

Town of Kingston
ANNUAL REPORT
Nineteen Hundred and Sixty

ANNUAL REPORT
OF THE
TOWN OF KINGSTON
MASSACHUSETTS

1960

COVER
THE OLD BURYING GROUND
Land donated to the town January 5, 1720 by
Major John Bradford, grand-son of Governor William Bradford,
second Governor of the Plymouth Colony

I. S. COBB PRINTING SERVICE

KINGSTON, MASSACHUSETTS

The Memoriam

EUGENIA B. TROW

BORN: March 28, 1886
Kingston, Mass.

DIED: March 25, 1960
Kingston, Mass.

With the passing of Miss Trow the town of Kingston lost a valued and respected friend. She was a life long resident of Kingston and was one of ten students who graduated from the Kingston High School in 1903. In March of 1945 she accepted the position of Director of Plymouth County Extension Service, which duties she very ably and conscientiously performed up to the time of her death. Miss Trow was extremely interested in the town and its history and was an active member of many clubs and organizations in the town.

PAUL VERDELLI

BORN: December 27, 1892
Italy.

DIED: May 20, 1960
Kingston, Mass.

Mr. Verdelli first began to work for the town as a part time employee in 1929. He began steady employment in 1941 and became Assistant Superintendent of the Water Department. He continued in the employ of the Water Department until his death. His cheerful disposition and cooperative manner is sadly missed by his fellow workers and inhabitants of the town.

The Memoriam

FRANCIS W. MURPHY

BORN: December 31, 1908

DIED: June 30, 1960

Boston, Mass.

Plymouth, Mass.

Mr. Murphy chose Kingston as his place of residence in 1951 and in 1956 was appointed as Field Driver for the town. He was a veteran of World War II and was a Past Commander of the Harold F. Govoni Post No. 387, American Legion. His passing has deprived the town of a faithful servant

SAMUEL C. BONNEY

BORN: July 27, 1890

DIED: October 25, 1960

Dedham, Mass.

Lancaster, Pa.

Mr. Bonney moved to Kingston in 1920 and operated the local telephone exchange until the dial system was installed in October of 1940. He was elected to the Boards of Selectmen, Welfare and Health during the years of 1938, 1939 and 1940. In 1954 he was appointed to the Town House Survey Committee. Mr. Bonney was intensely interested in town affairs and civic progress and had a deep respect for Kingston. By his passing the town has lost a valuable citizen.

Item #56 Dog Fund..... 778.64

Total Amount to be Raised by Taxation.....\$748,140.67

Article 6. On the motion of George W. Cushman, Voted: That the Town Treasurer, with the approval of the Selectmen, be authorized to borrow money from time to time in anticipation of the revenue for the financial year beginning January 1, 1960, and to issue a note or notes therefor, payable within one year and renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 7. On the motion of John J. Moore, Voted: That the sum of \$3,016.43 be raised and appropriated and that the unexpended balance of \$983.57 from the Proceeds of Chapter 718, Acts of 1956 now in the account Relocation of Water Main on Pembroke Street Bridge be transferred to meet the town's share of the costs of Chap-

ter 90 highway construction and that in addition, the sum of \$12,000.00 be transferred from unappropriated available funds in the treasury to meet the state's and county's shares of the cost of the work, the reimbursements from the state and county to be restored, upon their receipt, to the excess and deficiency account in the treasury.

The use of available funds under this article was approved by the Finance Committee.

Article 8. On the motion of John J. Moore, Voted: That the sum of \$1,000.00 be raised and appropriated to meet the town's share of the cost of Chapter 90 highway maintenance, and that in addition, the sum of \$2,000.00 be transferred from unappropriated available funds in the treasury to meet the state's and county's shares of the cost of the work, the reimbursements from the state and county to be restored, upon their receipt, to the excess and deficiency account in the treasury.

The use of available funds under this article was approved by the Finance Committee.

Article 9. On the motion of John Charles McCann, Voted: That the sum of \$2,500.00 be raised and appropriated for the purchase of a vehicle to be used as a cruiser-ambulance by the Police Department and that the Selectmen be authorized to turn in the present 1958 Plymouth cruiser-ambulance now owned by the Police Department and apply the allowance thereof to the purchase price of the new vehicle.

Article 10. William A. MacPhail Moved: That the sum of \$4,000.00 be raised and appropriated and added to the balance in the account Town House Alterations for continuing improvements in the Town House, said work to be conducted under the supervision of the Selectmen. *Motion was not carried.*

Article 11. On the motion of George Palmer Holmes, Voted: That the sum of \$1,500.00 be raised and appropriated for the purchase of a rescue boat and appurtenances for the use of the Fire Department.

John J. Moore, Chairman of the Board of Selectmen, informed the voters that the Board of Selectmen unanimously approved this article.

Article 12. On the motion of John Charles McCann, Voted Unanimously: That the town accept with grateful appreciation the generous bequest made to the inhabitants of the town by the late Elizabeth B. Sampson of Kingston.

Article 13. On the motion of William A. MacPhail, Voted Unanimously: That the town accept the legislative act establishing the Elizabeth B. Sampson Memorial Fund in the Town of Kingston, which provides for the administration thereof.

The Act was read by the Moderator.

Article 14. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the reconstruction of a portion of Grove Street beginning at a point easterly of the Jones River culvert and running in an easterly direction for a distance of approximately 2300 feet, more or less. *No motion was made under this article.*

Article 15. On the motion of John J. Moore, Voted: That the sum of \$5,000.00 be raised and appropriated for the reconstruction of a portion of Howland's Lane beginning at a point near the railroad bridge northerly to a point near East Avenue, a distance of 1600 feet, more or less.

Article 16. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the construction of a building for the Tree and Moth Departments to be located on the town owned lot on Evergreen Street; said work to be under the supervision of the Selectmen and the Tree Warden. *No motion was made under this article.*

Article 17. On the motion of William A. MacPhail, Voted: That that sum of \$1,500.00 be raised and appropriated for repairs to and for engaging professional advice for the possible reconstruction of the former Grange Hall now owned by the town.

Article 18. On the motion of William A. MacPhail, Voted: That the sum of \$2,800.00 be raised and appropriated for the purchase of a hydraulic sprayer for the Moth Department and that the Selectmen be authorized to dispose of the Fitz-Henry Gupill Machine now owned by the Moth Department.

Article 19. On the motion of Irma A. Ruffini, Voted Unanimously: That the sum of \$528.15 be raised and appropriated for the payment of certain unpaid bills of prior years for the following departments:

Soldiers' and Sailors' Benefits	\$125.00
Vocational Education	342.71
Playground - Maintenance	18.22
Parks	42.22

Article 20. William A. MacPhail Moved: That the sum of \$3,500.00 be raised and appropriated for the purpose of extending a water main not less than 6 inches in diameter to the town dump, a distance of approximately 1,250 feet, more or less.

On the motion of Clarence R. Drew, Voted Unanimously: That Article 20 be postponed indefinitely.

Article 21. William A. MacPhail, Moved: That the sum of \$12,500.00 be raised and appropriated for the purchase for municipal purposes the land and building thereon situated on the easterly side of Summer Street in the center of town, known as the Kingston Railroad Station.

YES, 145; NO, 87 (This Article required a two-thirds vote).
Motion was not carried.

THIS ARTICLE WAS RE-CONSIDERED. SEE RECORDS ON PAGE 23.

Article 22. On the motion of John Charles McCann, Voted: That the Planning Board be authorized to make a study of the building, wiring and plumbing codes and be instructed to submit a report of their findings at the annual town meeting in March, 1961.

Article 23. To see if the town will vote to raise and appropriate a sum of money for the purpose of installing a gravel-packed well on a parcel of land purchased from George Havey and for installing and housing the necessary pump, equipment, pipe, fittings and appurtenances and to connect the pipe-line to the main on Summer Street for the new gravel-packed well on the Havey property, so called, off Winthrop Street; and to determine whether the money needed should be raised by taxation or transferred from other available funds in the treasury, by appropriation or by borrowing under

authority of Chapter 44 of the General Laws, or take any action relative thereto.

No motion was made under this article.

Article 24. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purpose of laying a water main not less than 6 inches in diameter on Winthrop Street from the proposed well for a distance of approximately 2000 feet toward Brookdale Street.

No motion was made under this article.

Article 25. On the motion of Earl S. Sampson, Voted: That that town appropriate the sum of \$5,000.00 for the purpose of adding to the present appropriation for "Additional Wells" and to meet the said appropriation to transfer the following unexpended balances: Purchase of Land—Havey et als \$505.01; Replacement of Main on Maple Street to Landing Road \$315.56; Truck and Attachments, \$353.28; Reconditioning Hydro-Turbine, \$1,169.72 and the sum of \$2,656.43 shall be raised by taxation.

The use of available funds under this article was approved by the Finance Committee.

Article 26. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury a sum of money for the purchase of a compressor, and authorize the Board of Water Commissioners to turn in the present compressor now owned by the Water Department and apply the allowance thereof to the purchase price of the new compressor.

No motion was made under this article.

Article 27. To see if the town will vote to raise and appropriate a sum of money for the purpose of replacing the present water main along Rocky Nook Avenue from West Street to East Avenue with a main not less than 6 inches in diameter, or take any action relative thereto.

No motion was made under this article.

Article 28. On the motion of Earl S. Sampson, Voted: That the sum of \$16,000.00 be raised and appropriated for the purpose of replacing the present water main on River Street with a larger main.

Article 29. On the motion of John J. Moore, Voted: That the Selectmen be authorized to grant, insofar as they may have the

right to do so, to the Commonwealth of Massachusetts, Department of Public Works, releases of certain land takings by the Commonwealth in connection with the 1958 State highway layout, namely, parcels numbers 1-1-T, 1-6-T, 1-7-T, 2-2 and recorded in Books 2644 and 2662, Pages 270 and 481, in the Plymouth County Registry of Deeds.

Article 30. On the motion of William A. MacPhail, Voted: That the Selectmen be authorized to grant insofar as they may have the right to so do, to the Plymouth County Electric Company and the New England Telephone and Telegraph Company, the perpetual and exclusive easement right to construct, operate and maintain electric distribution and telephone lines with all equipment and appurtenances deemed necessary therefore, over, across and upon a certain parcel of land in which the town may have an interest, namely, the parcel of town land from Second Brook also known as Smelt Pond Road, easterly to the site of the Kingston Elementary School, and shown on the Kingston Assessor's plan as Lots 138-A and 2-A of Blocks 10 and 11; said easement being necessary to furnish additional and adequate utility services to the existing building units of the Kingston School Department.

Article 31. To see if the town will vote to adopt by-laws governing the conduct of the Town Landing.
No motion was made under this article.

Article 32. On the motion of Antone J. Spath, Voted: That the sum of \$1,400.00 be raised and appropriated for the construction and equipment of an outdoor basketball court on the Captain Fred L. Bailey Playground.

Article 33. Catherine V. Morgan Moved: That the sum of \$3,800.00 be raised and appropriated for the installation of a water main not less than 6 inches in diameter on Maple Street and a portion of Spruce Street in the Rocky Nook section of Kingston, a distance of 600 feet, more or less. *Motion was not carried.*

Article 34. Catherine V. Morgan Moved: That the town vote to accept the ways now known as Maple Street in the Rocky Nook section of Kingston beginning on the northerly side of Atwood Street and continuing to Spruce Street, a distance of approximately 420 feet, more or less, and be re-named Alden Street; and that portion of Spruce Street beginning at the southeasterly corner of

Spruce Street and Alden Street, and continuing in an easterly direction to Delano Avenue a distance of approximately 146 feet, more or less, both as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws, and raise and appropriate the sum of \$4,200.00 for the construction thereof and acquiring titles. *Motion was not carried.*

Article 35. On the motion of Manuel P. Souza, Voted: That the town vote to accept the way known as Gray Avenue, beginning at Smith's Lane and running to a private street known as South Gray Avenue, a distance of 640 feet, more or less, as laid out by the Selectmen, a plan thereof having been filed with the Town Clerk in accordance with the General Laws, and raise and appropriate the sum of \$1,500.00 for the construction thereof and for acquiring titles. YES, 194; NO, 9.

On the motion of John J. Moore, Voted: That at 3 P.M. this meeting stand adjourned in order that the Special Town Meeting called at that hour may convene and that the regular annual meeting resume on the completion of the special meeting or any adjournment thereof.

SPECIAL TOWN MEETING

March 19, 1960

By unanimous approval of the meeting, the warrant was not read.

Article 1. Mitchell Toabe Moved: That the town approve the action of the Silver Lake Regional School District Committee whereby it was voted that the sum of \$440,000.00 be and hereby is appropriated for the purpose of constructing and originally equipping and furnishing an addition to the Silver Lake Regional High School and that to meet said appropriation there be and hereby is authorized, under and pursuant to the provisions of General Laws, (Ter. Ed.) Chapter 71, Section 16, Clause (d) as amended, and to the Agreement, as amended, pursuant to which this Regional School District was established, but subject to approval by the Emergency Finance Board, the incurring of debt on the full faith and credit of this Regional School District by the issue and sale, at one time or from time to time, of its interest bearing, coupon, serial bonds ag-

gregating \$440,000.00 in principal amount, said bonds to be payable over such period (not to exceed 20 years from their date) to be dated at such date, to bear such rate of interest, to mature in such annual installments and to be otherwise in such form, subject to applicable provisions of law and not inconsistent with this vote, as shall be determined by the Treasurer.

YES, 139; NO, 154. *Motion was not carried.*

Before a vote was taken under Article 1, on the motion of Janet Smith, Voted: That when this motion is put to a vote, it shall be voted on by printed ballot.

The Special Town Meeting concluded at 4:45 P.M.

