In Memoriam

LEROY G. PECK

Born: April 18, 1902
Plymouth, Massachusetts

Died: January 11, 1972
Plymouth, Massachusetts

Several years ago Mr. Peck served the town as a member of the Housing Authority and also briefly as part-time custodian of the town disposal area. He was a familiar figure to all residents of the town and at all times offered whatever assistance was required in a pleasant and courteous manner.

A. LEWIS KEENE

Born: January 1, 1896
Kingston, Massachusetts

Died: June 23, 1972
Plymouth, Massachusetts

A familiar person to our elder townspeople, was Mr. Keene, or Jeff, as he was known to his friends. He was a retired Highway Department employee, having served the town in that capacity from 1927 to January 31, 1966. He was named an honorary member of the Kingston Fire and Forest Fires Departments after nineteen years of dedicated service. During his retirement years Jeff maintained a deep interest in town affairs, and enjoyed discussion of town events.

ARSENE A. JOUBERT

Born: June 1, 1918
Fall River, Massachusetts

Died: July 13, 1972
Plymouth, Massachusetts

A life-long resident of Kingston, "Kiki," as he was more familiarly known, served as a member of the call-force of the Kingston Fire Department for a number of years. His cheerful manner and devotion to his duties were examples of his attitude to his chosen work.

RUSSELL B. PROUTY

Born: April 15, 1915
Kingston, Massachusetts

Died: August 22, 1972
Kingston, Massachusetts

Former Veteran and Veteran's Agent for this town, Russ was also a trustee of the Ichabod Washburn Benevolent Fund. His humor and quick wit was typical of his nature. He was a conscientious and dependable servant to the citizens of the town and was always willing to grant his assistance when needed.

ALF C. LOOTZ

Born: May 18, 1899
Winthrop, Massachusetts

Died: November 18, 1972
Plymouth, Massachusetts

A World War I Army veteran and a Kingston resident for some forty years, Mr. Lootz was one of the town's most beloved citizens. He was deeply interested in the youth of the community and in town affairs. He was a member of the Kingston Finance Committee for twelve years and served on the Kingston Playground Commission for seven years. He was the founder and long-time president of the Kingston Little League. His warm and sincere manner will be sadly missed.

Mr. Roscoe A. Cole, Jr. moved an amendment Schedule C — Dog Officer — under the miscellaneous compensation schedule now reading \$1,200.00 to read \$700.00.

THIS AMENDMENT WAS DEFEATED.

A recess was called for the 11:00 A.M. special town meeting.

Mr. Lawrence B. Westgate, Chairman of the Board of Selectmen gave a brief talk on the matters that would be discussed at this town meeting and hoped that every voter would consider every article with a great deal of consideration for the best interest of the town.

Mr. Roscoe A. Cole, Jr., Chairman of the Finance Committee also gave a brief talk informing them of the several meetings held on the study of the budget items and the several articles that were presented. He took into consideration every pertinent matter in the best interest of the town and made their recommendations accordingly.

On the motion of Lawrence B. Westgate voted to reconsider Article 3 fixing the salaries of elective officers.

On the motion of Lawrence B. Westgate voted that the salary of the Treasurer be increased from \$2,743 to \$3,243; and that the salary of the Collector be increased from \$4,959 to \$5,459; and that the salary of the Town Clerk be increased from \$1,441 to \$1,941.

Mary Anne Martin moved to change the order of business until Article 48 and 49 have been acted upon.

MOTION WAS DEFEATED

Article 5. On the motion of Roscoe A. Cole, Jr. voted: that budget items 1-108 inclusive be raised and appropriated as recommended by the Finance Committee and be recited individually, and those items questioned, if any, be tabled, and

discussed separately from the floor after the entire budget has been read, and those items not questioned be voted upon as one group and one vote.

SPECIAL TOWN MEETING

February 28, 1972

A Special Town Meeting was called to order by the Moderator, Horace C. Weston at 7:45 P.M. By unanimous consent of the meeting the warrant was not read, a copy of which had been given to each voter as they entered. The Moderator appointed the following persons as tellers and administered the oath of office to them.

Joseph F. Glass
John Joseph Goslin

Joseph L. Robinson
Harvey C. LeSueur

On the motion of Mr. Roscoe A. Cole voted unanimously that the town meeting consider Article 3 first then Article 1 and 2.

Mr. Richard V. Humphrey, Chairman of the School Building Committee asked for permission for Mr. Richard Lowry of David Crawley Associates to attend this meeting (Mr. Lowry is a non-voter). There were no objections.

Article 3. On the motion of Mr. Richard V. Humphrey it was voted that the sum of \$2,065,000.00 is appropriated for the purpose of constructing and originally equipping and furnishing a new elementary school building, that to raise this appropriation the treasurer, with the approval of the selectmen, is authorized to borrow \$2,065,000.00 under Chapter 645 of the Acts of 1948 as amended, and that the School Building Committee is authorized to take all action necessary to carry out this project.

Mr. Roscoe A. Cole, Jr., Chairman of the Finance Committee advised the meeting that the Finance Committee approved unanimously favorable action on this article and further recommends that the bond issue be for 15 years.

The count on this article was: Yes — 212 No — 32.

This vote meets the two-thirds requirement.

Article 1. On the motion of Richard V. Humphrey voted unanimously that the sum of \$1,000.00 be raised and appropriated and that the selectmen be authorized to acquire for school purposes by gift, purchase or eminent domain, a certain right of way, which right of way is approximately 16 feet in width and runs for approximately 1889.37 feet along the southeasterly boundary line of a certain parcel of land owned by the Town of Kingston; all as shown on Parcel "A" on Plan numbered 21034A, Sheet 1, and filed with Certificate of Title number 13503, and duly recorded with the Registry District of Plymouth County, said right of way being for the benefit of Teresa M. Warrenner, and to further authorize said Selectmen to relocate said right of way over remaining land of the Town of Kingston and to change the relocation thereof from time to time.

Article 2. On the motion of Richard V. Humphrey voted that \$13,000.00 is appropriated, in addition to the sum appropriated under Article 5 of the warrant for the October 14, 1968 Special Town Meeting, for the purpose of acquiring a parcel of land described in said article, and that to meet this appropriation \$13,000.00 shall be included in the 1972 tax levy.

The count on this article was: Yes — 202 No — 1.

Vote checkers were: George A. Walsh, Catherine J. Bartlett, Grace B. Buhl and Mary W. Whiteley.
Number of voters present: 299.

On the motion of Lawrence B. Westgate, voted to adjourn the meeting at 8:57 P.M.

GEORGE W. CUSHMAN,
Town Clerk

SPECIAL TOWN MEETING

June 28, 1972

A special town meeting was called to order by the Moderator, Horace C. Weston at 8:30 P.M. The delay of one-half hour in calling this meeting was due to the tremendous number of people present and waiting for those to be checked in which was a long line from the front door right out to Summer Street. Copy of the warrant was handed to each voter as long as the supply lasted. The Moderator appointed the following persons as tellers and administered the oath of office to them.

Richard A. Krueger
Joseph L. Robinson
Earle M. Zahn

George E. Cobb
John B. West
James Butters

By unanimous consent of the meeting, the warrant was not read.

Article 1. On the motion of Lawrence B. Westgate voted that the sum of \$2,000.00 be raised and appropriated for the purchase of a fogging machine for the Health Insect Control Department, said purchase to be under the jurisdiction of the Board of Health.

On the motion of Mr. Cushman voted that Mr. Glenn Merithew from Campbell, Aldrich and Nulty, architects and Mr. Paul Squarcia, principal of the Silver Lake Regional High School be permitted to enter this meeting for the purpose of discussing the proposed school project.

On the motion of John J. Coffey voted that Article 2 be voted on by written ballot.

Article 2. Robert A. Wade moved that the town approve the \$15,000,000 indebtedness authorized by the regional district school committee of the Silver Lake Regional School District on May 31, 1972, for the purpose of acquiring land, constructing and equipping a new regional high school in Pembroke, constructing and equipping an addition to the regional high school in Kingston, and remodeling and making extraordinary repairs to the regional high school in Kingston.

9:55 P.M. On the motion of Felix J. Childs voted the previous question.

By a voice vote, the Moderator declared the vote as being passed by a two-thirds vote. He asked the voters if there was any question to his ruling. Apparently there were none.

Then a vote was taken on the original motion by written ballot and the motion was defeated by: Yes 213 No 476.

There were no motions made under Article 3 and 4 of this special town meeting. For the details of these articles, see a copy of the warrant which is made part of these records.

10:35 P.M. On the motion of Charles L. Farrington, Jr. voted to adjourn.

Voter checkers were: George A. Walsh, Catherine J. Bartlett and Mary W. Whiteley. Number of voters present — 709.

GEORGE W. CUSHMAN, Town Clerk

Report of the Board of Selectmen

The year 1972 saw a continuing trend of growth in the Town of Kingston. The problem of rapid growth is of great concern to the Selectmen. More and more services are required to take care of the increase in population within the town.

Plans are on the drawing boards in various stages for several housing developments. To face reality Kingston is going to experience population expansion in the very near future. Growth can be considered progress, however, a bedroom community without commensurate growth of some form of light industry and business could become burdensome. We would hope that our Planning and Appeals Boards investigate thoroughly new plans for housing, giving strong consideration to the ecological and environmental impact, not only to the area of the particular plan at hand but also to the community.

