearest schools and close North West for the winter term. It seemed to your committee that there should be at least nine scholars in every school. This number was required at Wapping, and North West School would have been reopened this last term had nine scholars been found in the district.

The overcrowded condition of the village schools that was so troublesome last year has made its way into the Grammar School, where there are now fifty-eight pupils, more than can be conveniently seated. The maximum number that can be managed by one teacher with profit is forty. In every public school having an average attendance of fifty the law requires the employment of one, or more than one, assistant. Our Grammar School building has no recitation room for the use

of an additional teacher. Besides, the employment of such would require an increased appropriation to meet the expense.

If an additional school building or room could be provided, an intermediate school could be established and the crowded condition of both the Centre Primary and the Grammar schools relieved without any increase in the present number of our teachers. Your committee is, however, not ready at the present time to place before you any definite plan for your consideration.

The greatest need of our schools to-day is good superintendence. Since April 27 last, we have employed no superintendent, Dr. Adams having resigned the position at that date; but, at the request of the School Committee, he consented to attend to the promotions and supplies for the rest of the year. We have held correspondence with a number of superintendents in the county, but have been unable to obtain their services for even a portion of the time. Your committee is thoroughly convinced that it is for the best interests of the schools to have a superintendent. An opportunity is now offered to form a district with East and West Bridgewater, if Kingston wishes to do so, and the matter will be placed before you at your annual town meeting, for your further consideration.

Since its last meeting, the School Committee has met with a sad loss to its membership in the death of Mr. Samuel P. Cole. Mr. Cole was very much interested in his work for the schools, and rarely missed a meeting. Many of his sensible ideas have been carried out during the last three years, and the schools will miss a valued friend. Almost his last work was done in the committee room.

SCHOOL COMMITTEE.

ALEXANDER HOLMES, Sec.