ANNUAL TOWN MEETING (Continued)

Article 36. To see if the town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury a sum of money for the installation of a water main on West Street, beginning at Wapping Road and continuing to the town line. (By Petition). *No motion was made under this article.*

Article 37. Raymond W. King Moved: That the town accept that portion of the way beginning at the end of the present layout, and as shown on Plan of: Smelt Pond Road, leading from Brook Street toward Second Brook to the property of Francis M. Moran et ux, a distance of approximately 800 feet, more or less, as laid out by the Selectmen, a plan thereof having been filed with the Town Clerk in accordance with the General Laws, and raise and appropriate the sum of \$3,200.00 for the construction thereof and for acquiring titles. *Motion was not carried.*

Article 38. On the motion of Helen Garuti, Voted: That the sum of \$3,000.00 be raised and appropriated for the purpose of installing a water main, not less than 6 inches in diameter on Braunecker Avenue, beginning at Smith's Lane, for a distance of approximately 600 feet, more or less.

Article 39. On the motion of Helen Garuti, Voted Unanimously: That the town accept the way known as Braunecker Avenue, beginning on the southerly side of Smith's Lane and continuing in a southeasterly direction for a distance of approximately 600 feet, more

or less, as laid out by the Selectmen a plan thereof having been filed with the Town Clerk in accordance with the General Laws, and raise and appropriate the sum of \$2,800.00 for the construction thereof and for acquiring titles.

Article 40. On the motion of Irma A. Ruffini, Voted: That the following appropriation balances be closed to Surplus Revenue:

Police—New Cruiser Ambulance	\$37.65
Fire—Additional Fire Alarm	1.07
Purchase of Fire Engine	90.35
Highways—Automatic Sander	58.27
Highways Construction:	
Loring Avenue and Arrow Street	144.27
Wharf Lane	252.81
Grove Street	.09
Smith's Lane	4.15

Water:

Forest and Improvement work or Walter H.	
Faunce Memorial Grant	80.40

Beatrice A. Souza moved an amendment that the Wharf Lane appropriation of \$252.81 be deleted from this motion. *Amendment was not carried.*

On the motion of Orfeo H. Sgarzi, Voted to reconsider Article 21.

Article 21: Voted that the sum of \$12,500.00 be raised and appropriated for the purchase for municipal purposes the land and building thereon situated on the easterly side of Summer Street in the center of town, known as the Kingston Railroad Station.

YES, 136; NO, 65.

Article 41. On the motion of Norman C. Steere, Voted: That the sum of \$42,000.00 now available in Free Cash be appropriated for the use of the Assessors in the reduction of the tax levy.

On the motion of Earl C. Paulding, Voted to Adjourn. (5:22 P.M.)

Number of voters present—308. (Men—198; Women—110)

Vote checkers were Catherine J. Bartlett and William H. Paul.

SPECIAL TOWN MEETING

September 14, 1960

A Special Town Meeting was called to order at 7:30 P. M. by the Moderator, Mr. Horace C. Weston. The warrant was read by the Town Clerk, Mr. George W. Cushman.

The Moderator appointed the following persons as Tellers and administered the oath of office to them:

Mr. Earle M. Zahn, Mr. Theodore S. Avery, Mr. Joseph F. Glass, Mr. Walter Holmes

Article 1. On the motion of Norman C Steere, Voted: That the following sums of money be transferred from Overlay Surplus to the following departmental accounts for their continued operation for the balance of the ensuing year:

Appeal Board	\$100.00
Workmen's Compensation Insurance	602.53
Election and Registration	400.00
Police — Maintenance	525.00
Water — Maintenance	1,500.00

The use of money from Overlay Surplus under this article was approved by the Finance Committee.

Article 2. On the motion of Earl S. Sampson, Voted: That the sum of \$500.00 be transferred from Overlay Surplus for the purpose of a Survey of the property adjacent to the South Street Wells; said survey to be conducted under the supervision of the Water Department.

The use of money from Overlay Surplus under this article was approved by the Finance Committee.

Before a vote was taken under Article 2, Mr. Robert T. Ward moved that action under Article 2 be deferred until all the voters had an opportunity to gain admission to the Town Meeting.

Motion was defeated.

Article 3. On the motion of Paul H. Armor, Voted: That the town approve the action of the Silver Lake Regional School District whereby it was voted that the Silver Lake Regional School District issue \$425,000.00 bonds or notes for the purpose of constructing, originally equipping and furnishing a twelve-room addition to the district school of substantially the type proposed by the plans of June 14, 1960.

Before a vote was taken under Article 3, it was voted on the motion of Charles E. Wyman to close debate under this article and to proceed to vote—This vote was Yes, 293; No 9. (10:18 P.M.)

Mr. Robert T. Ward moved to suspend the rules of this meeting.
Motion was defeated.

Meeting adjourned at 10:25 P.M. Number of voters present—Men, 188; Women, 179—Total 367.

Vote checkers were Catherine J. Bartlett and Catherine Williams.

GEORGE W. CUSHMAN, Town Clerk

REPORT OF THE SELECTMEN

In contrast to the general slowdown of the national economy, local building applications have shown a steady and healthy trend. Declared costs of these improvements amounted to \$585,315.00 as against \$303,245.00 in 1959.

Under our Chapter 90 road program a major section of Lake Street was reconstructed, and it is now planned to complete the modernization of this vital highway in 1961.

A continuing headache which has faced the town for some years has apparently been eliminated by the completion of the shore protection project along Rocky Nook Avenue. This work was done under the supervision of the Waterways Division of the Massachusetts Department of Public Works, with funds furnished by the State, County and Town.

Through an oversight no funds were appropriated at the annual Town Meeting to provide money for possible use by the Finance Committee to make transfers to departments in need of succor. The Selectmen notified all departments of this situation and suggested that extreme diligence be practiced in order to keep expenditures within the budgets. Most departments were able to adhere to this sound budgetary practice and thereby contributed to a potential saving to the taxpayers.

With the onset of hurricane Donna in September considerable reliance was placed on the personnel and equipment of our Civil Defense, Highway and Tree Departments to the end that hardship and inconvenience was greatly alleviated. However, our highway program was greatly impeded to the extent that several proposed improvements had to be postponed.

During December the worst snow conditions in history blanketed Eastern Massachusetts including Kingston. To meet this emergency the Selectmen, with the approval of the Finance Committee and of the Director of Accounts, declared an overdraft not to exceed \$6,000.00. The actual expenditures however amounted to \$20,632.67.

We are glad to report that after a lapse of two years a State audit has been undertaken, the results of which are shown elsewhere in this book.

Close co-operation with the Planning Board has continued in the hope and expectation of providing an orderly procedure for future improvements in the functioning of our town affairs.

Decision in the equity suit asking \$11,000.00 from the Town, referred to in last years Selectmen's report, has been handed down in favor of the Town. However the plaintiffs have seen fit to enter an appeal from this decision and therefore final decision is still pending.

Immediately following this report is a communication received by the Selectmen from the Planning Board which, we believe, warrants close scrutiny by the voters.

Respectfully submitted,

JOHN J. MOORE, Chairman

JOHN C. McCANN

WILLIAM A. MacPAIL

Board of Selectmen

To the Selectmen of Kingston:

After considering the various aspects of control of building by appropriate codes it is the conviction of the Planning Board that Kingston should adopt regulation of building on a limited basis. We are not enthusiastic advocates of additional government supervision and we are persuaded to this view with some reluctance. The essential and controlling factor in reaching our decision is that building regulation is virtually universal in the communities in this area. This means that a standard of construction is required in Plymouth, Duxbury, Marshfield and Pembroke that is not mandatory in Kingston. It therefore seems all too possible that an unscrupulous developer might pick this town as a desirable site for his efforts, and produce the type of housing that our subdivision control and zoning requirements are designed to prevent.

We are acquainted with isolated cases of sub-standard electrical, sewage disposal, and framing conditions on houses erected in our town in recent years, and we are aware, too, that there are no present ordinances that permit any effective control of these abuses. We feel that lack of building regulation is dangerous in this area of new construction, not in the normal repair or renovation of existing dwellings. We suggest, therefore, that building codes be established but limited in application to, (1) new construction in residential areas, (2) all construction or renovation in commercial areas, (3) all construction or renovation undertaken as a result of variances granted by the Board of Appeal, as for example the modification of single family dwelling by permission to convert to multiple unit residence.

We are further firmly of the opinion that the building codes adopted should be as simple as possible. Those already in force in neighboring communities should present models that might be adapted to local needs with a minimum of modification.

A considerable measure of the success of any set of regulations must rest with the means of enforcement. It would appear that the best method for Kingston, considering the volume of inspections to be required at this time, would be by appointment of a Building Inspector by the Selectmen, who would be compensated by fees to be paid by the applicant for a building permit. It is certainly essential that the person receiving this appointment should be qualified not alone by experience in the building field, but also capable of exercising reasonable discretion. In this way the central purpose of building regulation will be served without harassing the builder by undue concern with the letter of the regulation. In any case by exempting all ordinary repair and renovation on residences the ordinary home owner will remain unaffected if regulation is instituted in the form suggested.

The Planning Board does not feel competent to recommend specific regulations and suggest that these might better be supplied by consultation with engineers or inspectors from other communities, or by a board especially formed for the purpose. It might be desirable to present an article at the coming annual meeting allowing the town to act on a resolution to indicate favorable disposition on the adoption of limited building regulations and simultaneously direct the presentation of specific regulations for consideration at a date no later than the annual meeting in 1962.

ELIZABETH B. SAMPSON MEMORIAL FUND

At the Annual Town Meeting in March 1960 the town created an Elizabeth B. Sampson Memorial Fund by accepting a special act of the legislature which set forth the conditions for administering the bequest of Elizabeth B. Sampson. Acting under this authority the trustees have endeavored in the months since that time to accomplish the following: (1) to arrange for custody of the funds and their proper investment; (2) to establish general principles of administration that may evolve in time into a definite policy; (3) to acquaint the various departments of the town and the citizenry in general with the conditions controlling disbursements from the fund and the opportunities it presents to the community.

During the year the sum of \$179,748.48 was turned over to the town. After thorough investigation the trustees were satisfied that on the basis of both cost and convenience custody of the funds could most advantageously be vested in the Trust Department of the Plymouth National Bank. Since investments of municipal funds are restricted to certain issues legal for Massachusetts Savings Banks, virtually the entire amount has been placed in high grade bonds. Eventually on the termination of trusts established for certain individuals by Miss Sampson's will, substantial additional funds will accrue to the town.

One of the functions of the trustees is to recommend projects to the town meeting on which income from this fund might be expended. As a tentative working basis the trustees are adhering to the following principles:

To favor projects that would: (1) result in the reduction of operating expense; (2) provide substantial future benefits; (3) benefit large groups of citizens; (4) combine a grant from the trust with funds otherwise available to make possible a bigger or better undertaking.

To reject projects that would: (1) involve substantial maintenance expense; (2) ordinarily constitute a regular departmental expenditure; (3) commit the trustees to an extended program of annual recommendations to bring about completion; (4) use the entire annual income on one item.

It would also be a condition to recommendation that some means be definitely designated on each individual project for notifying the public that the Elizabeth B. Sampson Memorial Fund has contributed toward it.

All departments in the town were advised of these principles and solicited for suggested projects. The response was surprisingly limited though a number of suggestions have been advanced by individuals. In considering these, together with others it is hoped will be forthcoming, the trustees are working with purposeful deliberation feeling little can be lost by a cautious approach. This seems particularly true in regard to the \$25,000.00 memorial the town has voted to establish by expenditure from the capital of the bequest. We consider these first months have been properly devoted to establishing the trust as an actuality and it is anticipated that only limited recommendations will be made for expenditures from it at the annual meeting in 1961, by the following year we expect the trust to be in full and satisfactory operation. For purposes of record and reference a copy of the legislative act together with a general financial statement is included with this report.

Respectfully submitted,

Trustees of the Elizabeth B. Sampson Memorial Fund

JOHN J. MOORE, *Chairman*
GEORGE W. CUSHMAN, *Secretary*
HORACE C. WESTON

CHAP. 180. — An Act establishing the Elizabeth B. Sampson Memorial Fund in the Town of Kingston and providing for the administration thereof.

Be it enacted, etc., as follows:

SECTION 1. There is hereby established in the town of Kingston a fund to be known as the Elizabeth B. Sampson Memorial Fund to be administered by a board of trustees consisting of the chairman of the board of selectmen, the town treasurer and the town moderator, ex officio. Said trustees shall serve without compensation but shall be entitled to reimbursement for all reasonable expenses incurred in the performance of their duties. Disbursement for said reimbursement shall be made only after approval by the annual town meeting.

SECTION 2. The town of Kingston shall deposit with said trustees, and said trustees shall receive, the bequest made to said town under the provisions of clause ten of the will of Elizabeth B. Sampson, Plymouth County Probate docket number 78889, and said trustees shall have the power and duty to invest and reinvest the

funds of said bequest in the manner provided by section fifty-four of chapter forty-four of the General Laws. A sum of not more than twenty-five thousand dollars shall first be set aside from the principal of said bequest for the purpose of establishing, under the direction of said trustees and upon approval at a town meeting, a suitable memorial to said Elizabeth B. Sampson. Said trustees shall expend only the net income of the fund established in section one for such municipal and educational purposes as the trustees shall by majority vote determine, subject to approval by majority vote at the annual town meeting.

SECTION 3. Custody of all monies, securities and other property of said fund shall be in a national bank or trust company doing business in the commonwealth and authorized by law to exercise trust powers. Said trustees shall delegate to said bank or trust company their power and duty to invest and reinvest said fund and shall make payment to said bank or trust company for services rendered.

SECTION 4. Upon acceptance of this trust, said trustees shall deliver to the treasurer of the town of Kingston a bond or bonds for the faithful performance of their duties in an amount to be determined by the commissioner of corporations and taxation and the board of selectmen of said town.

SECTION 5. This act shall take effect upon its acceptance by the voters of the town of Kingston at the annual town meeting in the current year.

Approved March 11, 1960.

GEORGE W. CUSHMAN,
Town Clerk, Treasurer and Collector

REPORT OF THE PLANNING BOARD

As is true throughout this section there has been little activity in promotional land development in our town during the past year. There are, however, many indications that a revival in demand for residential building will find the developers active in Kingston again. Though the timing may depend on the completion of the Southeast Expressway, it is certain as such things can be that the flow of population from urban centers toward this area will continue at an increasing rate. Our problem is to accept this influx in an orderly manner and assimilate these new arrivals while maintaining the character of our community.