This Board has serious concern over the condition of the railroad bridge on Howland's Lane, the gateway to "Rocky Nook." The State legislature approved legislation allowing the Commonwealth to make repairs to railroad bridges during the 1972 session. An immediate appeal was made to the State for assistance, only to find that no funds were available for the program. Inquiry has been made to place this project under the "TOPIC" program, federal funding. At the present time the Highway Superintendent is coordinating this effort with the State District Highway Engineers Office. An article will be in the annual town meeting for land acquisition to provide an alternate route to Rocky Nook during the future bridge repairs.

The dog pound is now complete and in full operation, located at the rear of the town highway barn. For information as to acquiring a pet from this facility, contact Robert Nichols, dog officer. Bob has done an excellent job this past year in caring for the dogs and finding new homes for them.

We all have reservations as to expenditures, more so this year with the adventure of the 18-month budget. Realizing the quasi autonomy of school budgets, other departments to remain effective and operative will also have new needs and some increases in expenses. A few items that we would like to briefly outline and ask your favorable consideration are as follows:

1. Purchase of a new station wagon for the Highway Department. It has been past practice to turn over a second-hand police cruiser to this department necessitating expensive upkeep and repairs. We feel this to be a prudent expenditure. Again this vehicle will be available to the police as in the past for additional summer details and emergencies.

2. Purchase of a dump truck for the Highway Department. This would be a replacement of a 1961 vehicle, which has long outlived its life expectancy. Again we feel this to be a prudent expenditure and one most needed by the Highway Department.

3. Purchase of a soil survey service for the conservation commission, but available to all town departments. We feel this to be an invaluable tool at this time more than ever with all the proposed building projects at hand.

4. Significant increase for legal expenses. This budget item is for all town departments. We feel that the town will have an increasing need for legal expertise, guidance and opinions.

5. Study committee for a new police station. The town received a communication from the Plymouth Public Safety Commission on September 8, 1972, advising to make plans in the 1973 budget for a lockup facility. The commission stated that the present growth trends of Plymouth would not allow provisions for out-of-town lockup facilities in the future.

The Selectmen extend their thanks to the members of other departments and the other elected officials of the town for their help and cooperative attitude throughout the year.

Respectfully submitted,

Report of the Elizabeth B. Sampson Memorial Fund

In our report for the year 1970 the trustees outlined certain modifications to the policy to be followed in arriving at recommendations for expenditures from this fund. Essentially these revisions were intended to limit expenditures recommended to the town to either definitely extraordinary items not properly included in departmental budgets or capital projects of significant size. Having followed this policy since that time there has now accumulated over forty thousand dollars in unencumbered funds.

As is our annual practice, we are currently reviewing projects submitted by department heads, or other interested citizens, to determine whether these are qualified. It is worth repeating that in practice it has proved very difficult to identify projects substantial in size, of unquestioned value, and not burdensome to the taxpayer in terms of continuing annual cost.

This should not be interpreted as suggesting that deferring expenditure of the income is not in the town's interest. On the contrary, it may well be that a project will appear that will appeal to both the trustees and the town as eminently suitable and the required funds will be in hand. In the interim, if no immediate demands arise to employ the unencumbered balance, the trustees will review possible investments to further enhance the total that will eventually be available for financing acceptable projects.

Respectfully submitted,

HORACE C. WESTON, Chairman

Assessors' Report 1972

Board of Selectmen
Town House
Green Street
Kingston, Mass.

Gentlemen:

In accordance with Section 7, Article VIII, we present herewith a report from this department.

We are about to enter a new fiscal year in which we are faced with an 18-month period. This, in itself, will cause what we expect will be an increase in our tax rate for 1973 and part of 1974, in addition to many other expenses. We must vote 18-month budgets and, in some cases, there will be two-year budgets that must be voted in March. We once again suggest to the voters that a careful study be made prior to their voting at our annual meeting. In view of the change in the fiscal year, we cannot begin to estimate what the tax rate will be for 1973 and six months of 1974. We remind the voters once again that the assessors set the tax rate after you, the voters, establish the amount of money you wish to spend to run your town for that period of time.

In view of the change in the fiscal period, the usual new valuation of Real Estate will not show on the first six months of 1974. This could make a great increase in the rate. (Of course, the law may change. But at the time of this report, there will be no new valuation after January 1, 1973 until July of 1974 — which means that all new property or changes after January 1, 1973 will not appear on the tax rolls until July of 1974.)

REPORT ON THE MEMBERS OF THE BOARD OF ASSESSORS

The law now requires assessors to attend schools. Mr. Glass has completed and passed the Advanced Course for Assessors as given at the summer session at the University of Massachusetts and is now working on his CMA degree. Mr. Cadenhead has completed and passed the Basic Course and the course on Principles of Assessing as given at the University of Massachusetts. Mr. Barbieri has completed a course on Basic Law for Assessors at Massasoit Community College in Brockton. Laws continue to change, and we must keep up with these many changes in order to protect property owners.

We wish to express our thanks to all departments for their help during the past year. It is only with their help that our work is made

a little easier. We express our thanks to the property owners and voters for their support in the past and ask for their further consideration in the future.

Respectfully submitted,

JOSEPH F. GLASS, Chairman
HARLEY S. CADENHEAD, Clerk
ROBERT R. BARBIERI, Member
Board of Assessors

Report of the Planning Board

Our activities were as follows:

13 Lots approved under the Subdivision Control Law.

67 Lots approved under Subdivision Approval Not Required.

Herbert F. Macy was elected to the Board for a one-year term, Robert D. Sgarzi was elected to the Board for a 4-year term and William R. Fairweather was re-elected to the Board for a full five-year term.

Although fewer lots were approved than in recent years, much time has been spent conferring with those who are interested in developing land in a cluster-type manner rather than the conventional style. Cluster development, of course, requires both Planning Board and Board of Appeals approval, thus necessitating a longer consideration period between initial presentation and final approval. This may explain why subdivision activity was down this year.

A completely revised "Multiple Dwelling" by-law has been drafted, along with other various amendments to the Zoning By-Laws, all of which will be presented to the Town Meeting for consideration.

Our annual thanks go to Town Clerk, George W. Cushman who continues as our agent and is available between meetings to assist those who have business with the board.

Respectfully submitted,

FREDERICK J. SMITH, Chairman
HOWARD B. MacFARLANE, Clerk
WILLIAM R. FAIRWEATHER
HERBERT F. MACY, JR.
ROBERT D. SGARZI
Planning Board

Report of the Zoning Board of Appeals

Twenty-two petitions received and four petitions pending from the previous year 1971 received the following dispositions:

	Variances	Special Permits	Remarks
Granted	4	5	
Denied	7	4	
Withdrawn		1	
Decisions Appealed to Superior Court	1	1	Awaiting action
Suits Against Board		1	Awaiting action
Pending	2	3	

There was an increase of four petitions received over the previous year. Three appeals have been taken against the Board. A pending appeal from the previous year was ruled in favor of the appellants.

Stanley J. Kuzborski was re-appointed to the Zoning Board of Appeals for a three-year term and continues as Clerk of the Board.

Resignation of alternate member John B. Drew was received. His vacancy was filled by Joseph A. Costa.

The Board of Appeals extends their thanks to Town Clerk George W. Cushman and his staff, Chairman of Assessors Joseph F. Glass, his Board and staff, for their cooperation and assistance rendered us throughout the year.

Respectfully submitted,

This total does not include the \$1,873,000.00 estimated cost for the Elementary School addition.

For comparison purposes 132 permits were issued in 1972 with an estimated cost of \$2,282,555.69. In 1971 there were 171 permits issued with an estimated cost of \$1,740,963.00, which shows a decrease in the number of permits issued of 39, but it shows an increase in the estimated cost of \$541,592.69.

Building applications may be obtained at the office of the Clerk to the Selectmen and at the office of the Building Inspector daily. I will be available at the Town House every Tuesday evening, and will be of service at other times if the duties of my office require it.

The building, wiring and plumbing inspectors are grateful for the clerical assistance provided by the town. It has made our job and our office to operate more efficiently and to give better service to our citizens.

Again, I wish to thank the personnel in the offices of the Town Clerk, Board of Selectmen, and Board of Assessors for their continued fine cooperation during the year. Their assistance has been greatly appreciated.

Respectfully submitted,

GEORGE A. WALSH,

Report of the Fire Engineers

The following is a report of the Board of Fire Engineers for the year 1972.

Twice during the year automatic alarms averted serious problems. A delayed ignition in an oil burner at the Elementary School during non-school hours caused an alarm to be sounded before damage was incurred. Sparks from a plumber's torch set fire to a pile of stored mattresses at the Sacred Heart High School, there again the automatic alarm kept the damage to a minimum. Fire loss was low in spite of the fact that an increase of fifty calls were logged over the previous year.

Two deaths were recorded during the year:

Lieut. Arsene A. Joubert, a very active and popular member of the call-force. Louis A. Keene (Retired), an honorary member of the call-force having served the town as firefighter and Deputy Forest Warden for many years. Such men are hard to replace.

Having reached the age limit, Captain Albert H. Alberghini retired from the call-force. Albert was always one of the first to respond to an alarm and a very interested member of the department.