The ordinances available to regulate new construction in our town are at present only two: zoning and sub-division control. One more is found in most of the communities in this district and should, we believe, be introduced in Kingston; that is a building code. This year the Selectmen asked this board to report to them on the desirability of such action and how it might be advantageously put into effect. Our findings recommending a limited application of building regulation is now in the hands of the Selectmen with suggestions for implementing our proposals.

During the year we have, by invitation, consulted with the Selectmen on other issues and with the Industrial Commission to our mutual profit. It is a source of genuine satisfaction to us that a generally cooperative spirit prevails among the town's departments permitting this type of conference. In any of these pursuits this board has exercised extreme caution to avoid becoming involved in any administrative or executive duties. This attitude is adopted not to avoid responsibility, but because we feel that any disposition to assume such undertakings would in the long run destroy the efficacy of the board.

The Planning Board should remain, we feel, a source of counsel free of immediate involvement in the town's affairs and thus able to

impart a more objective judgment on problems submitted for study and recommendation.

Respectfully submitted,

PARKER A. GLASS, *Chairman*

REPORT OF THE ZONING BOARD OF APPEALS

During the year 1960 the Zoning Board of Appeals received fifteen (15) petitions. In accordance with the rules and regulations, hearings were held and eleven (11) petitions were granted. Four (4) petitions were denied.

The members of this Board extend their appreciation to Town Clerk, George W. Cushman and his staff for their help. Also, the Board thanks Francis P. McManus, Chairman of the Board of Assessors, for his assistance and cooperation during the year.

Respectfully submitted,

GEORGE A. WALSH, *Chairman*

LAWRENCE B. WESTGATE, *Clerk*

REPORT OF THE INDUSTRIAL DEVELOPMENT COMMISSION

Last summer your Commission was approached by one of Boston's largest Real Estate agencies who was investigating numerous cities and towns in Southeastern Massachusetts as possible homes for a new plant site. The better part of a day was spent with the Agency's representative showing him the town and various possible locations for industrial development. We regret to report that Kingston was not selected as it was found that this area was not suitable for the required need. The town selected is on the Worcester perimeter which is much more accessible to New York City as well as the Massachusetts turnpike. The company in question, although we were never officially advised, we understand is one of the largest manufacturers of cameras in the country.

As a result of the past years activities we are firmly convinced that as soon as possible we must have a section of land zoned off the By-pass, as a future potential industrial park. It is our intention to have such a proposal in the 1961 town warrant and sincerely solicit your favorable consideration of our plan details which will be presented at the town meeting.

A brief word concerning our proposed town brochure that we have discussed for four years. We still cannot produce this necessary adjunct to our program within our present limited budget. We trust you will look with favor on our request in 1961 for sufficient funds in order that we might proceed with this publication.

This is the writer's last year as Chairman. We recently elected Frederick E. S. Woodworth to this position.

In conclusion we wish to thank the Selectmen and all departments, committees and the individuals connected therewith for their sincere cooperation during the past year.

Respectfully submitted,

REPORT OF THE FINANCE COMMITTEE

The report of the Finance Committee is hereby submitted for the year ended December 31, 1960.

The organizational meeting was held in May after which meetings were called when required. Due to an oversight when making this years budget the Reserve account was omitted and as a result, the Finance Committee was unable to make any departmental transfers during 1960. Therefore, a special town meeting was called in September for those departments needing funds to continue operation for the balance of the year.

In December the serious snow storms presented a problem and in order to meet this emergency the Finance Committee and the Board of Selectmen obtained approval from the Director of Accounts, in accordance with Section 31 of Chapter 44 of the General Laws, for the payment of liabilities to be incurred to an amount not exceeding \$6,000.00. The actual amount expended was \$4,632.67 which amount will be assessed during 1961.

Respectfully submitted,

REPORT OF THE SHELLFISH CONSTABLE

A total of 118 bushels of quahogs were planted on Ichabod's and Gray's Flats this year, after which the areas were closed for ninety days. The seed was purchased from the Department of Marine Fisheries.

Further tests were made on Ichabod's Flat for the growth of clams. These tests were made with lime-stone and sand. I am now waiting for more instructions on this new kind of work from the Department of Marine Fisheries.

It is anticipated a great deal of work will be needed for the removal of mussels on the flats next year. A goodly portion of the funds for this work will be taken from receipts forwarded to the town by the Division of Marine Fisheries.

New growth of quahog seed on our three flats this year has been very satisfactory.

I wish to extend my sincere thanks to my assistant, Asa W. Glass, and to all persons who have contributed their support and help to me this past year.

Respectfully submitted,

ANTONE J. CAZALE,
Shellfish Constable

REPORT OF THE HARBOR MASTER

There were a number of boats moored in the river this year and the racks were filled at all times. Again, I wish to emphasize that the Kingston residents be given priority in the use of the racks. New type channel markers were used this year. They have insertions of styrofoam and are painted red and black.

Due to Hurricane Donna in September, one of the mooring racks was damaged beyond repair, and a number of the channel markers were damaged and some lost.

During the summer months it is necessary to be in attendance at all times in order to attempt to eliminate as much as possible the problem of vehicular parking in addition to taking care of the boat traffic. The parking of vehicles on week ends, in particular, poses a serious situation.

I wish to commend my assistant, Antone J. Cazale, for his fine work and splendid cooperation. I also wish to express my appreciation to all town departments for their assistance during the year.

Respectfully submitted,

ASA W. GLASS,

Harbor Master

REPORT OF THE FOREST FIRES DEPARTMENT

During 1960 the Forest Fires Department made 232 runs, 93 of which were for woods and grass fires. The majority of the remaining runs were checking the town dump. Burning of the town dump by this department was also done as a safety measure.

A total of 4,652 permits were granted townspeople to burn in the open, which figure again shows the continued cooperation of most of our citizens in helping us keep our fire losses at this low level.

Respectfully submitted,

G. PALMER HOLMES,

Forest Fires Warden

REPORT OF THE TREE WARDEN

This department has continued the practice of planting trees along the various streets in the town. Some of the trees planted were replacements for those that had become necessary to be removed.

The roadsides have been trimmed of the brush together with the removal or trimming of overhanging limbs. A considerable amount of time was spent on Maple Avenue in the trimming and pruning of the trees.

The permanent help in the department has been of material aid in completing the varied and necessary work required during the year.

Once again the assistance of the townspeople is requested by the repeated warning that "no Elm wood is to be stored" for fire wood or other purposes.

Respectfully submitted,

EARL C. PAULDING,

Tree Warden

REPORT OF THE MOTH SUPERINTENDENT

Five elms were found to have Dutch Elm disease. These trees were removed and destroyed. Several other elms had to be removed because of damage sustained during the hurricane.

There were no traps for Gypsy Moth control placed this year due to the fact that no male moths were caught.

In accordance with the vote of the people at the March meeting this department purchased a new Bean sprayer. Fortunately, it arrived in time to do the summer spraying and proved itself extremely satisfactory.

Respectfully submitted,

EARL C. PAULDING,

Moth Superintendent

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

Honorable Board of Selectmen:

The annual report of the Sealer of Weights and Measures is hereby submitted for the year 1960:

Report January - March	Adjusted	Sealed	Condemned
Scales over 10,000			
Scales 100 to 5,000	3	7	
Scales under 100	5	26	
Weights		52	
Liquid: 1 gal. or under		1	
Gasoline Pumps	1	1	
Vehicle Meter			
Kerosene and Grease Pumps			
Yard Sticks		5	

Since 1940 it has been my pleasure to serve you as the Sealer of Weights and Measures. Early in 1960 it became necessary for me to retire. I wish to thank the officials and inhabitants of the town for their cooperation these many years.

GEORGE T. PRATT, SR.

*Sealer of Weights and Measures,
Retired*

Report April - December			
Scales over 10,000		3	
Scales 100 to 5,000	4	18	1
Scales under 100	11	25	
Weights		75	
Liquid: 1 gal. or under		11	
Gasoline Pumps	10	32	
Vehicle Meter and Bulk Storage	2	7	
Kerosene and Grease Pumps		18	1
Yard Sticks		3	
Cloth Measuring Device		1	

A re-check has been made of merchandise in stores (160 items) as required by the General Laws with sealing fees collected to the amount of \$139.70 and adjusting fees of \$2.90.

Office Hours: Tuesday Nights 7:30 - 8:30 P. M.

Respectfully submitted,

GEORGE T. PRATT, JR.

Sealer of Weights and Measures

REPORT OF THE DIRECTOR OF CIVIL DEFENSE

To the Selectmen, Officers and Citizens of Kingston:

During 1960 Kingston Civil Defense, including the special town departments for protection of life and property, have steadily proved more capable of coping with disasters. Moreover much time has been spent on refining disaster plans through preparing the detailed manuals for Control Center workers and Field Service workers.

Loss of electric power is a constant threat in any hurricane or similar natural disaster, with great inconvenience, and often threat to safety of property and even life. One large portable generating unit and two small ones have proved of great value.

MOBILE POWER UNITS: Early in 1960 Kingston Civil Defense acquired one 10 KVA electricity-generating unit from U. S. Government surplus stocks. Responsibility for its overhaul, maintenance and operation was assigned to the Highway Department, in accordance with state-wide C. D. plans. The personnel of this department energetically overhauled the unit, placed it on a trailer chassis and fitted it with cables and electric outlets to deliver current at 117V or 240V. Also, they mounted a powerful searchlight on the chassis for night illumination. This unit has already seen service at an unfortunate drowning in Carver, last Summer. It was also used for many hours during hurricane Donna (Sept. 12-13, 1960) when power was cut off in many parts of town.

Kingston also possesses two smaller units (117 volts only) which found service in limited ways during Donna and the December 12th blizzard. One unit furnished power for the voters at the Presidential Primary at the Town House, when power was still off on Green Street. The other furnished power for the Plympton Fire Department during Donna, and again, power to operate a life-saving machine for a polio victim during the blizzard, when a unit of the Fire Department made a hazardous run through deep snows to Plympton.

Several of our public buildings have had their wiring adapted so that any of these power units can be run to them and quickly plugged in to furnish power during any emergency. More of our public buildings should be adapted for such emergency uses.

DRY ICE: During hurricane Donna many of our power lines were down for so many hours that food stores were in danger of losing perishable foods that were vital to health and survival—especially foods needed by the sick, invalids and infants. Even if the big C. D. power unit could have been spared from its regular work,

these stores were not equipped to take power from this power unit. Hence about a ton of dry ice was secured through state C.D. channels, at a cost of \$80.00. Mr. Daniel Ellis contributed his truck and personal services to get the dry ice from Cambridge, and distribute it in Kingston.

Seven grocery stores and one pharmacy received about 1000 lbs. Only perishable foods and pharmaceuticals were serviced for they are considered vital to health and survival. Stocks of ice cream, beer and similar non-necessities were not serviced. The remaining dry ice (about 1,000 lbs) was distributed, as far as possible, to persons with large stocks of perishables in deep-freezes, which were in imminent danger of spoilage, thereby losing the product of many weeks of hard work. Nor was this the end.

As fast as electric power was restored, these grocers, pharmacists and deep-freeze owners called the C. D. office, and one or more persons picked up the remainder of the cakes of dry ice and distributed these to persons still in need, even two days later. Some cakes were used in 2, 3, and even 4 places. The cooperation was magnificent.

DONNA: (Briefly) Kingston C. D. was alerted at 3:30 A.M. on Sept. 12 and our communications unit went on full coverage at 5:30 A.M., remaining on duty until 9:20 P.M., when danger from the winds had passed and clean-up of streets and damages could be completed. Vernon Cushman, Edward Lubke, Lester Loring and Stanley Rogers put in very long hours monitoring radio messages and reporting, in addition to their regular work.

In a disaster of this type, the main role of C. D. is to serve as coordinator with all Departments, and to supply such services as are not readily available to these regular town departments in their regular duties. The cooperation of the Highway Department, the Fire Department, and the Police Department is worthy of special notice. Further, the personnel of the Plymouth County Electric Co. and the New England Telephone and Telegraph Co. are to be highly commended for their prompt work in restoring their services under trying conditions.

OTHER C. D. WORK — 1960: Fallout has been an overshadowing and major concern of nuclear scientists and C. D. personnel, for many years. In order to increase his understanding of this possible threat, your director attended, at his own expense, the OCDM Instructors Course (Office of Civil Defense and Mobilization) in Brooklyn, N. Y., October 9-15, 1960. This course proved of great value, for it covered intensively the fallout problems, and also a surprising

number of other and unthought of problems closely related, which could be just as dangerous to national survival, unless preventive measures are taken.

Much stress was placed on possible uses of chemical warfare agents and biological warfare agents in a surprise attack, what they are, how to detect them and what actions and equipment might be needed to protect field service personnel and the general public against these threats.

Considerable emphasis was placed on fallout shelters, of family size, and the instruments needed by a family to detect nearby fallout. Also foods, water and shelters and their care to prevent infection of occupants from fallout, or chemical gasses, or biological agents.

The many hours of lectures, demonstrations, motion pictures, study assignments, tests and examinations emphasized the need for more thorough preparations for very complex situations, and the need for speed, in preparing plans and informing the public of their part in a struggle for survival.

MANUALS FOR CONTROL CENTERS AND FIELD WORKERS - "MAKE THE DETAILED PLANS AVAILABLE NOW":

As a result of this school, your director intensified efforts to develop the manuals needed in the Local Control Center and the workers in the field. These now will include much more "background information" as well as general directions for coordinating all sixteen major "Services" under disaster conditions of great severity and distress. This has required many hours of painstaking and patient work, writing, stencilling and making copies, by your director and his capable secretary Mrs. Lucy Bailey. The next effort will be to complete the manuals with specific directions for each major service, according to the approved MCDA (Mass. Civil Defense Administration) plan. Then will follow the equipping and training of more key personnel to do our part locally.

The year has proved that C. D. can be effective in an emergency. The need is still for many more people, fully informed, trained and equipped, and ready for disasters of the greatest severity. My grateful thanks are again offered to all who have worked and made the Civil Defense of Kingston effective to its present degree of development.