The permanent men completed two renovation projects: a suspended ceiling was installed in the alarm room and ten windows in the apparatus room were replaced. The apparatus and station appear to be in good condition for another year, but we are still mindful of the need for a sub-station in the Westerly section of the town and the replacement of Engine 2, now nineteen years old.

Report of the Forest Fires Department

The following is a report of the Forest Fires Department for the year 1972.

The year started out with a flurry of grass and woods fires with more acreage burned than the previous year. The largest fire occurred on March 29 off Wapping Road where 15 acres were involved. Due to the rough terrain the brushbreakers suffered several major breakdowns. A grass fire on April 10 spread to a small dwelling causing extensive damage. Also in April a woods fire destroyed 5 acres in the State Forest on Bishop Road. During the summer and fall rain kept the outside fires to a minimum.

The efforts of the Board of Health, Highway Department and the Dump Custodians were successful in keeping the fire problem down at our once trouble spot, the Town Dump. Only three calls were received for that area, the lowest in the history of town-owned dumps.

The rainy season gave the permanent men a chance to renovate the ironwork on the 1967 brushbreaker. To do the job surplus material was obtained through Robert A. Mulliken, Director of Civil Defense, at a very small cost to the town.

Report of the Shellfish Constable

Planted on our flats this year was a total of 115 bushels of quahog seed.

Ichabod's Flat new clam growth is small in size. The closing of this flat will be undertaken next year.

Due to the report of Red Tide in our area this past year, it became mandatory to close for a period of time, all of our flats and the entire shoreline to the taking of shellfish.

This coming year, the Department of Natural Resources and Shellfish Constable will proceed with close surveillance on this program.

Following is a summary of the shellfish permits issued for the year 1972.

Resident and-or			
Property Owners	182 at \$1.00 each	\$182.00	
Vacationists	8 at \$2.00 each	\$16.00	
Out of Town	24 at \$5.00 each	\$120.00

I extend my thanks and appreciation to my assistant Paul Vantagoli for his cooperation in the duties of this department.

Respectfully submitted,
ANTONE J. CAZALE,
Shellfish Constable

Report of the Harbormaster

It has been found that an approximate number of 175 is the maximum mooring capacity of boats, in the Jones River. This amount will be used as a guideline to prevent overcrowding. Local residents will continue to have a preference to the accessibility of the town racks and mooring facilities in the basin.

The following is a summary of the calls received and answered during the 1972 season:

Coast Guard	12
Police	3
Search for Missing Persons	1
Missing Boats	7
Boats Found	4
Fire Department	1
Disabled Boats Towed In	4
Complaints on Water Skiing	4
Anchors Dragged For	4
Mooring Without Permission	2
Speeding	15
Registrations Checked	12
Miscellaneous Calls	5
Boats Sinking and Owners Notified	15
Boats Sunk During Labor Day Storm	25

I express my thanks to all who helped in aiding those whose boats were disabled or sunk during the Labor Day storm. Also to those Town Departments who aided me in time of need.

A new law is now in effect which states the required registration for all outboards, regardless of their horse power.

Gabriel J. Costa, assistant harbormaster for the first six months of 1972 resigned, and George E. Drew was appointed to fill that position. My sincere thanks go to both these men.

Respectfully submitted,

ASA W. GLASS, JR.,
Harbor Master

Report of the Tree Warden

This year the wet season caused more tree growth which necessitated additional tree trimming.

We planted 52 trees, the majority of which replaced those lost to Dutch Elm disease.

The storm with heavy rains and high winds on Labor Day left much debris to be removed.

The tree truck body has been rebuilt this year and is in good condition for the coming year.

My sincere thanks to Mrs. Irma Ruffini and her staff and to the employees of this department for their assistance.

Respectfully submitted,

FRED E. NAVA,
Tree Warden

Report of the Moth Superintendent

This past year we followed our usual program of spraying for insect and disease control, from early May until the end of August.

The Dutch Elm disease is still with us and will cause the loss of more trees this year.

There was an excessively heavy infestation of aphids this past summer, mainly confined to the Norway Maple and causing a severe leaf drop. This was due to the extremely wet spring.

I wish to thank Mrs. Irma A. Ruffini and her staff and to the employees of this department for their assistance.

Respectfully submitted,

FRED E. NAVA,
Moth Superintendent

Report of the Director of Civil Defense

We have suggested for several years now that Civil Defense will be directed more and more towards providing assistance during emergencies created by natural disaster. As a matter of fact, the title of Massachusetts Civil Defense Agency now includes the words "and Office of Emergency Preparedness." The unfortunate floods this year in Rapid City, South Dakota and in the Wilkesbarre, Pennsylvania area have again demonstrated the importance of having men and machines available at short notice. Again it should be stated that the function of Civil Defense is one of coordination; the community will use its own resources in an emergency, but area and state Civil Defense will provide additional equipment, material and personnel as necessary. It is the function of the local Civil Defense Agency to keep in regular contact with sector and area headquarters so that in case of emergency there will be no delay in receiving assistance.

The Auxiliary Police logged over 450 hours of voluntary duty during 1972, chiefly in cruisers or at church crosswalks. They have held monthly meetings during the spring, fall and winter to become more familiar with some phase of police work.

Vernon Cushman, our radio officer of long standing, has built up an excellent reputation for reliability over the years of monthly sector radio drills. Emergency communication is one of the more important functions of Civil Defense, and Vern has helped Kingston keep prepared.

This past year has probably been the year of the most fruitful returns from the Taunton Surplus Depot. In past years appointments at Taunton have been every other month. During 1972 the appointments have been monthly, and as a result the Kingston Highway, Fire and Police Departments have shared in obtaining good usable items. The total actual value of goods obtained during 1972 runs over \$3,300.00, at a cost to Kingston of \$278.00.

Our thanks go out to town officials and department personnel for their cooperation during 1972. Our relationships over the years in this office have always been satisfying; we are confident that this situation will continue in 1973.

Respectfully submitted,

ROBERT A. MULLIKEN, Director
JOHN B. DREW, Deputy Director

Report of the Conservation Commission

Early 1972 showed promise of additional and significant land acquisition, namely a thirty-acre portion of the Bay Farm property bordering on Kingston Bay, but as the end of the year neared this promise seemed gone. This was caused partly by financial priorities for Kingston, but also by the fact that professional appraisals showed the actual value of the land and the price asked for it to be many thousands of dollars apart.

We are grateful that we have been able, in the few years of the Commission's existence, to establish the significant open space areas of Sampson Common and Memorial Forest, as well as Patuxet Park. We mention this in regard to the recent abrupt change in direction of Commission activities. We are now concentrating on controlling and protecting, through legal means, wetland areas which seem headed for oblivion through the pressures of home and commercial development. Through important changes in the Commonwealth's wetland laws, the local Commissions now have assumed the burden of control previously carried by the Commonwealth.

In consideration of the new role now being played by the local Conservation Commissions, an important step forward has been the appointment of Bernard A. Marvin, Jr., as Conservation Officer for Kingston. His services have been invaluable, and we are appreciative of all the many hours he has given in dealing with our wetlands problems.

The Commission continues to favor the retention of the approximately 22-acre former Edna Maglathlin property off Lake Street as an important open space area for the northwestern part of town.

Our sincere thanks to all the town officials and board members for their cooperation in conservation-related problems. We believe that by acting together we can perhaps help steer the town away from what might seem to be potential development disaster.

Report of the Dog Officer

The following is my first report to the citizens of the town since December, 1971 when I became your Dog Officer. During 1972 the activity in this office was as follows:

Stray dogs picked up	44
Homes found for strays	44
Number of dogs not wanted and destroyed	9
(No dogs were sent to any medical school)	
Dogs struck and killed by motor vehicles and buried	16
Lost dogs found and returned to owners	32

I am grateful to the officials and voters of the town who made it possible to have a town-owned dog pound, which is located on town property in the rear of the Highway Barn. The building was moved from the property where the Town House Annex is located. A chain link dog pen has been installed from the building with four pens. It is possible in an emergency to have double occupancy in the pens. The building is used to store the supplies needed for the care of the dogs. According to the General Laws, a stray dog must be kept for 10 days, after which, if it has not been claimed by the owner, it is sold or destroyed. When a dog is sold, the new owner must obtain a dog tag from the Town Clerk and pay the fee for the dog.

The public is reminded that dog licenses are due and payable on or before April 1st and failure to purchase your dog license by June 1st will require me to take court action.

I express my thanks and appreciation to all officials and citizens who have assisted me as your Dog Officer.

Respectfully submitted,

ROBERT E. NICHOLS, JR.
Dog Officer

Report of the Board of Health

As another year closes, we find the work of your Board of Health increasing with the increase in our town's population.

We have had all food establishments inspected by a Registered Sanitarian and have requested cooperation of the operators in cleaning up any violations. We would like to have more frequent inspections made, and hope to accomplish this measure in 1973.

All new building applications must be approved for a disposal system before the actual building permit is granted. We have, as in recent years, inspected each location to see that the percolation test as submitted to the Board was in order and that the land would support an adequate disposal system. We hope this procedure will save problems later.

The bathing areas in town have been sampled periodically during the summer for bacteriological analyses of the water. All areas have tested out as safe for bathing.

Well-child conferences, immunization clinics for flu-type diseases and clinics to vaccinate dogs against rabies were held during 1972. We will continue these programs in 1973.