Respectfully submitted,

CHARLES W. LAWRENCE.

Director of Civil Defense

PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

In reporting on your project's activities in 1960, our third year of operation, we are happy that many of our preliminary efforts of the first two seasons are now producing good control in many breeding wetlands.

A number of factors have contributed to this season's control; 1. The increased efficiency of the field men as a result of two or more years of training and experience. 2. In all towns, one or more of the most prolific breeding areas adjacent to population centers have been eliminated by a drainage program, effected by our power trencher. 3. While rainfall was normal during the past summer, we had lengthy periods between rains, thus giving insecticide adequate time to halt the development of mosquito larvae. 4. Little or no expenditures toward new equipment were necessary this year, this allowed additional monies toward the control work.

In the past season, we again suffered through a heavy population of the first spring brood of mosquitoes, this being a specie that produces but one brood per season. They start hatching in early May in fresh water swamps and persist as our number one pest until early June. Surveys indicate better than 50,000 acres of such swamps in this county and to effect adequate control, the cost of aerial spraying all such swamps would range up to \$50,000.00. As this is not a disease vector mosquito and as it does not produce repeat broods, I would never recommend or consider such an expenditure.

During the winter season of safe ice conditions, our men working with knapsack dusters, treat small breeding swamps on the fringe of residential communities and in some sections this treatment may be completed by a power duster on a truck. Where this limited work is accomplished, a sharp reduction of the spring brood is possible, this phase of control will be gradually expanded.

During the summer months, the crews discontinue all drainage projects and concentrate on such control of all mosquito specie as can be effected by various spray treatments, by use of aircraft, spray trucks and hand applications.

As areas are located or reported with an abundance of adult mosquitoes, residual type spraying is completed, this effort affords temporary relief in troublesome sections and the spot treatments are specific enough to eliminate the breeding entirely in contaminated waters where disease vector species are indicated.

Many breeding areas which require continuous alert control and pre-hatch treatment each week during the summer, would come under some of the following: municipal sewer beds, dumps and disposal areas used by commercial cesspool pumping concerns and in residential developments where inefficient septic tanks are leaching into streams and ponds. Storm sewer catch basins in the street are also a continuous breeding source all season.

As all of these specific places represent breeding of both the nuisance and vector type mosquitoes, it is the number one priority for each district foreman.

We have now had three summers with no case of Eastern Equine Encephalitis reported in horses or humans and while our present control policy is showing positive effect on this disease and overall progress on general control, it will continue to be my policy to produce the most effective control possible in that direction with the funds available.

Respectfully submitted,

WARREN G. HARDING, *Superintendent.*

REPORT OF THE HIGHWAY DEPARTMENT

The activities of the Highway Department during 1960 were full and varied. The snow removal program which has become a major segment of our work is increasing every year and, with the added private ways to be plowed, additional equipment will be necessary in the near future to cope with this work.

The spring clean up work is also on the increase as more and more sand is needed to cope with the winter ice conditions.

Two streets were accepted by the Town, namely Braunecker Avenue and Gray Avenue. These streets were rebuilt with the exception of a final asphalt seal, which will be applied in 1961.

The State Division of Waterways in conjunction with the County and Town constructed a sea wall along Rocky Nook Avenue; this fine project should prevent further erosion in this section.

A portion of Howland's Lane from the railroad bridge to East Avenue was rebuilt and 2-inch type I asphalt surface applied; further work on this street is anticipated when funds are available.

Winter Street was gravelled and two applications of asphalt applied. Several streets were sealed and many drainage problems corrected.

Under the Chapter 90 program a portion of Lake Street was reconstructed and a section of Pembroke Street was treated by applying a 1-inch coat of type I asphalt.

The hurricane in September added materially to the work load of this department. However, considering the damage, the town was cleaned up in a remarkably short time through the continued fine cooperation of the Tree, Fire and Civil Defense Departments.

Respectfully submitted,

G. PALMER HOLMES,
Superintendent of Highways

REPORT OF THE DIRECTOR OF VETERANS' SERVICES

The annual report of the Office of Veterans' Services for the year ended December 31, 1960, is hereby submitted:

Active cases, January 1, 1960.....	8
New cases.....	22
Cases closed during the year.....	17
Cases denied.....	5
Out of Town cases processed.....	7
Disability pensions processed.....	4
Veterans Hospitalized.....	5
Active cases December 31, 1960.....	13

The facilities of this office are available each Tuesday evening at the Kingston Town House between the hours of 8 P.M. and 10 P.M. to all veterans and their dependents who desire counselling or assistance.

Respectfully submitted,

LAURENCE P. REID, *Director*

Veterans' Services

REPORT OF THE LIBRARY TRUSTEES

To the Citizens of Kingston:

Your library trustees present the following report of the 1960 operation of the Frederic C. Adams Public Library.

Town Appropriation from Dog Fund and Tax Levy

1960		Receipts	Payments
March 19	Town appropriation	\$4,300.00	
	Librarian salaries		\$1,904.77
	Janitor salary		720.00
	Fuel Oil		333.36
	Electricity		147.81
	Telephone		91.00
	Books		1,073.94
	Supplies		19.50
Dec. 31	Balance unexpended		9.59
		<u>\$4,300.00</u>	<u>\$4,300.00</u>

Income from Endowed Funds and Book Fines

1960		Receipts	Payments
Jan. 1	Balance from 1959	\$10,326.15	
	Am. Tel. & Tel. dividends	39.60	
	Plymouth Cordage dividends	341.60	
	Plymouth National Bank dividends	114.40	
	Atcheson, Topeka & Santa Fe interest	20.00	
	Denver & Rio Grande Western interest	49.50	
	Savings Bank deposits interest	844.52	
	Book fines, paid to Town	90.80	\$90.80
	Returned to principal funds		8,826.48
	Books and periodicals		35.52
	Extra help		72.40
	Repairs		809.16
	Supplies and postage		61.93
	Bank service and safe deposit		5.00
	Treasurer's salary and bond premium		110.62
Dec. 31	Balance of "income" unexpended		1,814.66
		<u>\$11,826.57</u>	<u>\$11,826.57</u>

The use of the Library by townspeople has increased twenty-five percent in the last two years. Many have given books or magazines, and to all of these friends of the Library we extend our grateful appreciation.

Your Library Trustees have for a long time been considering the obvious need for enlarging and improving library facilities to accommodate our growing population. Interested townspeople have also presented the Trustees with requests for a children's library room. The board feels this is an urgent need and has consulted a public library specialist from the Massachusetts Division of Library Extension.

Our Library can be one of the most important centers of community life in Kingston. The amount of \$25,000 from the Elizabeth B. Sampson Memorial Fund plus the \$2,000 direct bequest to the library might well be used to readapt, equip and furnish a modern children's reading room.

This could be a most appropriate living memorial to one who loved good reading; and such a well furnished children's library room would be particularly well suited for the public display of a memorial plaque.

Respectfully submitted,

HENRY J. PECK, *Chairman*
 JANET C. CIAMMARCO, *Secretary*
 ROLAND S. BAILEY, *Treasurer*

REPORT OF THE PLAYGROUND COMMISSION

The Reed Community Building continues to be a center of social and civic activities. There were 102 paid rentals totalling \$691.00 compared with 73 paid rentals totalling \$576.00 in 1959. There were also 275 free rentals. Included in the free rentals were the following civic and recreational groups: Girl Scouts, Boy Scouts, Cub Scouts, Church Organizations, Elementary and Silver Lake Schools, Hilltop Basketball League, Kingston Civic and Reed Community Clubs.

A total of 1,240 boys and girls attended the eight-week Supervised Summer Program. The boys' activities included an organized baseball league, two basketball leagues, daily tournaments of horse-shoes, shuffleboard, twenty-one, ping-pong and whiffleball. Other sports included gymnastics, football and track. Again the popular 1,000 point contest was carried out.

The girls' program, which was attended by a total of 603 girls, consisted of arts and crafts, nature walks, sports, folk dancing, and weekly cook-outs.

The climax to the fine summer program was a well attended family night with races, father and son competition, and a stage musical presented by the girls. Awards were presented at this time to boys and girls for outstanding achievements during the summer.

The new basketball court saw much action not only during the morning program but in the afternoon and evenings when older boys made use of it.

Regular meetings of the Playground Commission are held the third Monday of each month at 8:00 P.M. in the Reed Community Building.

Respectfully submitted,

GEORGE A. CANDINI, *Chairman*

ANTONE J. SPATH, *Secretary*

JOSEPH A. GOVONI

GEORGE E. COBB

WILLIAM F. CAREY

Playground Commission

REPORT OF THE PARK COMMISSION

We are happy to announce that the long-range improvement and beautification program will continue for the next several years. Three white dogwood trees were planted on the Town Green early this past Fall. Three pink dogwoods, which were not available when ordered, will be planted in the Spring of 1961. These plantings serve a two-fold purpose - additional beauty to the Town Green and replacement for the elms which may in the future have to be removed. Seven maples were planted at Gray's Beach Park, and it is intended that next year additional maples and weeping willows will be planted. As the new trees approach suitable size, the old apple and elm trees should be removed and thus facilitate parking and improve the general overall appearance of the park. It is planned that additional plantings and general improvements will begin at the several other areas under the control and supervision of this commission.

The concession stand at Gray's Beach Park was leased for \$125.00 in 1960. Non-resident parking fees income totalled \$1,949.25, which is some \$600.00 below the 1959 receipts. This can be attributed to higher parking fees and poor beach weather. It is noted, however, that residents do not have the difficulty in locating parking space as formerly. An insurance claim due to vandalism amounted to \$150.00. Total expenditures amounted to \$5,036.43.

1960 parking fees for non-residents were established at the following rates - \$1.50 on weekends and holidays, and \$.75 on weekdays. Adequate lifeguard and police protection was maintained.

Funds are being requested in 1961 for road improvement and maintenance at Gray's Beach Park. This work is urgently needed if we are to protect the town's investment. When completed the road should be back in A-1 condition and a certain amount of beach erosion should therefore be eliminated.

To further protect and improve the beach area, we feel that serious consideration should be given to the erection of a breakwater at the Southern end of the beach. State aid for this project may be available.

We take this opportunity to publicly thank the Board of Selectmen, the Police Department and the Tree Department for their invaluable assistance during the year. Appreciation is also extended to those interested citizens who gave constructive suggestions. The assistance we received has been most gratifying.

Respectfully submitted,

PAUL L. VANTANGOLI, *Chairman*
EMMETT B. BAKER
BRUCE F. SMITH

Park Commissioners

REPORT OF THE BOARD OF HEALTH

During the year three public clinics were held for administering initial and booster injections of polio vaccine. One clinic was held for school children at the Elementary School, plus two evening clinics for adults at the Town Hall. The vaccine was administered by Dr. W. Vernon Mayo to a total of 983 persons who attended these clinics. The Board is most grateful to the School Nurses, Mrs. Dorothy L. Felt and Mrs. Helen L. Peterson who donated their services and time. There was no charge for these clinics as vaccine was made available through the State Public Health Department at no charge to the town.

Plans were formulated with the help of the Elementary School Nurse, Mrs. Dorothy L. Felt to arrange for a Tuberculosis Clinic to be held early in 1961.

Mosquito control during the summer months was carried on with the mist blower by covering the streets of the town for four of the seven nights of the week. It has been our opinion that good insect control was effected by this method, hence no aerial spray was used this year.

Final determination of the litigation in the dump case, Lenari vs. Town of Kingston, is still unresolved.

Respectfully submitted,

WILLIAM A. MacPHAIL, *Chairman*
JOHN J. MOORE
JOHN C. McCANN

Board of Health

REPORT OF THE INSPECTOR OF ANIMALS AND INSPECTOR OF SLAUGHTERING

During the past year approximately 250 cattle were shipped into Kingston from Vermont, New York State, and Canada. These cattle were inspected and found free of disease. Reports of these inspections were made and forwarded to the State Division of Livestock Disease Control in accordance with the General Laws.

This year 12 dogs were quarantined on suspicion of rabies because of bites imposed. However, all of these dogs were released after the customary 14-day observation period, inasmuch as no signs of rabies appeared. Reports of the foregoing cases were forwarded to the proper State authorities.

There have been no cases of slaughtering in Kingston during the past year.

The annual inspection of animals and the premises in which they were kept was made and the report forwarded to the Division of Livestock Disease Control.

I wish to thank Mrs. Irma A. Ruffini and the members of the Board of Health for their cooperation in organizing these inspections.

Respectfully submitted,

RAYMOND RUSSO, D. V. M.,
Inspector of Animals and Slaughtering

REPORT OF THE FIRE DEPARTMENT

The following calls were made by the Kingston Fire Department during 1960:

- 30 - building fires
- 15 - automobile fires
- 3 - automobile accidents
- 2 - oxygen calls
- 7 - out of town calls (3 of these calls were from drownings)

In addition well over 100 runs were made, which included those at the time of the hurricane, snow storms and routine inspections.

In accordance with the vote of the 1960 town meeting, the Department purchased a rescue boat, trailer, outboard motor and necessary equipment to provide the Department with a much needed emergency rescue facility.

We again express appreciation to the Company for their continued and excellent services to the town.

Respectfully submitted,

G. PALMER HOLMES, *Chief Engineer*
WILLIAM A. MacPHAIL, *Clerk*
CLARENCE R. DREW

Fire Engineers

WATER COMMISSIONERS' REPORT

During the past year the town of Kingston supplied the following amount of water:

Elm Street -- Diesel and South Street
Pumping Stations.....163,131,445 gallons

This is the largest amount of water to be supplied to the town of Kingston in any one year. In 1959 there were supplied 148,704,636 gallons or 14,426,809 gallons less.

The Water Department turned over to the Town Treasurer \$33,745.50 as compared to \$32,520.95 in 1959 or an increase of \$1,224.55. There were 4,617 feet of water mains installed or replaced:

Pleasant Street -- 600 feet
Holmes Avenue -- 700 feet
River Street -- 2,717 feet
Braunecker Avenue -- 600 feet
7 hydrants installed
24 new services
39 Old Services renewed
13 Meters installed
2 Hydrants damaged by trucks or cars

The analysis of the town water by the Massachusetts Department of Public Health was excellent.

Summary of Statistics

Date of establishment	August 1886
Sources of Supply	Artesian and gravel packed wells
Mode of Supply	Gravity-Pumping

Consumption

Estimated Population supplied (Average)	5,000
Total consumption for year	163,131,445
Gallons per day per Capita	90
Gallons per day for each service	260

Distribution

Kind of Pipe	Cast iron -- Cement Asbestos, and Copper tubing
Sizes	2" to 14"
Miles in use	45½
Number of hydrants in use	245
Range of Pressure on Mains	67 pounds to 120 pounds
Number of Services in use	1,716

Well Development

Thirty-four (34) 2½" Test holes were made during the year for prospecting for new sources of water supply. We have located three possible well sites with quality and depth to the satisfaction of the State Board of Health. An extended pumping test will be necessary to prove the yield of the areas.

Personnel

Mr. Paul Verdelli, an employee of more than 19 years' service died suddenly on May 20, 1960. With his passing the town has lost a valuable employee. Mr. George F. Malone has been chosen to fill the vacancy.

Recommended Projects for 1961

1. The Water Commissioners hope that the voters will vote this year to develop a gravel-packed well and purchase necessary equipment; provide a building and install a pipe line to the main on Summer Street for an additional water supply, in accordance with the recommendations made in the 1957, 1958 and 1959 reports.
2. To continue the study for desirable locations for additional wells.
3. To replace the present 6-inch main with a ten-inch main on Howland's Lane, beginning at Main Street to East Avenue or for a distance of 2,500 feet.
4. To take steps to acquire control of the land near the South Street well in accordance with the recommendations of the State Department of Public Health.

We wish to commend the various Boards, department heads and personnel for their cooperation during the year.

Respectfully submitted,

EARL S. SAMPSON, *Chairman*
RICHARD W. LORING
RICHARD W. O'BRIEN

Board of Water Commissioners

REPORT OF THE WATERFRONT COMMITTEE

During the year an additional section was added to the launching ramp which now allows the smaller boats to launch at practically low water. A portion of the ramp was widened and it is our intention to complete this work next year. In doing this it should be easier to back the boat and vehicle to tide water.

The old float should be replaced in the near future, however, with care being exercised it might last another year.

A new member, Clinton T. Keith, has been appointed to fill the unexpired term of John L. Bailey who resigned because of a change of residence. The interest and cooperation shown in this department by Mr. Bailey was very much appreciated.

We wish to thank the Highway Department and the Harbor Master for their assistance when the storm endangered the floats.

Respectfully submitted,

CLARENCE R. DREW, *Chairman*
GEORGE B. DREW
CLINTON T. KEITH
Waterfront Committee

ANNUAL REPORT OF THE FISH COMMITTEE

We are pleased to report that after a three year delay, the Massachusetts Division of Marine Fisheries found it possible, about September 1, 1960, to make a very worthwhile beginning in rebuilding our herring ladder, as it operates between Bryant's Mill pond and Sylvia Place pond.

This location makes work slow, as all materials i.e. cement, sand, gravel, steel, lumber etc. have to be handled or pushed in by wheelbarrow, more than 500 feet from the nearest spot which can be reached by truck.

Mr. Arthur J. Dupuis, who is in charge of the Division of Marine Fisheries in this section, with two of his assistants, started our project about Labor Day, and in spite of the transportation handicap, very cleverly managed to rebuild nearly half of the ladder. We believe it to be an outstandingly fine piece of work.

No more of this intricate cement work can be done until warm weather next Spring. Then Mr. Dupuis expects to complete the whole project, after the run of herring are up in Sylvia Place pond, completing the whole project in ample time for the young fry to come down the ladders and the Jones River on their way to salt water.

Mr. Dupuis agreed with Chairman White of our Fish Committee that in an effort to increase the size of the herring breeding in Russell's and Sylvia Place ponds, it would be very wise to haul in by tank truck from the Canal area, several loads of a larger variety of herrings. This was done, and they were unloaded directly into Russell's pond.

The original herring ladders were built in 1938, under a W.P.A. Project, and the fact that they have stood up all these years, surely proves they must have been properly designed and well built.

Respectfully submitted,

FRANCIS H. WHITE, *Chairman*
OSWALD W. STEWART
ALBERT H. HOLMES, *Secretary*

Fish Committee

PLYMOUTH COUNTY EXTENSION SERVICE

During the latter part of March 1960 your local Director for the Plymouth County Extension Service, passed away. She very ably performed the required duties and was at all times helpful. The Selectmen have thus far been unsuccessful in obtaining a suitable replacement for this position.

Following is a report submitted by the County Agent-Manager.

The Plymouth County Extension Service (legal Name - County Aid to Agriculture) is located in the Court House, Brockton. Since 1915, when it was first established, the Extension Service, in cooperation with the University of Massachusetts and the United States Department of Agriculture, has been furnishing information in three categories - Agriculture, Home Economics and 4-H, to the citizens of Plymouth County.

The Extension Service is known as the educational arm of the United States Department of Agriculture. In other words, its job is to supply information to people who request it and who reside in Plymouth County. A staff of agents conduct programs (in Agriculture, Home Economics, and 4-H Club Work) by furnishing educational information through farm and home visits, letters, newspaper articles, radio talks, meetings, and office visits. Basically the job of the Extension Service has been the same since 1915, namely to supply information. The programs may vary from time to time and be of a tentative nature to meet an emergency. The basic objective of the Extension Service remains the same but people and times do change.

When the Extension Service was first organized, its job in Agriculture was to supply information to commercial farmers. However, with an increased population estimated at 30% for the past 10 years in this county the Extension Service is faced with the task of supplying information, not only to commercial farmers, but to part-time farmers, and the new home owners. The Extension Service furnishes the information, but it is up to the individual to make the decision as to how this information can be used to the best advantage.

This year, along with the normal requests for information, we had an exceedingly large number of requests pertaining to lawns and the care of lawns. This includes seeding, fertilizing and control of insects, diseases and weeds. We also had more than the usual number of requests for information on Japanese beetles, squirrels, pigeons, ants, mosquitoes, etc. It is gratifying to know that many who followed the information obtained satisfactory results.

In general, it is quite difficult to find out how much money an individual farmer saves as a result of educational information that he obtains through the Extension Service. However, this past year

we were able to do this in one particular instance. Poultrymen and dairymen in Plymouth County had asked for information pertaining to the home-mixing of grain. As a result of a series of meetings set up by the Extension agents, at which information on this particular subject was discussed, members of one cooperative in Plymouth County are now saving in the vicinity of \$5 per ton of grain. At this rate it means that the dairymen and poultrymen in this cooperative are saving over \$20,000 a year in their grain costs.

A new Home Department Advisory Board was established this year to assist the agents with some phases of the Home Department programs.

The young people in Plymouth County who are in 4-H Club Work participate in one of the finest "fair programs" that is conducted in Massachusetts. Plymouth County 4-H Fair, local community fairs, and other major fairs in southeastern Massachusetts provide an excellent opportunity for 4-H club members to exhibit the products they have grown, produced and made as a result of their project work. When five hundred or more 4-H club members participate in a program, it gives the public an excellent opportunity to see the results of their activities. We are particularly proud of the achievements of our Plymouth County 4-H club members.

Every citizen in Plymouth County should be aware of the fact that the Extension Service is supported by the county, state and federal governments, and that a large number of Plymouth County citizens avail themselves of the opportunity to secure free help and information pertaining to the Home, Home Grounds, 4-H Club Work and Agriculture. Requests for such information should be directed to the Plymouth County Extension Service, Court House, Brockton, Mass.

Funds for the Plymouth County Extension Service are derived principally from the County. Some federal funds are also made available through the University of Massachusetts. Most towns in Plymouth County make an appropriation at the town meeting which is used for the general expenditures of the Plymouth County Extension Service. Kingston is one of these towns. Town Directors are appointed in those towns where an appropriation is made. These Town Directors are unpaid volunteer leaders who serve as the Extension Service representatives in their respective towns.

A board of Trustees, appointed by the Plymouth County Commissioners, administer the Extension Service program.

Respectfully submitted,

ROBERT B. EWING,
County Agent-Manager,
Plymouth County Extension Service

TOWN OF KINGSTON EDUCATIONAL FUND

Report of the Trustees

The Trustees of the Kingston Educational Fund submit the fourth Annual Report covering the calendar year 1960.

INCOME

Balance, January 1, 1960	\$1,555.27
Receipts:	
Mary L. Cushman et als for the Class of 1934 (Donation)	26.00
Dividends	51.09 77.09
Balance, December 31, 1960	1,632.36
(Deposited in Plymouth Five Cents Savings Bank)	

The Trustees gratefully acknowledge the gift of the graduating class of 1934 of the former Kingston High School with sincere thanks.

Mr. Mitchell Toabe's term expired in 1960 and on March 29, 1960, Mr. Toabe was reappointed by the Board of Selectmen for a term of 5 years.

The Trustees hope that the townspeople and friends of the Town of Kingston will continue to remember the fund so that local young people with financial problems will be able to complete their education.

Please remember the fund in your will.

FINAL REPORT ELEMENTARY SCHOOL BUILDING COMMITTEE

Although the Elementary School Addition was accepted from the general contractor in September, 1959 and pupils began using the building at that time, the Elementary School Building Committee was continued through 1960 both to supervise the obligations of the general contractor during the one year guarantee period and to oversee the work of the site development contractor. Also a few additional items of equipment were purchased during the year.

The last Committee bill was approved in October, 1960 and then the extensive file of records required by the State School Building Assistance Commission was prepared, much of the latter work being done by the Town Treasurer, Mr. George W. Cushman. This file was submitted to the Commission on December 6, 1960 at the same time that a summary of the report was given to the Kingston Board of Selectmen and Finance Committee.

These figures showed the following division in cost between items entitled to reimbursement and those not so entitled:

With reimbursement.....	\$255,006.03
Without reimbursement.....	3,814.51

Total cost..... \$258,820.54

These cost figures and the breakdown as regards reimbursement were accepted after auditing in a letter from the School Building Assistance Commission, dated January 5, 1961.

So far as the Town is concerned, the Committee's figures were complete with the summary of December 5, 1960 to the Selectmen and showed the following:

Funds available:

1957 Appropriation.....	\$ 3,083.16
1958 Appropriation.....	17,000.00
Aug. 1, 1958 Bond issue.....	260,000.00

Total \$280,083.16

Surplus:

Funds available.....	\$280,083.16
Total cost.....	258,820.54

Surplus \$ 21,262.62

The Elementary School Building Committee was appointed in May, 1957. In over three and a half years, many persons have been extremely helpful to us, including Town officials and other employees, the Kingston School Committee and the Administration and other personnel at the Elementary School. To all of these the Committee is most grateful.

REPORT OF THE SCHOOL COMMITTEE

The year 1960 was one of continued progress in the Kingston School System. Our new school plant leaves little to be desired and the pleasant environment makes for a happy faculty and an enthusiastic student body. A visit to the school leaves the impression that learning while having fun is the theme of the day.

A renewal of last year's lease with the Silver Lake School Committee for the use of the old high school was negotiated. In addition, we agreed to allow Silver Lake to use the Maple Avenue School.

The teacher turnover in 1960 was again extremely light and we are happy that the teaching staff consists of teachers with many years of experience. Teachers' salaries were adjusted in September to conform with prevailing rates in the area.

The teaching techniques adopted in 1959 were continued in 1960. Conversational French, the use of educational T.V. and other media were used to their best advantage.

The class for exceptional children formed by the school union in 1959 was continued in 1960. The only change is that instead of Kingston children being transported to Pembroke, the class is now in our elementary school and no transportation expense is involved for Kingston.

A summer workshop is planned for 1961 for some of our faculty to study with faculty members of the other union towns to coordinate the elementary program to make it more compatible with the requirements at Silver Lake.

Mr. Paul H. Armor of Pembroke Street, Kingston, was the unanimous choice of your committee to represent us as a member of the Silver Lake Regional School Committee. The other member is Howard B. MacFarlane of our committee.

Our school system was again operated during the year in a most efficient manner and we are of course grateful to the educational staff for making this possible.

The 1960 expenditures, the reports of the educational staff, and the 1961 budget will be found on the following pages.

REPORT OF SUPERINTENDENT OF SCHOOLS - 1960

It is a pleasure to submit my thirteenth annual report to the school committee and citizens of Plympton. The various principals and supervisors in our schools will outline briefly some of our accomplishments during 1960, together with any recommendations for the future that may seem to be expedient in the following pages.

Our introduction to this report will consist of discussion of the past decade of change in organization with a look at the decade ahead. The Regional School district organization was initiated here over ten years ago. We were the first regional school district in Plymouth County; since that time Bridgewater, Lakeville, Marion, Plymouth, and Whitman have voted or built regional schools. If our school program is carefully studied, it is evident that we stand up well with Dr. Conant's "American High School Today" and his latest "Education in the Junior High School Years."

These facts indicate organizational progress has been made during the past decade. Our school program is much more comprehensive than anything a single town could have done alone. Uniformity in supervision in four towns in Grades I-XII has allowed us to set higher standards and also to be sure that all pupils are similarly equipped to enter the high school grades. Good starts have been made in the direction of special education and in advanced placement of pupils. Cooperatively these changes are possible but would probably not have taken place in individual towns.

School building has plagued our district at all levels during the past decade. For the most part we are just about able to keep up with the increased pupil load. Since our pupil load has increased as follows:

1940 - 455, 1950 - 575, 1960 - 881

new construction has been necessary to take care of this increase as well as to improve older buildings. With the exception of six classes of grade VII all pupils in the district are adequately housed in very acceptable buildings. The loss in March, with the subsequent approval in September, of the addition to Silver Lake Regional High School will necessitate double sessions next year in Grades VII and VIII until the addition can be completed.