We would remind all citizens that dog bites and communicable diseases must be reported to the local Board of Health, who must submit the information to the State Department of Public Health in accordance with the General Laws.

In 1973 we expect to continue our Insect Pest Control Program with the approval of the voters at the annual Town Meeting. This would be in conjunction with the Plymouth County Mosquito Control Project.

Our Waste Disposal Program has been continuing successfully. We may have to make some changes in operating our "Land Fill" dump operation in order to conform to State Department of Public Health regulations. We owe a big "thanks" to all who have made our paper disposal program work. This will save a great amount of space in our disposal area.

We would like to extend to all town officials, department personnel and citizens our sincere appreciation for their assistance and cooperation.

Respectfully submitted,

LAWRENCE B. WESTGATE, Chairman
CHARLES L. FARRINGTON, JR.

Report of the Inspector of Animals

Recent years have witnessed a profound change in the makeup of our animal population. There has been a marked decrease in the number of cattle, with a corresponding rise in the number of riding horses and pets in town. This reflects a change in the basic makeup of our community from what was formerly semi-rural to exurbanite.

Twenty-four dogs were quarantined during the year on suspicion of rabies because of bites imposed. Fortunately, all of these dogs were released after the customary ten-day observation period, inasmuch as no signs of rabies appeared. Reports of the foregoing cases were forwarded to the State authorities.

The annual census of farm animals was completed and the report forwarded to the Division of Animal Health.

I wish to thank Mrs. Irma Ruffini and the members of the Board of Health for their cooperation in organizing these inspections.

Respectfully submitted,

RAYMOND RUSSO, D.V.M.

Report of the Plymouth Community Nurse Association

To the Board of Selectmen
Town of Kingston, Mass.

The Annual Nursing Service Report of the Plymouth Community Nurse Association, for the year 1972, is herewith submitted.

The PCNA, under the direction of a physician, provides skilled nursing care, physical therapy service, speech therapy, occupational therapy, and medical social service, to those patients ill in their homes. The PCNA nurses work closely with the Jordan Hospital to provide a smooth transition from the hospital to the home environment. The Greater Brockton-Plymouth Homemakers Service, in cooperation with our agency, provides assistance in the home when there is no one in the patient's home who can do this.

The work of the PCNA, in cooperation with the local Boards of Health, also involves control of communicable disease, by providing immunization clinics for preschool and school-age children and FLU clinics for the adult population. Tuberculosis control is effected by tuberculin skin tests for both the school-age population, adult food-handlers and nursing home employees. A chest X-ray clinic is held monthly for those persons whose TB skin tests show them to have been exposed to tuberculosis. These clinics are conducted by the Plymouth County Hospital and use the Jordan Hospital facilities. The PCNA staffs the clinic and assists the physician.

The PCNA, as a public health agency, attempts to promote good health in all age groups, by encouraging routine visits to the physician, teaching adequate nutrition habits, both individually and in classes, participating in the pre-natal, postpartum and newborn teaching program at the Jordan Hospital. Health supervisory home visits are made whenever there is a need to follow a child or an adult for further teaching.

Our agency was represented at the first meeting of the Council on Aging, held in Kingston and we anticipate a geriatric health counselling program for the future.

The Plymouth Community Nurse Association is a Certified Home Health Agency and meets the requirements of the Massachusetts Department of Public Health and H.E.W.

During the year, 1972, a total of 1,374 visits were made to patients in Kingston. 305 of these visits were made in behalf of the Kingston Board of Health. The nursing service breakdown is as follows:

1052	General Nursing Care (1032 — Home visits) (20 — Office visits)
101	Maternity (50 — (Postpartum) (51 — Newborn)
33	State Immunization Surveys
11	Tuberculosis
17	Tuberculosis Follow-up
3	Other Communicable Disease
15	Infant Health Guidance
23	Pre-school Health Guidance
3	School (age) Health Guidance
46	Adult Health Guidance
70	Unclassified (Not at Home or Not Found)

In addition to the above statistics, 80 tuberculin skin tests were given to Kingston residents, in our office; 76 Physical Therapy visits and 184 Home Health Aide visits were made to patients in Kingston.

Ten Well-Child Conferences were held in Kingston during the year. A total of 239 infants and pre-school children were seen and examined by our WCC pediatrician, Dr. Richard O. Elliott. Seventy-six tuberculin skin tests were applied and 258 immunizations were given at these conferences.

Ten Chest X-ray clinics were held at the Jordan Hospital, at which 171 people were X-rayed and examined. Nineteen were from Kingston.

In March, our nurses assisted with the Heaf Testing Program (TB skin tests), at Sacred Heart School in Kingston. 156 students and faculty members were skin tested.

In June, the PCNA nurses assisted with the RUBELLA clinic, held in the Kingston Elementary schools. Over 200 children received the German Measles vaccine.

Two Influenza Immunization clinics were held at the Kingston Town House, September and November, respectively. A total of 134 residents received the FLU vaccine.

We wish to thank the Kingston Board of Selectmen, the Kingston Board of Health, Board of Public Welfare and the many friends and members of the PCNA, for their continued cooperation and support.

Respectfully submitted,

(MRS.) MARGARET L. MacGREGOR, R.N.
Supervisor

Plymouth County Mosquito Control Project

The Plymouth County Mosquito Control was established under Section V-A, Chapter 252 of the General Laws enacted July 15, 1957. Chapters 112 and 315, Acts of 1931, gives authority to the State Reclamation Board for direction and supervision of mosquito control works. All control projects receive direction from the executive office of Environmental Affairs. This project's aim was to stop encephalitis as directed by the Communicable Diseases, Division of State Department of Public Health. From 1955 to 1957 there was a total of 55 victims, including 34 fatalities. Since 1957 there have been only 13 confirmed cases of encephalitis, these in the years of 1970 and 1971. Additionally, the project was to improve conditions of inadequate drainage caused by clogged and polluted waterways.

Whereas mosquitoes do not respect town boundaries, and rivers and streams do not terminate on town lines, the advantages of an organized mosquito control project are many. The following is a report of the total work accomplished in the 18 towns and one city covered by this project: aerial spray 5,044 acres, ground spray 18,221 gallons, catch basins 33,645, hand clearing of streams 124,004 feet, new ditches and maintenance (power equipment) 30,825, feet, total man hours, 10,730.

The assistance and cooperation of the various town departments continues to be a valuable aid.

Respectfully submitted,

ALAN C. BAILEY,
Superintendent

Report of the Director of Plymouth County Extension Service

The Plymouth County Extension Service's office is located on High Street, Hanson, close to the Plymouth County Hospital, and can be reached by calling: 293-3541.

We are the educational arm of the University of Massachusetts and the U.S.D.A. at the county level, which indicates that our work is in the field of education.

We keep on display many free bulletins for use by Plymouth County residents. Lawn care, backyard gardenings, insect control, nutrition, and home canning are just a few of the most popular ones. We welcome your visits between 8 A.M. and 4 P.M. — Monday through Friday. If you have not utilized our services, "try it — you'll like it" . . .

The number of soil samples tested increases each year and we now have better equipment this spring to improve this free service.

We have Agricultural Specialists serving commercial farmers as well as a Natural Resource Development Specialist, two Home Economists and two 4-H Club Agents. Our Brockton Office has a Nutrition program for low-income and the elderly which is also available to all other towns.

Effective this past February 3rd our new legal title is "Trustees for County Cooperative Extension Service" as directed by Chapter 990.

Town Directors met twice this past year with staff members. This new Advisory Council of Town Directors should help to improve our educational services to each town and all the residents of Plymouth County. Citizens are encouraged to bring to their attention any suggestions or ideas.

Plymouth County has the most active 4-H Program in Massachusetts. We initiated new urban programs in 1972 so there are now projects for all young people and we welcome with open arms new volunteer leaders and members.

The following town committee members and leaders should be commended for their assistance in participating and supervising the local 4-H Club activities. These are: Viola Cretinon, Chairman; Delores Tura, Co-Chairman; Ann Weeks, Secretary, Donald Weeks, Treasurer.

Leaders and Members: Mr. and Mrs. Russell Holmes, Melissa Smith, Walter Catarius, Mr. and Mrs. Edward Raposa, Linda Ruprecht, Patricia Bearse, Mr. and Mrs. Edward Verkade, Mr. and Mrs. Donald Weeks, Mr. and Mrs. Manual Cavacco, Mr. and Mrs. Richard Cretinon, Mr. and Mrs. John McSherry, Mr. and Mrs. Thomas Newcomb, Gail Bergen, Helen Chaves, George Fraser, and Barbara Dodge.

I wish to thank the Town Committee members, leaders and friends who were concerned and interested enough to volunteer their time to motivate and encourage the wholesome endeavors of 150 young people in Kingston.

Respectfully submitted,

GEORGE E. FRASER

Director

Report of the Highway Department

Approximately 1,500 feet of berm was installed this year, the total footage being divided on the following streets: Country Way, West Street, Landing Road and Smith's Lane. In conformance with the vote of the townspeople at the town meeting last March, the work on Country Way was accomplished. This project was a large one and posed various problems during the process. However, it has now been completed.

Drainage systems were installed at various points on the following streets, along with Country Way, Woodland Avenue, Pembroke Street, Landing Road, Baker Avenue and in various parts of Rocky Nook.