If we examine our program ten years ago, many deficiencies are noted - nothing was being done in special education for those needing it, absence of homogenous grouping allowing for high ability groups, re-evaluation of needs in science education, establishment

of advanced placement groups at high school level, no elementary physical education program, no summer school, no evening school, no vocational offerings except Pembroke's Home Economics course, and no high school library. These deficiencies have been met along with sufficient housing to keep the program functioning. Certainly our towns have provided the basis of an excellent school program and we are grateful for it.

Only time is needed to demonstrate the values of the progressive planning of our Regional Planning Board of 1951. Our schools are doing a better and more complete job today than was possible ten years ago. Proper planning for the next ten years is just as important now as it was in 1951 if we are to maintain the gains we have made. Good schools do cost money and while ours have cost near the state average, each of the last two years, we are doing a better than average job for our communities, I am sure.

Finally, if our district continues its growth at the rate indicated during the last twenty years, we can look forward to doubling our school capacity during the next ten years. This may seem a bit fantastic and a bit far away, but the facts seem to indicate otherwise. As has been pointed out before by your administration, our present organizational pattern can easily double and still be very functional. Perhaps after another decade has passed and the fullest potential for this pattern has been realized, a new arrangement can be set up for the expansion beyond that point.

Your principals' and supervisors' reports that follow will show you some of our improvements last year as well as our immediate needs to keep our program of advancement in motion.

Silver Lake Regional High School

The patrons of the school are undoubtedly interested in some of the accomplishments of the regional high school during the past year. In part the attainment of these achievements has come about as a result of recommendations made by the Visiting Committee of the New England Association of Colleges and Secondary Schools. Some of the more significant accomplishments have been:

1. The introduction of a remedial program in reading for students who have below-level skills in grade 7 and 8.
2. The realization of a Language Laboratory as a supplementary device for effective instruction in the area of senior high school foreign language.

3. The reorganization and expansion of the guidance program. This has entailed a separation of the administrative functions of the dean of women from that of the guidance area so guidance personnel may now concentrate on their main responsibility. Another counselor was added to the high school staff since the last academic year, thus bringing up our personnel to three in the guidance area. We are still somewhat below the Conant recommendation with regard to the number of counselors.
4. There have also been improvements within the library. More shelving has been added together with more books. This is the result of a sizeable increase in the budget that took place this past year. Since the library is the intellectual center of the school it is only proper that the efforts of everyone concerned should be extended to building up this facility.
5. Our faculty is currently engaged in assembling practical material for the formulation of courses of study in each subject area. The task has already been completed for junior and senior high school English and the manuals are in use currently by our English teachers, following approval by the school committee. A course of study should make possible more effective instruction within a particular subject area. It will avoid needless repetition from year to year as well as afford to the teacher a device that will provide for economical use of time.

It is significant that this past year saw a continuation in the slow-down of faculty turn-over. A good school is dependent upon a stable faculty where the rate of turn-over is of minimal character. One of the major problems at Silver Lake has been the high proportion of teachers new to the system that have been employed each year. Currently we have 19 teachers who have taught in the region for four years or more. This represents less than 25% of the total staff but it does represent a fine nucleus around which to build for the future. On the other hand, we are currently employing ten teachers who have taught less than one year in our district and we need to retain and develop this group along with those that have been here for greater periods of time.

The school committee should be commended for its forward looking thinking as expressed in the last annual report to the taxpayers of the four towns. Reference is made particularly to the following paragraph:

"It has been of considerable concern to many committee members for some time that high school is terminal education for about 60% of the students. At the opening of school this past fall, a general course was introduced at Silver Lake. More courses are directed toward this group of students who are not college bound. We believe the introduction of this general course will tend to make better and more intelligent citizens in the community."

In line with this thinking not only has the general course been introduced but efforts have been made to help the very gifted student as well as the very slow student. Since we are a comprehensive high school, and this has been the guiding philosophy since the inception of the school, we must try to meet the needs of the several groups that go to make up the school society. All of these people are ultimately going to be adult members of the community. The school, as an institution, should do everything that it can to prepare these people for the responsibilities of citizenship.

Generally speaking some of the more important ingredients of a good secondary school are (1) a sound school philosophy that has been translated into a practical working procedure, (2) a program of offerings designed to meet the varying needs of different students and (3) effective instruction.

Vocational School

1960 marks the end of the fifth year of vocational education at Silver Lake. This makes it possible for us to make the first five-year survey of our graduates to determine the degree to which our graduates have carried out the purposes of vocational education, the most important of which is to train for competency in the trade. While making this survey we discovered many other interesting facts about our graduates.

The armed services continue to have a significant influence on any job placement survey in these times. Of the 72 boys graduated from vocational classes in the past five years 22 boys, or 30 per cent, are still in the various branches of the armed services. Since these boys cannot be classified by trade while so occupied, their numbers are omitted from the placement statistics which follow. However, 7 boys classified as "unknown" are included, and if statistics on these were known, they would have significant effects on the totals.

The most important classification would be the number employed in the occupation for which they were trained—72 per cent—and this may be higher when the "unknowns" are classified. By divisions this employment in the trade breaks as follows: Agriculture 5 out of 6 or 83%, Automotive 13 out of 20 or 65%, and Carpentry 16 out of 21 or 76%. Not in the trade—Agriculture none, Automotive 4 out of 20 or 25%, and Carpentry 2 out of 21 or 9%. Unknown in Agriculture 1 or 17%, Automotive 3 or 15%, and Carpentry 3 or 14%. Not included in these percentages are the boys in the armed services—5 from Agriculture, 11 from Automotive, and 6 from Carpentry. It is reasonable to expect these graduates to return to the trade in at least the same percentage as those not in the service. The same can be said about the unknowns.

It is my opinion that our placement record is a good one, even though it is our first five year survey. As our graduates become more numerous and our program better known in the area, I believe we can look for an even higher record. Still another conclusion might be that the choice of which vocational departments to include in the Silver Lake school was a sound one. Perhaps the future of our region will dictate still another trade, but for the present it would seem that our present program is functioning very well for such a relatively young school.

Highlights of our departments for the past year include the outstanding record of our agricultural students in regional and state contests. Two of our boys were chosen to go to Kansas City to represent the state in a national F.F.A. convention, and three of our boys placed in the top four positions in three judging divisions at the University of Massachusetts. In addition, the Future Farmers of America organization continues to be one of the most active student organizations in the school. The Automotive Department enlarged its offering, to include front end work with the addition of a new wheel balancer. This year our auto instructors served as hosts for two service clinics for the automotive business people in the area. This department continues to provide innumerable services to the school's mechanical needs, including a preventive maintenance program on all school vehicles and machines. Carpentry continues with its house-building project in the Ah-De-Nah section of Kingston. A highlight in this program will be the Open House scheduled for late February or March. It is hoped that residents of the region will visit our project on this occasion. In addition to its house project, the department has been busy doing many "service" jobs for the Regional School and the local schools, such as closet shelving, bookcases.

bellows bands, and a new tool on one of the smaller elementary schools.

Civil Homehold Arts is enjoying its most successful year since the opening of the department in 1955. Here again, the number allowed is limited, but interest is greater than previously. Much credit should be given to the high school guidance services which brought the situation into being. Since this course is offered to girls in grade 9 and 10 only, it is now coupled with the general commercial or clerical program in grade 11 and 12. A limited non-vocational opportunity is still provided for girls in grade 11 or 12 in Homemaking III which meets one period a day.

Our evening adult education program continues to attract a substantial number of residents to evening classes. No new courses were added this year, but the total registration holds at about 200. While repeated attempts to promote classes in academic areas have proven unsuccessful, it would seem that the evening program as a whole is serving the region in the type of training most needed, namely in the evening practical arts.

Elementary School

The Elementary School was indeed fortunate this fall to have had a very small teacher turnover. Mrs. Mary Guidoboni and her family moved to East Brunswick, New Jersey, where she and her husband are both teaching. Her fifth grade was taken over by Mrs. Ann Bosari who returned to teaching after an absence of several years. Miss Sylvia Corsini resigned to teach in Germany and was replaced in her third grade by Mrs. Janet Rouvales, a graduate of Boston University. Supervisory changes consist of Miss Joan Marston, a graduate of the New England Conservatory of Music, as vocal music supervisor in place of Mrs. Jo Ann Fox who left to go to the middle west with her husband. Mrs. Elizabeth Longhi, physical education instructor, transferred to Silver Lake and her place was taken by Mrs. Marilene White, a graduate of Bridgewater State Teachers College.

Teaching tools make a difference in the quality of the teaching conducted. Our modern and functional building, with its up-to-date equipment and audio-visual aids material, helps greatly to expand and enhance the "Three R's".

We are continuing departmental work in the sixth grade for the third year. One teacher handles all the reading and language, another teacher all the social studies and literature, and a third teacher all the arithmetic and science. Each homehoom instructor teaches the minor subjects to his own class.

Last year homogeneous grouping was introduced in grade three. It proved so successful that it was extended to include grades four and five this year. In a sense, departmental work begins in grades three, four and five to help prepare pupils for the expanded program of grade six, which in turn, should help bridge the gap between sixth and seventh grade procedures.

The T.V. program, "Parlous Francais" has added second French to its curriculum. This is being viewed by grades five and six. Grade four participates in the first year program and a third year course is being planned for next year's sixth grade. In order to introduce to teachers what is being offered in each week's lesson, an excellent instructional program is televised for them every Monday afternoon. Further help is provided for them by a workshop of eight meetings. Miss Ethanne Smith, area coordinator, meets with them once a month and gives them much help in methods, pronunciation and inflection. Foreign language study helps establish a link with the rest of the world and should be started early with children while their vocal cords are still flexible enough to learn new ways of sounding words.

Participation in the T.V. music literature and science programs continues on an optional basis. A very special science course is being offered to grades one and two in February.

The special class formerly located in Pembroke is now housed in Kingston. Mrs. Olga Alfonso, a graduate of Pembroke College, is the teacher in charge. Children from the Union are transported to the class.

Last spring the elementary school principals of the four towns conducted a series of meetings to establish the objectives they wished to attain in the first six grades. Much time was also spent on the revision of report cards and a uniform card was planned and adopted with marking periods to close and cards to go out at the same time as those of Silver Lake.

The higher the enrollment the more problems are presented. Perhaps in the near future we may be able to add a remedial teacher to our system to help capable youngsters who need individual attention for their special reading problems. In the past few years we have had an increasing number of children with speech difficulties so it might be wise to consider the addition of a part time speech therapist, also.

The close harmony and cooperation which exists between the staff, administrators, and school committee makes it possible for quality teaching to take place. All that can possibly be done to insure successful teaching is being carried on by all concerned.

Art

The swing of the pendulum in art education has moved from the acquisition of skills and knowledges as the outstanding purpose, to the often wild, exaggerated importance of unhampered creativity. Presently the swing is to the reverse, moving back to a greater concern for the development of techniques. This is a welcome sign providing it does not swing too far back, and provided *appreciation* does not continue in a minor role. It is important, too, that we make it possible to stimulate the children into the realm of abstract thinking. This, along with the techniques can do much towards vitalized correlation in a balanced program.

My plea is not for more time to be spent in art, but rather a recognition of the importance of *creativity* as an essential part in the educational experiences for all young people who are soon to assume their adult roles in a democratic culture.

At the elementary level, to insure adequate art supervision, many things have been incorporated into the program. It is under constant evaluation and upgrading. This way only the most meaningful experiences will be employed. This study should result in a written curriculum for classroom use. As the classrooms grow it becomes more obvious that more personnel will be needed at this level.

Throughout schools today there is a beginning realization that we are entering an era in which greater demands than ever before are going to be made on human ability to learn, to teach, to invent and to dream.

Music

This past year the students in our Regional High School displayed their talents on many different areas—vocal, instrumental (band and orchestra). Finally, the long reaching goal of the music department is now showing itself in full view.

Last year Silver Lake captured 11 vocal and 11 instrumental spots in the South Eastern District Concert held in Weymouth. Five students represented Silver Lake at the All-State Band, Orchestra and Chorus Concert held in Worcester. Thirty-one students were placed in the South Eastern Massachusetts School Bandmasters Association Concert with Silver Lake being the host school. Fifteen students from Silver Lake also played in the Semsba Band which performed at the 125th anniversary of the Plymouth County Teachers' Association. As of this writing, 10 instrumental and 3 vocal students have already been accepted for the South Eastern District Concert to be held in Dartmouth. Seven of these are eligible for auditions to the All-State Concert which will be held in West Springfield, Mass. Nine students will represent Silver Lake at the New England Solo and

Ensemble Festival to be held at North Andover, with selections from these students comprising members of the All New England band and orchestra.

Each of these concerts, plus our own elementary and high school concerts and parades prove the strengthening qualities of a sound elementary school program that continues to grow. These students owe much to the townspeople who make these school programs possible.

Physical Education

The elementary physical education program is now in its sixth year of operation. For the first three years the supervisor visited each class for a period of thirty minutes every other week. This type of program has its obvious disadvantages.

During the past three years Kingston and Pembroke have had two instructors permitting each class to meet weekly. In observing these two different arrangements for almost three years there is no doubt that the classes that meet with the supervisor every week are far superior at the end of the school year than those that meet every other week.

One of the prime objectives of a good program is to teach skills. For example, the 5th and 6th grade boys are taught the following fundamentals in their football unit: 1, stance; 2, techniques of passing and receiving; 3, pass faking; 4, proper way for runner to hold the ball; 5, straight arming; 6, body control while running, and 7, running shoulder block.

While attempting to develop these skills the student is obtaining a great deal of self discipline, a quality he must have if he is going to be successful in life.

The exercise that he gets while practicing these skills serves as a great body conditioner and unquestionably improves the student's personal health. Physical activities offer the pupil many opportunities to observe the importance of cooperation or teamwork.

Later on in the school year the boys and girls from grades 4, 5, and 6 will be having an eight week unit of square dancing. It is a great activity through which rhythm and alertness is taught.

Other activities that are given on the various levels are the following: formal calisthenics, relays, rhythmic, ball handling, and folk dancing. It is the desire of the physical education department to "expose" the boys and girls of this area to as many activities as possible.

Extra curricular activities in the elementary schools are the basketball games in the winter months which pits Kingston vs. Pembroke in a three-game series and Halifax vs. Plympton.