A new sidewalk was installed in Rocky Nook and also on Green Street. Due to the activity of the Telephone Company, all of the sidewalk work that had been planned for this year, was not accomplished.

Resurfacing applications of Type I Bituminous Concrete paver mix were placed on Home Park Court, Bradford Street, Elder Avenue, Spring Street and a portion of Main Street. The following streets were sealed—Evergreen Street, West Street, Parks Street, Second Brook, Winter Street, River Street and South Street. Following this, white lines were painted on the required town roads.

Due to considerable vandalism, numerous street signs were stolen and/or damaged beyond repair. As time allows, this department is making and replacing the signs.

Under the annual Chapter 90 programs, the maintenance funds were allocated to Main Street and the construction funds were used on Elm Street. Next spring the remaining funds will be used in applying the top of Type I Bituminous Concrete Mix to Elm Street.

The Town Dump is still a major problem in that the town does not have the proper type equipment to carry out the mandate of the State relative to disposal areas.

Early last summer construction commenced on Elliott Street. There is a little more work to be done and, hopefully, in the spring, berms will be installed.

The new sander voted last year has been used and appears to be satisfactory.

It is the intention of this department to again, next March, ask the cooperation of the voters in trading in the 1961 Dodge dump truck for the purchase of a new dump truck, and also trade in the 1968 GMC four-wheel drive pick-up truck for a new vehicle. Due to

the action taken at previous town meetings whereby no new equipment was voted for this department; several pieces of equipment are rapidly approaching the point of no repair.

I wish to extend my thanks and appreciation to Norman Opachinski and Donald Miller of the Southeastern Sand and Gravel Company for submitting a bid for sand and gravel at a price of \$1.00 per year. This very generous offer has made it possible for this department to do much more work.

Once again, my sincere thanks to those equipment owners who so faithfully assist this department during the snow season. The town is, indeed, fortunate to be able to depend on these persons in time of need.

My appreciation goes to the personnel of the Highway Department and the town disposal area together with the Board of Selectmen and all other town officials and departments who have offered their assistance to me.

Respectfully submitted,

ABRAHAM A. RUFFINI,
Superintendent of Streets

Librarian's summary, and financial statement.

At the end of 1972 the Library collection contained approximately 27,134 volumes.

The collection of recordings, with the addition of 42 new discs, now contains 414 records.

The periodical collection contains 137 magazines and newspapers, covering a variety of subjects.

As an active member of the Eastern Regional Library System, the service of the Library is extended through Inter-Library cooperation with the Thomas Crane Public Library in Quincy, and the Boston Public Library. There is now daily truck service from Quincy, to deliver requested materials, and to pick up new requests.

With the increasing population of the Town, the Library is gaining new borrowers, which results in a growing circulation of materials, and greater use of the facilities.

Report of the Youth Commission

As we close the second year of our duties as a Commission we find ourselves greatly encouraged. Our observations, mingled with those of the Police and other Town Departments, reveal some significant changes for the better having taken place in the "Youth Scene."

A commission like ours deals with intangibles in one fashion, yet some very real things are fresh in our minds: The Police-Youth Dialogue, the growing number of "contacts" our Director of Youth Activities is making with Town young people, and the opening of the Fresh Start Building are among the encouraging things.

With issues of encouragement, one usually finds issues of challenge, and this is the case with the Youth Commission. The Kingston Youth Commission, in the eyes of the surrounding towns, is a "Pilot Project" and we find the Town and the Commission being watched closely, and some of us have been used as "consultants" as nearby towns lay the groundwork for setting up youth programs of their own. Further challenges face the Commission as we envision more and new demands arising, and we are trying to prepare and develop our resources to meet them when they come. With this in mind, our budget request includes funds for both salaries and expenses.

One last note must be that of expressing our sincere appreciation to the Board of Selectmen, the Police Department and the Playground Commission, among others, without whose support and encouragement, our program could not have prospered.

Report of the Park Commission

The 1972 season at Gray's Beach was again enjoyed by the Kingston townspeople and the many visitors who frequented this park throughout the summer months.

Accidents were kept to a minimum, primarily due to the precautions taken by many, and strict observance of the rules of the Beach to properly insure the safety of everyone concerned.

The Lifeguards did a fine job this year and should be commended for their daily supervision of all activities under their jurisdiction.

The Swimming Instruction Program was well received and the enrollment was excellent.

The Band Concerts were held during the summer months and were well received.

The Red Geraniums were again in evidence at our various Town Memorials, distributed by members of the Commission for the Town's annual Memorial Day Celebration.

A public paystation phone was installed outside. Also, a Lifeguard chair stand was in evidence at the beach, but due to vandalism was short-lived.

The Commission is deeply grateful to all the departments and personnel of the Town for their continued assistance and fine cooperation.

Partial Report of the Elementary School Building Committee

Construction of the new elementary school is well under way, and there is no reason to think that the building will not be ready for its students by September of 1973, including Kindergartens. Clerk of the Works, Richard W. Mirra of Brockton, employed by the school building committee to watch over every detail of the construction process, reports that the building is very close to being on schedule, that no significant construction problems have appeared, and that to date the materials and workmanship have been excellent.

The project has progressed with surprising smoothness. The only serious problem appeared when the bids for the general contract were opened, when it was noted that even the low bid by Morris and Son Construction Corporation was considerably higher than we had anticipated. Very little fat was designed into the building, which made cost-cutting correspondingly difficult. But with a good deal of redesigning and pencil sharpening by architect Richard Lowrey and Project Manager Paul Blanchard, both of David M. Crawley Associates, the building committee concluded that it could proceed more or less as planned.

In the interest of objectivity and future benefit, it should be said that school building committees face a large and extremely complex set of problems. They start green, learning as they go along. Finally, by the time their work is done, they have gained the knowledge and experience it would have been valuable to have in the first place. There must be a more effective way to go about it.

Report of the Playground Commission

Again as in the past years, the Kingston Playground was one of the most active departments of the town. The annual summer program was enlarged and enjoyed by children more than any other year. A total of 245 boys and girls from ages 7 to 12 enrolled in our supervised eight-week summer program. This year for the first time we had three (3) bus trips paid by the Playground Commission, one to Lincoln Park, one to Starland and a surprise trip to the Music Circus which was given as a "reward" for good attendance in our program.

In June a Go-Go Jiggle and a riding antique car was added to the children's play area. This year we are adding two benches so that mothers can sit and relax while watching their children at play.

A backstop was put up at the new Pottle Street Field and softball league games were played on it for the first time. A girls' team, the Ringolettes from the Telephone Company on Summer Street used the field on Mondays. The Hilltop Club annual clambake also held their children's sack races on the field.

The shingling of the roof on the Reed Community Building, as voted by the Townspeople, was completed in October and the interior, including the backstage was completely painted throughout. The rentals of the building amounted to \$1,652.00 which was turned back to the town.

An article will appear in the warrant for the 1973 annual town meeting requesting the consideration of the voters in transferring the unexpended balance remaining in the account for reshingling the Reed Community Building roof to an account to repair the ceiling in the lower hall.

The Kingston Playground Commission was saddened by the death of Alf C. Lootz, a past chairman, who passed away this year. Alf devoted many hours of his time unselfishly to the children of this town.

Report of the Wage & Personnel Board

During the past year, the Wage and Personnel Board has given consideration to all non-elective Town positions. Salaries have been evaluated with a view to making the compensation equitable in terms of responsibility, longevity, and current economic trends. The results of this study have been published in booklet form, available to all. The "Wage and Personnel By-Laws" present salary scales and additional benefits for Town employees, procedures for job classification, and other information affecting salaried positions.

In the past, the Board met to discuss all requests made of it in regard to salaries. This year, however, the Police and Fire Departments, now engaged in collective bargaining, are negotiating for their own contracts directly with the Board of Selectmen. The Wage and Personnel Board has acted as advisor during this negotiation. Recommendations for salary increases for all positions have been based on the President's wage controls.

Prior to each Town Meeting, the Board will renew its hearings with other departments as requested and throughout the year will review the By-Laws for the purpose of keeping pace with the demands of Town government. The Board will also assist and cooperate with the Selectmen, Town departments, the Finance Committee and Town Counsel in drafting any necessary articles pertaining to wages and personnel to be presented at Town meeting. The Board will make its recommendations on those articles and, if considered necessary, will speak on behalf of such articles.

PERSONNEL BY-LAW

Section 1. Authorization

Pursuant to the authority contained in Sections 108A and 108C of Chapter 41 of the General Laws, there shall be established plans, which may be amended from time to time by vote of the Town at a Town Meeting; (a) classifying positions in the service of the Town, other than those filled by popular election, those under the direction and control of the School Committee, the position of Town Counsel, certain positions for which the compensation is on a fee basis or the incumbents of which render intermittent or casual service and which do not appear in Schedule A of Section 8 following, into groups and classes doing substantially similar work or having substantially equal responsibilities; (b) authorizing a compensation plan for positions in the classification plan; (c) providing for the administration of said classification and compensation plans; and (d) establishing certain working conditions and fringe benefits for employees occupying positions in the classification plan.

Section 2. Definitions

As used in this by-law, the following words and phrases shall have the following meanings unless a different construction is clearly required by the context or by the laws of the Commonwealth:

"Town," the Town of Kingston.