The big event of the school year for many of the 5th and 6th grade boys and girls in the district is the Field Day held at the Silver Lake Field during the first week of June. This meet is a competitive affair for both the individual and the school and climaxes the work for the year in this department.

Health

In addition to reporting the suggestions and recommendations of the supervisory and administrative staffs, may I add the following comment. Your schools have employed our regular physicians and nurses as required by law.

In Conclusion

May I express my thanks to Mr. Silvester, Mr. Moran, Miss DiMarzio, Mr. Andrews, Mr. Chouinard and Mr. Pierce who have helped make this report possible.

Respectfully submitted,

CHESTER T. RAY,
Superintendent of Schools.

ANNUAL REPORT

SILVER LAKE REGIONAL SCHOOL DISTRICT COMMITTEE

To the citizens of the Silver Lake Regional School District:

As the duties and functions of a school committee are not as widely known and understood by our citizens as they might be, it may be appropriate to summarize the principal duties as an introduction to our report to the citizens of the Silver Lake Regional School District.

The principal duties are:

- determination of policy
- determination of budgetary needs
- appointment of school personnel
- approval of courses and text books
- planning of school services and evaluation of the educational program.

In the discharge of these duties your committee held twenty-three regular meetings, six special meetings, and many of our members devoted much time and study to the various problems presented and discussed in sub-committee meetings.

While the final approval in September of the plans for the critically needed addition was most welcome, the time lag in obtaining approval has not lessened the problems facing the committee with respect to finding adequate temporary housing, to avoid the unpleasant alternative of double sessions for Grades 7 and 8 next year.

Long range fiscal planning can prove beneficial but it does not appear that the costs of education will decrease.

We must face the issues that confront us, and be aware that educational losses in one year cannot be regained. Some school needs cannot be postponed.

We do believe that salary schedules, building equipment and maintenance funds, and purchasing practices and policies should be subject to good administrative methods and a matter of continuing study to insure maximum return for tax dollars expended.

Without detracting from the importance of our other duties, your committee has taken an especial interest in the valuation of our educational program.

Much has been accomplished during the past year that merits mention at this time.

The establishment of language laboratory,

The establishment of remedial reading,

The establishment of improved and expanded guidance program,

The expansion of library facilities, purchase of additional books for reference and study.

Much remains to be done, and your committee, mindful of the words of Plato—"The direction in which education starts a man will determine his future life"—will continue to strive for the attainment of the highest goals of education.

We wish to express our sincere thanks to our administrators and teachers for their excellent work and cooperation during the past year, especially do we acknowledge the contributions of Superintendent Chester T. Ray, Asst. Superintendent Francis M. Moran, and Principal Arthur P. Silvester.

And we could not conclude without expressing our gratitude to the Selectmen and Finance Committee members of the towns for their help during the past year.

We commend to your study the reports of our administration and the highlights of the many accomplishments made in all areas of our educational and vocational programs that stamp our school system as one of the finest in the State.

Silver Lake Regional School District

REPORT OF THE TREASURER AND ACCOUNTING OFFICER

In accordance with Section 4 of Article 4, Regional School District Finances, we present herewith a detailed statement of the receipts and expenditures of the Silver Lake Regional School District for the fiscal year ending December 31, 1960, and the methods by which the annual charges assessed each town for 1961 were computed.

GEORGE W. CUSHMAN, *Treasurer*
FRANCIS M. MORAN, *Accounting Officer*

May 18, 1960

Silver Lake Regional District School Committee
Kingston
Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the Silver Lake Regional School District for the period from February 2, 1958 to February 29, 1960, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Director of Accounts.

Very truly yours,

(signed) HERMAN B. DINE,
Director of Accounts

HBD:MM

Mr. Herman B. Dine
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the Silver Lake Regional School District for the period from February 2, 1958, the date of the previous audit, to February 29, 1960, and report thereon as follows:

An examination and verification was made of the recorded financial transactions of the district, as shown on the books of the departments receiving or disbursing money or committing bills for collection.

The books and accounts of the accounting officer were examined and checked in detail. The recorded receipts were compared with the treasurer's books and with the departmental payments to the treasurer, while the recorded disbursements were checked with the treasury warrants and with the records of payments by the treasurer. The appropriations as entered on the ledgers were checked with the district clerk's records of financial votes passed by district meetings.

An analysis was made of the general and appropriation ledger accounts, a trial balance was taken off proving the accounts to be in balance, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the district on February 29, 1960.

The records of payroll deductions for Federal and State Taxes, and county retirement system were examined and checked. The deductions were compared with the treasurer's receipts, and the payments to the proper agencies were verified.

The recorded payments on account of maturing debt and interest were checked with the amounts falling due and with the cancelled securities on file.

The records of assessments on member towns to provide funds for operating and construction expenses of the district were checked. The payments to the treasurer were verified, and the outstanding accounts were listed.

The charges for tuition and rentals were examined and checked, the payments to the treasurer being compared with the treasurer's cash book.

The records of receipts for school lunches and athletic activities were examined and checked, the payments to the treasurer being verified.

The surety bond on file for the district treasurer was examined and found to be in proper form.

In addition to the balance sheet, there are appended to this report tables showing a reconciliation of the treasurer's cash and summaries of the assessment and departmental accounts.

On behalf of my assistants and for myself, I wish to express appreciation for the cooperation received from the district officials while engaged in making the audit.

Respectfully submitted,

(signed) WILLIAM SCHWARTZ

Assistant Director of Accounts

WS:MM

STATE AUDIT
THE COMMONWEALTH OF MASSACHUSETTS
Department of Corporations and Taxation
Bureau of Accounts

State House, Boston 33

ROBERT T. CAPELESS
Commissioner

HERMAN B. DINE
Director of Accounts

May 20, 1960

To the Board of Selectmen
Mr. John J. Moore, Chairman
Kingston, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Kingston for the period from January 1, 1958 to February 29, 1960, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Director of Accounts.

Very truly yours,
HERMAN B. DINE
Director of Accounts

HBD:EM

Mr. Herman B. Dine
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Kingston for the period from January 1, 1958, the date of the previous audit, to February 29, 1960, the following report being submitted thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined, checked, and verified by comparison with the books of the treasurer and the town accountant.

The books and accounts in the town accountant's office were examined and checked in detail. The recorded receipts were compared with the treasurer's books and with the records of departmental payments to the treasurer, while the recorded disbursements were checked with the treasury warrants and with the records of payments by the treasurer. The appropriations, loan authorizations, and transfers, as entered on the ledgers, were checked with the town clerk's records of financial votes passed by the town meetings and with the finance committee's records of transfers authorized from the reserve fund.

An analysis was made of the general and appropriation ledger accounts, the necessary adjusting entries resulting from the audit were made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1959.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded, were compared with the records of payments to the treasurer by the several departments and with other sources from which the town received money, while the recorded payments were compared with the treasury warrants and with the accountant's books.

The cash book was footed throughout, and the cash balance on February 29, 1960 was proved by actual count of the cash in the office, by reconciliation of the bank balances with statements received from the banks in which the town funds are deposited, and by verification of the savings bank deposits.

The payments on account of maturing debt and interest were verified by comparison with the amounts falling due and checked with the cancelled securities and coupons on file. The bond and coupon account was reconciled, and the outstanding coupons were listed.

The records of payroll deductions for Federal and State taxes, the county retirement system, Blue Cross and Blue Shield, and group insurance were examined and checked. The deductions were compared with the treasurer's receipts, the payments to the proper agencies were verified, and the balances were reconciled with the accountant's ledger controls.

The transactions of the trust and investment funds in the custody of the town treasurer and the trustees were verified, and the

savings bank books and securities representing the investments of these funds were examined and listed.

The records of tax titles held by the town were examined and checked. The amounts transferred to the tax title account were compared with the collector's records, and the tax titles on hand were listed, reconciled with the accountant's ledger, and compared with the records at the Registry of Deeds.

The books and accounts of the town collector were examined and checked. The tax, excise, departmental, and water accounts outstanding according to the previous examination, as well as all subsequent commitments, were audited and proved. The collections, as posted to the commitments, were compared with the cash book entries and with the payments to the treasurer as shown by the treasurer's cash book. The abatements as entered were checked with the records in the departments authorized to grant such credits, the transfers to the tax title account were checked with the records of tax titles held by the town, and the outstanding accounts were listed and reconciled with the controlling accounts in the town accountant's ledger.

Verification of the correctness of the outstanding accounts was obtained by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The surety bonds on file for the several town officials required by law to furnish such surety were examined and found to be in proper form.

The records of licenses and permits issued by the selectmen, the town clerk, and the police and health departments were examined and checked, and the payments to the State and to the town treasurer were verified.

In addition to the departments mentioned, the available records of all other departments collecting money for the town or committing bills for collection were examined and checked.

The accurate and efficient manner in which the work of the several town departments has been performed is worthy of commendation.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax, excise, tax title, departmental, and water accounts, as well

as schedules showing the condition and transactions of the trust and investment funds.

During the progress of the audit cooperation was extended by all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

WILLIAM SCHWARTZ

Assistant Director of Accounts

EDWARD C. WILSON
Associate Commissioner

June 28, 1960

To the
Board of Selectmen
Kingston, Massachusetts

I am very happy to call your attention to the paragraph on Page 4 of the report of the audit by the Bureau of Accounts of this Department in respect to your municipality for the period from January 1, 1958 to February 29, 1960.

The accurate and efficient manner in which the work of the several town departments has been performed is worthy of commendation.

You and the Town of Kingston are to be commended for the good work that is being accomplished and for the healthy financial condition of your town.

Sincerely yours,

EDWARD C. WILSON,

*Associate Commissioner
of Corporations and Taxation*

TOWN WARRANT
COMMONWEALTH OF MASSACHUSETTS

Plymouth ss.

Greeting:

To either of the Constables of the Town of Kingston in the County of Plymouth:

In the name of the Commonwealth you are hereby directed to notify and warn the inhabitants of said Town who are qualified to vote in elections and in Town affairs to meet at the Town House on **SATURDAY, the ELEVENTH DAY OF MARCH NEXT, 1961** for the following purposes, viz:

Article 1. To choose all necessary Town Officials, the following officers are to be chosen on one ballot - viz: A Moderator, a Town Clerk, a Treasurer, Two Constables, a Tree Warden, all for one year. One Selectman, one Assessor, one member of the Board of Public Welfare, one member of the School Committee, two Trustees of the Frederic C. Adams Public Library, one member of the Park Commission, two members of the Playground Commission, one Water Commissioner, all for three years. One member of the Planning Board for five years. To vote on the following question in accordance with Chapter 344 of the Acts of 1960:

Shall the provisions of section forty of Chapter seventy-one of the General Laws, relative to equal pay for men and women teachers be in force in this town?

YES ☐
NO ☐

Article 2. At the close of the Election and after the announcement of the results of the election, the meeting will stand adjourned until the eighteenth day of March, following, at one o'clock p.m. in the Reed Community Building, when such officers as are to be nominated from the floor will be chosen.

Article 3. To hear and act upon the reports of the Town Officers.

Article 4. To fix the salaries of elected officers.

Article 5. To raise and appropriate such sums of money as may be necessary to defray town charges.

Article 6. To see if the town will authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning

January 1, 1961, and to issue a note or notes as may be given for a period of less than one year.

Article 7. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Construction, or take any action relative thereto.

Article 8. To see if the Town will vote to expend the balance from the Proceeds of Chapter 718, Acts of 1956 in conjunction with and in addition to the Chapter 90 Construction program for 1961.

Article 9. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Maintenance, or take any action relative thereto.

Article 10. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a dump truck for the Highway Department, and authorize the Selectmen to turn in the present 1952 GMC dump truck now owned by the Highway Department, and apply the allowance thereof to the purchase price of the new truck.

Article 11. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a pick-up truck for the Highway Department, and authorize the Selectmen to turn in the present 1957 Ford pick-up truck now owned by the Highway Department, and apply the allowance thereof to the purchase price of the new vehicle.

Article 12. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a vehicle to be used as a cruiser-ambulance by the Police Department, and authorize the Selectmen to turn in the present 1959 Plymouth Suburban cruiser-ambulance now owned by the Police Department, and apply the allowance thereof to the purchase price of the new vehicle.

Article 13. To see if the Town will vote to accept Chapter 617 of the Acts of 1960 which will increase the amounts of pensions and retirement allowances payable to certain former public employees.

Article 14. To see if the Town will vote to raise and appro-

appropriate, or transfer from unappropriated available funds in the treasury, a sum of money to be added to the balance in the account Town House Alterations, for the purpose of continuing improvements in the Town House; said work to be under the supervision of the Selectmen.

Article 15. To see if the Town will vote to accept recommendations for the purpose of appropriating from the income of the Elizabeth B. Sampson Memorial Fund for various purposes.

Article 16. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money to be added to the balance in the account Repairs to Former Grange Hall and for engaging professional advice for preparing comprehensive plans for the reconstruction of said building.

Article 17. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money to balance the overdraft in the Fire-Maintenance account of 1960.

Article 18. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the continuation of the re-construction of a portion of Howland's Lane beginning at a point near East Avenue.

Article 19. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the continuation of the reconstruction of a portion of Grove Street, beginning at a point approximately 500 feet east of Jones River.

Article 20. To see if the Town will vote to amend the existing Zoning By-Law by substituting therefor the proposed Zoning By-Law amendment as reported to the Town meeting by the Kingston Planning Board.

Article 21. To see if the Town will vote to create a commission to make a study of the building codes including wiring, plumbing, etc., and submit a report of their findings at the annual town meeting in March, 1962.

Article 22. To see if the Town will vote to authorize the Selectmen to purchase the Kingston Railroad Station, as voted under

Article 21 at the annual town meeting of 1960, with the provision in said deed that the Town is to erect and maintain a fence along the division line between the premises hereby conveyed and remaining railroad land, if and when a fence is required by the Grantor, by the Grantee or by any public authority.

Article 23. To see if the Town will vote to authorize the Selectmen to acquire by purchase or take by eminent domain certain parcels of land and certain perpetual easements for the preservation of the existing water supply at the South Street Well, said takings to be under the provisions of General Laws, Chapter 40, Section 41, and raise and appropriate therefor.

Article 24. To see if the Town will vote to raise and appropriate a sum of money for the purpose of replacing the present 6-inch main with a 10-inch main on Howland's Lane, beginning at Main Street to East Avenue or for a distance of 2,500 feet, more or less, and to determine whether the money needed should be raised by taxation or transferred from other available funds in the Treasury, by appropriation or by borrowing under the authority of Chapter 44 of the General Laws, or take any action relative thereto.

Article 25. To see if the Town will vote to raise and appropriate a sum of money for the purpose of installing a gravel packed well on a parcel of land purchased from George Havey and for installing and housing the necessary pump, equipment, pipe, fittings and appurtenances and to connect the pipe line to the main on Summer Street for the new gravel-packed well on the Havey property, so called, off Winthrop Street; and to determine whether the money needed should be raised by taxation or transferred from other available funds in the treasury, by appropriation or by borrowing under authority of Chapter 44 of the General Laws, or take any action relative thereto.

Article 26. To see if the Town will vote to raise and appropriate a sum of money for the purpose of adding to the present appropriation for Additional Wells or take any action relative thereto.

Article 27. To see if the Town will vote to authorize the Selectmen to accept a deed of all right, title and interest from Benjamin F. Goodrich, Jr. and Natalie S. Goodrich of Duxbury of their interests in a certain way known as Jones River Drive located in the town of Kingston.

Article 28. To see if the Town will vote to accept the way known as Jones River Drive beginning at a point on the southerly side of River Street and continuing to the junction of Arrow Street and Franklin Street, a distance of approximately 2,112 feet, more or less, as laid out by the Selectmen, a plan thereof having been filed with the Town Clerk in accordance with the General Laws.

Article 29. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purpose of installing a water main not less than 6-inches in diameter, on Maple Street and a portion of Spruce Street in the Rocky Nook section of Kingston, for a distance of approximately 600 feet, more or less. (By Petition)

Article 30. To see if the Town will vote to accept the ways now known as Maple Street in the Rocky Nook section of Kingston, beginning on the northerly side of Atwood Street and continuing to Spruce Street, a distance of approximately 420 feet, more or less, and to be re-named Alden Street; and that portion of Spruce Street, beginning at the southeasterly corner of Spruce Street and Alden Street and continuing in an easterly direction to Delano Avenue, a distance of approximately 146 feet, more or less, both as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof and for acquiring titles. (By Petition)

Article 31. To see if the Town will vote to accept the way known as Curtis Avenue in the Rocky Nook section of Kingston, beginning on the northerly side of Leigh Road and continuing in a northeasterly direction to Cedar Lane, a distance of approximately 540 feet, more or less, as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof and for acquiring titles. (By Petition)

Article 32. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purpose of installing a water main not less than 6-inches in diameter, for a distance of 500 feet, more or less, on Off Tremont Street, also known as Randall Road. (By Petition)

Article 33. To see if the Town will vote to accept Section 4B of Chapter 136 of the General Laws, whereby licenses may be granted for the operation of bowling alleys on the Lord's day between the hours of one and eleven post meridian. (By Petition)

Article 34. To see if the Town will vote to accept the provisions of Section 17A of Chapter 147 of the General Laws providing for additional day off or day's pay for working holiday for Police Officers. (By Petition)

Article 35. To see if the Town will vote that the following appropriation balances be closed to Surplus Revenue:

Fire - Rescue Boat	\$41.09
Moth - Hydraulic Sprayer	15.50
Highways - Howland's Lane Reconstr.	72.36
Land Damage-Wapping Road-Decease No. 1134	16.00
Playground - Outdoor Basketball Court	7.05

Article 36. To see if the Town will vote that a sum of money now available in Free Cash be appropriated for the use of the Assessors in the reduction of the tax levy.

To transact any other business that may legally come before said meeting.

The polls will be opened at seven o'clock A. M. on Saturday, the eleventh day of March, and may be closed at seven o'clock P. M. on Saturday the eleventh day of March, 1961.

And you are directed to serve this Warrant by posting up at tested copies thereof at the main entrance to the Town House and at the Post Office in said Town, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting as aforesaid.

Given under our hands this twenty-first day of February in the year of our Lord one thousand nine hundred and sixty-one.

A true copy. Attest:

TOWN OF KINGSTON

MASSACHUSETTS

REPORT and RECOMMENDATIONS

OF THE

FINANCE COMMITTEE

TO THE

ANNUAL TOWN MEETING

1961

Together with a Copy of the Warrant Articles

and Accompanying Recommendations

**REPORT AND RECOMMENDATIONS OF THE
FINANCE COMMITTEE**

To the Citizens of Kingston:

Preliminary estimates indicate that the Kingston tax rate will increase approximately \$2.00 this year.

Operating budgets as recommended by the Finance Committee have increased in total by \$35,000.00 and fixed charges (debt and interest, county tax, etc.) have increased approximately \$7,500.00. These increases exist although the Finance Committee is recommending no salary or wage increases for any town employee. This is a tight budget and although departments will have to plan their expenditures carefully, it can be maintained.

The cost of the special articles as recommended by the Finance Committee is up slightly over last year.

It is the feeling of the Finance Committee that inequities exist in some areas as far as both wages and salaries are concerned. At a meeting of department heads it was decided to request increases of 10% across the board for all employees. The budgets as submitted included increases ranging close to 30%. In a very few cases no increase was requested. The requested increases were not in keeping with the agreed action of the department heads and would in no way alleviate the inequities which exist. Kingston has increased the number of employees on its payroll to the point where a logical, orderly, and well planned schedule of compensation should be adopted. The Finance Committee therefore recommends that immediate consideration be given to the establishment of a personnel board.

Additional future savings may be realized by the adoption of a central purchasing department and plans should be developed toward this end.

Every citizen should make an effort to be present to vote on the fiscal affairs of our town and to make their feelings known on any matter under consideration.

Appreciation is extended to the departments and commissions for their cooperation during the year.

Respectfully submitted,

NORMAN C. STEERE, *Chairman*
EARLE M. ZAHN, *Vice Chairman*
ROBERT T. WARD, *Secretary*
MARIO P. ALFIERI

Article 6. To see if the town will authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1961, and to issue a note or notes as may be given for a period of less than one year.

Recommend Favorable Action.

Article 7. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Construction, or take any action relative thereto.

Recommend Favorable Action — Not to exceed \$6,000.00 by Tax Levy.

Article 8. To see if the Town will vote to expend the balance from the Proceeds of Chapter 718, Acts of 1956 in conjunction with and in addition to the Chapter 90 Construction program for 1961.

Recommend Favorable Action.

Article 9. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Maintenance, or take any action relative thereto.

Recommend Favorable Action — Not to exceed \$1,000.00 by Tax Levy.

Article 10. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a dump truck for the Highway Department, and authorize the Selectmen to turn in the present 1952 GMC dump truck now owned by the Highway Department, and apply the allowance thereof to the purchase price of the new truck.

Recommend Favorable Action — Not to exceed \$5,500.00 by Tax Levy.

Article 11. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a pick-up truck for the Highway Department, and authorize the Selectmen to turn in the present 1957 Ford pick-up truck now owned by the Highway Department, and apply the allowance thereof to the purchase price of the new vehicle.

Recommend No Action.

Article 12. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purchase of a vehicle to be used as a cruiser-ambulance by the Police Department, and authorize the Selectmen to turn in the present 1959 Plymouth Suburban cruiser-ambulance now owned by the Police Department, and apply the allowance thereof to the purchase price of the new vehicle.

Recommend Favorable Action - Not to exceed \$2,500.00 by Tax Levy.

Article 13. To see if the Town will vote to accept Chapter 617 of the Acts of 1960 which will increase the amounts of pensions and retirement allowances payable to certain former public employees.

Recommend Favorable Action.

Article 14. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money to be added to the balance in the account Town House Alterations, for the purpose of continuing improvements in the Town House; said work to be under the supervision of the Selectmen.

Comment to be made at Town Meeting.

Article 15. To see if the Town will vote to accept recommendations for the purpose of appropriating from the income of the Elizabeth B. Sampson Memorial Fund for various purposes.

Comment to be made at Town Meeting.

Article 16. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money to be added to the balance in the account Repairs to Former Grange Hall and for engaging professional advice for preparing comprehensive plans for the reconstruction of said building.

Comment to be made at Town Meeting.

Article 17. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money to balance the overdraft in the Fire-Maintenance account of 1960.

Recommend Favorable Action - Not to exceed \$115.64 by Tax Levy.

Article 18. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury a sum of money for the continuation of the re-construction of a portion of Howland's Lane beginning at a point near East Avenue.

Recommend Favorable Action - Not to exceed \$5,000.00 by Tax Levy.

Article 19. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the continuation of the reconstruction of a portion of Grove Street, beginning at a point approximately 500 feet east of Jones River.

Recommend No Action.

Article 20. To see if the Town will vote to amend the existing Zoning By-Law by substituting therefor the proposed Zoning By-Law amendment as reported to the Town meeting by the Kingston Planning Board.

Comment to be made at Town Meeting.

Article 21. To see if the Town will vote to create a commission to make a study of the building codes including wiring, plumbing, etc., and submit a report of their findings at the annual town meeting in March, 1962.

Recommend Favorable Action.

Article 22. To see if the Town will vote to authorize the Selectmen to purchase the Kingston Railroad Station, as voted under Article 21 at the annual town meeting of 1960, with the provision in said deed that the Town is to erect and maintain a fence along the division line between the premises hereby conveyed and remaining railroad land, if and when a fence is required by the Grantor, by the Grantee or by any public authority.

Recommend Favorable Action.

Article 23. To see if the Town will vote to authorize the Selectmen to acquire by purchase or take by eminent domain certain parcels of land and certain perpetual easements for the preservation of the existing water supply at the South Street Well, said takings to be under the provisions of General Laws, Chapter 40, Section 41, and raise and appropriate therefor.

Recommend Favorable Action - Not to exceed \$4,750.00 by Tax Levy.

Article 24. To see if the Town will vote to raise and appropriate a sum of money for the purpose of replacing the present 6-inch main with a 10-inch main on Howland's Lane, beginning at Main Street to East Avenue or for a distance of 2,500 feet, more or less, and to determine whether the money needed should be raised by taxation or transferred from other available funds in the Treasury, by appropriation or by borrowing under the authority of Chapter 44 of the General Laws, or take any action relative thereto.

Recommend Favorable Action on Replacement of Main. Comment to be made at Town Meeting on method of financing.

Article 25. To see if the Town will vote to raise and appropriate a sum of money for the purpose of installing a gravel packed well on a parcel of land purchased from George Havey and for installing and housing the necessary pump, equipment, pipe, fittings and appurtenances and to connect the pipe line to the main on Summer Street for the new gravel-packed well on the Havey property, so called, off Winthrop Street; and to determine whether the money needed should be raised by taxation or transferred from other available funds in the treasury, by appropriation or by borrowing under authority of Chapter 44 of the General Laws, or take any action relative thereto.

Recommend No Action.

Article 26. To see if the Town will vote to raise and appropriate a sum of money for the purpose of adding to the present appropriation for Additional Wells or take any action relative thereto.

Recommend Favorable Action — Not to exceed \$5,000.00 by Tax Levy.

Article 27. To see if the Town will vote to authorize the Selectmen to accept a deed of all right, title and interest from Benjamin F. Goodrich, Jr. and Natalie S. Goodrich of Duxbury of their interests in a certain way known as Jones River Drive located in the town of Kingston.

Recommend Favorable Action.

Article 28. To see if the Town will vote to accept the way known as Jones River Drive beginning at a point on the southerly side of River Street and continuing to the junction of Arrow Street and Franklin Street, a distance of approximately 2,112 feet, more or less, as laid out by the Selectmen, a plan thereof having been filed with the Town Clerk in accordance with the General Laws.

Recommend Favorable Action.

Article 29. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purpose of installing a water main not less than 6-inches in diameter, on Maple Street and a portion of Spruce Street in the Rocky Nook section of Kingston, for a distance of approximately 600 feet, more or less. (By Petition)

Recommend No Action.

Article 30. To see if the Town will vote to accept the ways now known as Maple Street in the Rocky Nook section of Kingston, beginning on the northerly side of Atwood Street and continuing to Spruce Street, a distance of approximately 420 feet, more or less, and to be re-named Alden Street; and that portion of Spruce Street, beginning at the southeasterly corner of Spruce Street and Alden Street and continuing in an easterly direction to Delano Avenue, a distance of approximately 146 feet, more or less, both as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof and for acquiring titles. (By Petition)

Recommend No Action.

Article 31. To see if the Town will vote to accept the way known as Curtis Avenue in the Rocky Nook section of Kingston, beginning on the northerly side of Leigh Road and continuing in a northeasterly direction to Cedar Lane, a distance of approximately 540 feet, more or less, as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof and for acquiring titles. (By Petition)

Recommend No Action.

Article 32. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for the purpose of installing a water main not less than 6-inches in diameter, for a distance of 500 feet, more or less, on Off Tremont Street, also known as Randall Road. (By Petition)

Recommend No Action.

Article 33. To see if the Town will vote to accept Section 4B of Chapter 136 of the General Laws, whereby licenses may be granted for the operation of bowling alleys on the Lord's day between the hours of one and eleven post meridian. (By Petition)

Recommend Favorable Action.

Article 34. To see if the Town will vote to accept the provisions of Section 17A of Chapter 147 of the General Laws providing for additional day off or day's pay for working holiday for Police Officers. (By Petition)

Recommend No Action.

Article 35. To see if the Town will vote that the following appropriation balances be closed to Surplus Revenue:

Fire - Rescue Boat	\$41.09
Moth - Hydraulic Sprayer	15.50
Highways - Howland's Lane Reconstr.	72.36
Land Damage-Wapping Road-Decree No. 1134	16.00
Playground - Outdoor Basketball Court	7.05

Recommend Favorable Action.

Article 36. To see if the Town will vote that a sum of money now available in Free Cash be appropriated for the use of the Assessors in the reduction of the tax levy.

Recommend Favorable Action.