"Civil Service Law," Chapter 31 of the General Laws of the Commonwealth, as amended and all rules and regulations made thereunder; and any special law enacted by the General Court regulating the classification, compensation and conditions of employment of officers and employees of the Town under Chapter 31;

"Classification Plan," class titles of Schedule A of Section 8 of this by-law plus class specifications which are on file with the Personnel Board and which are hereby incorporated by reference;

"Class," a group of positions in the Town service sufficiently similar in respect to duties and responsibilities so that the same descriptive title may be used to designate each position allocated to the class, that the same qualifications shall be required of the incumbents, that the same tests of fitness may be used to choose qualified employees and that the same scale of compensation can be made to apply with equity;

"Position Class," same as class (a class may include only one position, in which event it is defined as a "single position class");

"Group," an occupational group of classes appearing in Schedule A of Section 8;

"Department Head," the officer, board or other body having immediate supervision and control of a department;

"Employee," an employee of the Town occupying a position in the classification plan;

"Department," any department, board, committee, commission or other agency of the Town subject to this by-law;

"Administrative Authority," the elected official or board, or the appointed official having jurisdiction over a function or activity;

"Full-time employment," employment for not less than seven hours per diem for five days a week for fifty-two weeks per annum, minus legal holidays and authorized vacation leave, sick leave, bereavement leave, and other leave of absence;

"Part-time employment," employment for less than full-time employment, as defined above;

"Continuous employment," employment, uninterrupted except for required military service and for authorized vacation leave, sick leave, bereavement leave, or other leave of absence;

"Full-time employee," an employee retained in full-time employment;

"Part-time employee," an employee retained in part-time employment;

"Position," an office or post of employment in the Town service with duties and responsibilities calling for the full-time or part-time employment of one person in the performance and exercise thereof;

"Permanent position," any position in the Town service which has required or which is likely to require the services of an incumbent without interruption for a period of more than six calendar months, either on a full-time or part-time employment basis;

"Permanent employee," (1) any employee retained on a continuing basis in a permanent position, as defined above; (2) any employee holding a permanent appointment under Civil Service Law to a position deemed permanent within the meaning of said law;

"Temporary position," or "seasonal position," any position in the Town service which requires or which is likely to require the services of one incumbent for a period not exceeding six calendar months; a seasonal position requiring less than the work week of its occupation group shall be considered as part-time;

"Temporary employee," (1) any employee retained in a temporary or seasonal position as defined above; (2) any employee holding a temporary appointment under Civil Service Law who does not also have permanent status thereunder;

"Intermittent service," personal service rendered by an employee in a position calling for part-time employment, which service although constituting continuous employment is not rendered during prescribed working hours, daily, weekly or annually, but is rendered as required, according to the demands for such service;

"Casual service," personal service rendered by an employee in a position calling for part-time employment, which service does not constitute continuous employment; this service is rendered occasionally and without regularity according to the demands therefor;

"Compensation Plan," Schedules B through C in Section 8;

"Compensation Grade," a range of salary or wage rates appearing on Schedule B and B-1 and B-2 of Section 8;

"Rate," a sum of money designated as compensation for hourly, weekly, semi-monthly, monthly or annual personal services;

"Minimum Rate," the rate in a range which is normally the hiring rate of a new employee;

"Maximum Rate," the highest rate in a range which an employee normally is entitled to attain;

"Range," the dollar differences between minimum and maximum rates;

"Personal Rate," a rate above the maximum rate applicable only to a designated employee;

"Step Rate," a rate in a range of a compensation grade;

"Increment," the dollar difference between step rates;

"Promotion," a change from a position of lower class and compensation grade to a position with greater responsibilities in a higher class and compensation grade;

"Board," the Personnel Board as defined in Section 3.

Section 3. Personnel Board

(a) There shall be a Personnel Board to be known as the Wage and Personnel Board, composed of three (3) unpaid members, who shall not be employees or elected officials of the Town, responsible for the administration and maintenance of classification and compensation plans. One member of the Board shall be appointed by the Moderator, one member by the Finance Committee and one member by the Board of Selectmen. The three members of the Board shall be appointed for terms of one year, two and three years respectively and upon the normal expiration of these terms their successors shall be appointed by the same appointing authorities for terms of three years.

Original appointments to the Wage and Personnel Board under this by-law shall be made not later than thirty days following the effective date of the by-law; and subsequent appointments shall be made within thirty days following the expiration of the term of the Board member who is to be replaced.

The Board shall draw up and recommend to the Town a proposal for classification and compensation plans for consideration as a Town by-law, and shall from time to time recommend to the Town any action deemed necessary to maintain a fair and equitable pay level.

The Board shall make an annual report in writing to the Finance Committee and the Board of Selectmen on or before October first of each year.

(b) The Board shall be invested with all the powers and duties specified in Section 108C of Chapter 41 of the General Laws.

(c) The Board shall administer the plans and shall establish such procedures as it deems necessary for the proper administration thereof.

(d) Forthwith after its appointment and annually, the Board shall meet and organize by electing a chairman and appointing a secretary and clerk. A majority of the Board shall constitute a quorum for the transaction of business. A majority vote of the Board shall determine the action the Board must take in all matters upon which it is authorized or required to pass under this by-law.

(e) The Board may employ assistance and incur expenses as it deems necessary subject to the appropriation of funds thereof.

(f) The Board shall maintain adequate personnel records of all employees occupying positions subject to the classification and compensation plans, said records to be kept in its custody. Department Heads shall provide such information as the Board may request.

(g) The Board shall maintain written job descriptions or specifications of the classes in the classification plan, each consisting of a statement describing the essential nature of the work and the characteristics that distinguish the class from other classes. The description for any class shall be construed solely as a means of identification and not as prescribing what the duties or responsibilities of any position shall be, or as modifying, or in any way affecting, the power of any administrative authority, as otherwise existing, to appoint, to assign duties to, or to direct and control the work of any employee under the jurisdiction of such authority.

(h) Upon recommendation of a department head, supported by evidence in writing of special reasons and exceptional circumstances satisfactory to the Board, the Board may authorize an entrance rate higher than the minimum rate for a position, and or such other variance in the compensation plan as it may deem necessary for the proper functioning of the services of the Town. No variance shall become effective unless, or until, the necessary funds have been appropriated therefor.

Section 4. Classification Plan

(a) All positions in the service of the Town accept those excluded in Section 1 are hereby classified by titles appearing in Schedule A of Section 8 which is made a part hereof. These classes of positions shall constitute the Classification Plan for the paid Town service, within the meaning of Section 108A of Chapter 41 of the General Laws, as amended.

(b) Whenever a new position is established, or the duties of an existing position are so changed that in effect a new position is created, upon presentation of substantiating data satisfactory to the Personnel Board, the Board shall allocate such new or changed position to its appropriate class, as hereinafter provided.

(c) The title of each class, as established by the Classification Plan, shall be the official title of every position allocated to the class and the official title of each incumbent of a position so allocated, and shall be used to the exclusion of all others on payrolls, budget estimates and other official records and reports pertaining to the position.

(d) No position may be reclassified or no class may be assigned to a different compensation grade, until the Personnel Board shall have determined such reclassification and compensation plans.

Section 5. Compensation Plan

(a) The Compensation Plan shall consist of Schedules B through C in Section 8 which provide minimum and maximum salaries or wages for certain of the classes in the Classification Plan. The salary range of a position class shall be the salary range of all positions allocated to the class.

(b) All employees shall continue to be paid on an hourly, weekly, semimonthly, annual or other basis, as at present, except as provided in the compensation plan, unless otherwise authorized by the Personnel Board.

(c) No department head shall fix the salary of any employee in a position so classified except in accordance with the compensation plan.

(d) No person shall be appointed, employed or paid as an employee in any position subject to the provisions of the classification plan under any title other than those appearing on Schedule A of Section 8.

(e) An employee in continuous full-time or part-time employment shall receive the increment between his present rate and the next higher step rate as follows:

1. On January first or July first provided he has completed thirty weeks service at the minimum or other rate if a rate other than the minimum is authorized as the entrance rate.

2. Thereafter one year from the date of his previous increase until he attains the maximum rate of the range of the compensation grade to which his position class is assigned.

3. Employees in continuous part-time employment eligible for increments under the provisions of this sub-section shall be those occupying positions in classes for which compensation is provided in Schedule B, or B-1 or B-2 of Section 8.

(f) An employee occupying a seasonal position in a class for which compensation is provided in Schedule B, or B-1 or B-2 of Section 8 shall receive increments as provided in the preceding sub-section on the basis of thirty weeks employment constituting one year.

(g) An employee receiving a promotion to a vacant position or to a new position as defined in Section 4(b) shall, upon assignment resulting from such promotion, receive the rate in the compensation grade of the vacant or new position next above his existing rate. If the resulting adjustment does not equal \$100.00 for a position class assigned to Schedule B, or B-1 or B-2 the adjustment shall be to the second rate above the existing rate but within the compensation grade of the vacant or new position.

(h) The employee receiving a promotion and adjustment in rate pursuant to the provisions of the preceding sub-section shall receive the next increment of his compensation grade effective the next January or July first following completion of thirty weeks at the rate resulting from the promotion.

(i) If an employee's rate at the time of the adoption of this by-law is in excess of the maximum rate set forth in his appropriate compensation grade in Schedule B or B-1 or B-2 of Section 8 this rate shall not be reduced, but shall become a personal rate applicable only to said employee as defined in Section 2.

(j) Each department head of a department to which is assigned an employee occupying a position in the classification plan shall include in his estimates required by the provisions of Section 59 of Chapter 41 of the General Laws a pay adjustment section setting forth in detail the amounts which will be required for anticipated pay adjustments during the ensuing year and shall furnish a copy thereof to the Board.

(k) The adjustments provided for in this section shall be subject to the availability of appropriated funds.

Section 6. Amendment of the Plans

(a) The Classification Plan and/or the Compensation Plan and/or other provisions of this by-law may be amended by vote of the annual Town Meeting. Requests for such amendments shall be made to the Board in writing. All written requests of amendments of the Classification Plan and/or the Compensation Plan and/or other provisions of this by-law must be submitted to the Board no later than two months prior to the annual Town Meeting. Whenever such a petition is received, the Board shall promptly hold a hearing to consider such proposed amendment, and the petitioners and the heads of the departments affected shall be given at least three days written notice. Prior to the next annual Town Meeting the Board shall file with the Selectmen for insertion in the warrant for the next annual Town Meeting an article sufficiently stated to permit the Town to act upon the subject matter of any such petition. At the same time, the Board shall file with the Finance Committee a final report, with recommendations, pertaining to any such petition.

(b) The Board may, from time of its own motion, hold a hearing to consider any proposed amendment. In the event said proposed amendment is supported by an affirmative vote of 2 of its members, the Board shall proceed according to the preceding sub-section to insert an article in the warrant and to report its recommendations to the Finance Committee.

Section 7. Continuing Review

The Board, from time to time of its own motion, shall investigate the work and standard rates of salaries or wages of any or all positions to the provisions of this by-law. Such reviews shall be made at such intervals as the Board deems necessary and, to the extent which the Board considers practicable, shall include all occupational groups in the classification plan.

The work week for full-time or seasonal employment in each occupational group shall be as follows:

Group	Work Week
Clerical	35 hours
Library	22 hours to 35 hours (as required)
Custodial	40 hours
Labor	40 hours
Police	40 hours
Fire	56 hours
Administrative	As required (a)
Supervisory	As required (a)
Others	As required (a)

(a) "As Required" shall mean the total number of hours in the week needed to perform the duties of the position, as determined by the appropriate administrative authority.

Section 10. Overtime Compensation

(a) Clerical Group — an employee shall be compensated at one and one-half times his regular rate for hours in excess of thirty-five (35) hours per week.

(b) Library Group — an employee shall be compensated at one and one-half times his regular hourly rate for hours worked in excess of thirty-five (35) hours weekly.

(c) Custodial and Labor Groups — an employee shall be compensated at one and one-half times his regular hourly rate for hours worked in excess of forty (40) hours weekly. A minimum of two hours of overtime pay shall be guaranteed on call back.

(d) Police Department — as specified by a contract between the Town and the Police Association covering the period for January 1, 1973 through June 30, 1974.

(c) Fire Department — as specified by contract between Town and Fire Association covering the period for January 1, 1973 through June 30, 1974.

1. A uniformed employee in Compensation Grades PS-1 or PS-2 in full-time employment who is required to work beyond his normal tour of duty, responds to a box alarm when off duty, or is called back for standby duty, forest fire fighting, snow shoveling or forest fire patrols shall be compensated at one and one-half (1½) times his regular rate of pay. A minimum of two hours of overtime pay shall be guaranteed on call back.

2. The hourly rate of overtime pay for personnel covered in Section 10 (e) (1) shall be one fifty-sixth (1/56) of the employee's regular week's pay times one and one-half (1½).

(f) Administrative Group:

1. An employee normally is not entitled to overtime, but shall be granted compensatory time at the convenience of his department head for hours worked in excess of forty weekly.

(g) Supervisory Group:

An employee is not entitled to overtime, as he has the authority to approve overtime compensation for his subordinates. He is entitled to take compensatory time which he shall report to the proper administrative authority if requested. He shall also make adequate provision for the supervision of his department in his absence.

Section 11. Clothing Allowances

(a) Police Department — as agreed by contract, (see appendix A).

(b) Fire Department — as agreed by contract, (see appendix B).

(c) Highway, Tree and Water Department — a full-time member shall receive a clothing allowance to be paid by the town for rental of work clothes for members of the department as designated by department head and approved by Wage & Personnel Board.

(d) Rental Work Clothes allowances to be made for other full-time employees on individual recommendation of department heads to Wage & Personnel Board.

Section 12. Paid Holidays

The following days shall be recognized as legal holidays within the meaning of this by-law:

New Years Day
Washington's Birthday
Patriot's Day
Memorial Day
Independence Day
Labor Day
Columbus Day
Veterans' Day
Thanksgiving Day
Christmas Day

on which days employees shall be excused from all duty not required to maintain essential town services.

(a) Changes to State Law for long weekends (Monday) as required.

(b) Every employee in full-time or continuous part-time employment shall be entitled to these designated holidays on the following terms:

1. If paid on an hourly basis, he shall receive one day's pay at his regular rate based on the number of hours regularly worked on the day on which the designated holiday occurs:

2. If paid on a weekly, semi-monthly or annual basis, he shall be granted each designated holiday without loss in pay.

(c) Payment under the provisions of this section shall be made provided the eligible employee shall have worked on his last regularly scheduled working day prior to and his next regularly scheduled working day following such holiday, or was in full pay status on such preceding and following days in accordance with other provisions of this by-law.

(d) An employee in continuous employment occupying a position in other than the Public Safety or Supervisory Groups who performs work on one of the days designated in sub-section (a) shall be paid at his regular rate for such day or fraction thereof in addition to the amount to which he is entitled under sub-section (b).

(e) At the request of the employee, he may be granted compensatory time off at the convenience of the departments in lieu of payment provided under sub-section (d).

(f) An employee in continuous employment, in other than the Police or Fire Departments, who, because of a rotation of shifts, works different days in successive weeks shall be granted, in each year in which the number of holidays falling on his regular days off in excess of the number of holidays in that year falling on Saturday, additional days off equal to the excess.

(g) Whenever one of the holidays set forth in sub-section (a) falls on a Sunday, the following day shall be the legal holiday, and if on a Saturday, the preceding day shall be the legal holiday.

Section 13. Vacation Leave

(a) An employee in continuous service shall be granted two weeks vacation with pay provided he has completed thirty weeks of service prior to June first.

(b) An employee with less than thirty weeks of continuous employment as of June first shall be granted one day of vacation for each full month of continuous service completed prior to June first, but not to exceed one week of vacation.

(c) An employee who has completed eight (8) years of service shall, in the year during which this length of service has been completed be granted three (3) weeks fifteen (15) days of vacation with pay.

(d) An employee who has completed fifteen (15) years of service shall, in the year during which this length of service has been completed be granted four (4) weeks (20) days of vacation with pay.

(c) Upon the death of an employee who is eligible for vacation under these rules, payment shall be made to the estate of the deceased in an amount equal to the vacation allowance as accrued in the vacation year prior to the employee's death but which had not been granted. In addition, payment shall be made for that portion of the vacation allowance earned in the vacation year during which the employee died up to the time of his separation from the payroll.

(f) Employees who are eligible for vacation under these rules and whose services are terminated by dismissal through no faults or delinquency of their own, or by retirement, or by entrance into the armed forces, shall be paid an amount equal to the vacation allowance as earned, and not granted, in the vacation year prior to such dismissal, retirement, or entrance into the armed forces. In addition, payment shall be made for that portion of the vacation allowance earned in the vacation year during which such dismissal, retirement or entrance into the armed forces occurred up to the time of the employee's separation from the payroll.

(g) Absences on account of sickness in excess of that authorized under the rules therefore or for personal reasons as provided for under other leave may, at the discretion of the department head, be charged to vacation leave.

(h) An employee, unless receiving pay for such a day or date under the provisions of Section 17A of Chapter 147 or Section 57A of Chapter 48 of the General Laws, shall be granted an additional day of vacation if, while on vacation leave, a designated holiday occurs which falls on or is legally observed on Monday, Tuesday, Wednesday, Thursday or Friday.

(i) Vacation allowances provided under the terms of this section will be calculated on a 12-month period commencing on June first and ending on May thirty-first and these allowances must be taken in the 12 months period that immediately follows. In unusual circumstances, exceptions may be granted by the Personnel Board upon recommendations of department heads. Such vacations shall be granted by the head of the respective department of the Town at such time as, in his opinion, will cause the least interference with the performance of the regular work of the Town.

(j) An employee shall not be allowed to work during his vacation leave and be compensated with extra pay without approval of the department head and the Personnel Board.

Section 11. Sick Leave

(a) An employee in continuous employment who has completed thirty weeks of service following original employment shall be allowed 12 days leave with pay each calendar year or one day for each month thereof if in any year his employment is less than thirty weeks, provided such leave is caused by sickness or injury or by exposure to contagious disease.

(b) An employee in continuous employment shall be credited with the unused portion of leave granted under sub-section (a) without limit and may be accumulated as additional sick leave benefit.

(c) An employee occupying a temporary or seasonal position shall not be credited with unused sick leave beyond his current period of employment.

(d) If the amount of leave credit provided under sub-section (b) has been or is about to be exhausted, an employee may make application for ad-

ditional allowances to that provided under sub-section (a). Such application shall be made to the Board which is authorized to grant such additional allowances as it may determine to be equitable after reviewing all circumstances including the employees' attendance and performance record prior to conditions supporting his request for the additional allowance.

(e) Sick leave must be authorized by the department head and must be reported on forms as provided. These records will be maintained by the Town Accountant for the Wage & Personnel Board and Town Accountant's use.

(f) A physician's certificate of illness shall be submitted by the employee after three days absence to his department head before leave is granted under the provisions of this section. This certificate shall be forwarded by the department head to the Board.

(g) The Board may, of its own motion, require a medical examination of any employee who reports his inability to report for duty because of illness. This examination shall be at the expense of the Town by a physician appointed by the Board.

(h) Injury, illness or disability self-imposed, or resulting from the abuse of alcohol or the use of drugs that are classified under the Federal Narcotics Act or Drug Abuse Control Act, shall not be considered a proper claim for leave under this section.

(i) Payments made under the provisions of this section shall be limited to an employee who is receiving Workmen's Compensation payments to the difference between the amount paid in Workman's Compensation and the employee's regular rate.

(j) In the event of payments made to an employee under the preceding sub-section, the Board may debit the employee's sick leave accrual by such amounts as it determines to be equitable in relation to such payments.

(k) Nothing in this section shall be construed to conflict with Section 100 of Chapter 41 of the General Laws.

Section 15. Bereavement Leave

Emergency leave up to three days may be allowed for death in an employee's immediate family (wife, husband, mother, father, child, brother or sister), mother-in-law and father-in-law.

Section 16. Other Leave

(a) Absences for personal reasons may be charged to vacation leave upon application by the employee and approval by his department head. Such absences, however, may not be charged to vacation leave beyond that which the employee has earned by the time of such application.

(b) Members of the military reserves on brief tours of military duty such as the annual two-week tour of duty shall be compensated by the Town for the difference between the employee's regular pay and that received on military duty. Such tours of duty shall not be counted against vacation allowance.

(c) Two (2) personal days are allowed each year to full-time employees on request to, and approval of, supervisor and department head. Personal days are defined as days needed to attend weddings, funerals of relatives, family needs, etc., not otherwise provided for by the by-laws.

Section 17. Longevity Compensation

The Town agrees to reward faithful service by full-time town employees by providing additional compensation each year on the basis of length of service as follows:

A — After Twenty-five (25) years service	\$500.00
B — After Thirty (30) years service	\$1,000.00
C — After Thirty-five (35) years service	\$1,500.00

Section 18. Physical Examination

Before appointment to a position in the classification plan requiring continuous service, or to a seasonal position designated by the Board, a candidate shall have passed a physical examination satisfactory to the Board. The examining physician shall be appointed by the Board and the examination shall be at the expense of the Town. The examining physician shall advise the Board as to whether, in his opinion, the applicant is physically qualified to perform the duties of the position for which application has been made, and the applicant shall complete a questionnaire which the Board will design. The examining physician's report shall be confidential and shall be deposited with the Board.

Section 19. Operation of By-Law — Grievance Procedures

(a) This by-law shall be operative only as to employees whose positions are classified hereunder and for which positions minimum and maximum salaries, or single-rated miscellaneous salaries as established under section 8.

(b) **PERSONNEL BOARD TO ADMINISTER** — The Personnel Board of the Town shall constitute the Personnel Relations Review Board of the Town, and in that connection shall have the powers and duties, and perform the functions, assigned to such Personnel Relations Review Boards by Section 21B of Chapter 40 of the General Laws; and said Board shall, in the performance of its duties as Personnel Relations Review Board, be subject to the limitations imposed by said Section 21B and by the by-laws of the Town.

(c) **GRIEVANCE PROCEDURE** — There shall be a grievance procedure available to those employees of the town whose rights under the wage and personnel classification plan have, in their opinion, been prejudiced and covering all other grievances except those that would properly be under the jurisdiction of the Civil Service Commission or other duly established appeal board. As used in this section, the word "grievance" shall be construed to mean dispute between an employee and his supervisors arising out of an exercise of administrative discretion by such supervisor or supervisors.

STEP 1. The employee shall take up his grievance orally with his immediate supervisor who shall reach a decision and communicate it orally to the employee within two (2) working days.

STEP II. If the grievance is not settled at Step I, the employee shall within five (5) working days present his grievance in writing to his supervisor who shall forward it to the department head who shall hold a hearing within five (5) working days. At this hearing there shall be present the employee and one representative if he requests, his supervisor and/or the department head.

STEP III. If the grievance is not settled at Step II, all records and facts in the case shall be referred to the Grievance Review Board for adjudication. Those present at Step II shall appear at this hearing. Within twenty (20) working days of the hearing, which shall be the next regular meeting of the Board except in cases of emergency, the employee shall be notified in writing through the department head as to the decision of the Board which will be final.

Section 20. Civil Service Law

Nothing in this By-Law shall be construed to conflict with Chapter 31 of the General Laws.

Section 21. Effect of Partial Invalidity

The invalidity of any section of this By-Law shall not invalidate any other section or provision thereof.

Section 22. Publication of Personnel By-Law.

The Personnel Board hereby is authorized and directed to compile and publish Personnel By-Law to be known as the Town of Kingston Wage and Personnel By-Law. Corrections to be made as necessary with amendments subject to authorization as stated in Section 1 herein. Authorized changes will be published and added to this Wage and Personnel By-Law as endorsements to the section, page or paragraph. Last dated endorsement becomes the effective correction or amendment of these By-Laws.

Report of the Housing Authority

During the past year the Housing Authority has continued to meet with the Massachusetts Department of Community Affairs to determine and fulfill the necessary requirements for construction of 52 units of elderly housing. After careful evaluation of proposed housing sights by the Housing Authority, a site has been selected on Hillcrest Road and preliminary approval has been received from the Department of Community Affairs.

Intergrated Design Services, a Cambridge based architectural firm, has been selected by the Housing Authority to prepare the necessary plans.

Most of the incidental requirements of the Department of Community Affairs have been accomplished; these include, site-surveying, securing of necessary zoning variances and approval by the Department of Natural Resources relative to the provisions of the Hatch Act.

Requirements yet to be fulfilled include final approval of land appraisals, acquisition of land, and the extension of water mains to the site selected. The Department of Community Affairs will fund the project for elderly housing when all of these requirements are met. It is anticipated that the funding will take place within six months after the completion of all requirements.

The Housing Authority has during the past year administered, at the local level, the rental assistance program of the Department of Community Affairs.

We would like to express our gratitude and thanks to all those town departments and interested citizens who have cooperated with us this past year.

Respectfully submitted,

Partial Report of the 250th Anniversary Committee

The past year has been one of planning and preparation.

We have started the clearing for the Jones River Park. This will become more evident in 1973.

With the money made available by the trustees of the Elizabeth B. Sampson Fund we engaged the architectural firm of Brigham, Eldredge, Limon & Hussey to prepare preliminary drawings and cost analysis to restore the former Faunce School on Green Street into a building for historic and municipal use. A request for contributing funds to complete the project has been submitted to the appropriate state historic agencies as well as the HUD division of HEW. A report on this progress will be made at the annual Town Meeting in March 1973.

We are ready to contract for the writing of the history of our town. It is most difficult to determine the type of documentary which will be most meaningful and interesting for future generations of residents and readers. It appears that a book in essay form might be desirable.

We acknowledge and appreciate the cooperation afforded us by the various town officials and departments. The generous gesture of the Sampson Fund trustees was timely and helpful.

Any suggestions or assistance will be appreciated by the committee.

Report of the Kingston Council on Aging

It was voted at the March 1972 Town Meeting that the Selectmen appoint three members to serve on the Kingston Council on Aging and \$250.00 was allowed for expenses. Mr. Joseph L. Greaney, Community Coordinator from the Massachusetts Commission on Aging met with the three members at their first meeting in October. Officers were elected and the members instructed in what their duties would be. The State recommends there should be at least seven members on a Council so four more people were asked to serve as ex-officio members until a vote at the 1973 Town Meeting authorizes that the full membership be increased to seven. Meetings will be held on the second and fourth Mondays of each month unless otherwise specified by the chairman.

There are many ways the elderly in Kingston can be served, a Health Service, including a Clinic, a "Hot Lunch" program, a Drop-In Center, discounts wherever they can be provided, and a Senior Citizens Group, are only a few. To aid in determining the needs of the elderly a questionnaire was sent to every one in Town who had reached their 59th birthday. A stamped, addressed envelope was enclosed to encourage the return of the questionnaire.

The money allocated for the use of the Council this year was spent for stamped envelopes for the survey, stationery, a typewriter and the printing of ID cards. When these are issued the holder will be eligible for whatever benefits the Council is able to procure for them in the way of discounts. It has been necessary to present a budget to the town to cover anticipated expenses for the next 18 months through June 1974. The Council has tried to take into consideration all the needs that may arise. They are hoping to establish a Drop-In Center and to hire a part-time Director. Any Senior Citizen group formed would finance itself and be independent of the Council.

Great interest has been shown by the townspeople in this project. We know the demand is there and in the months to come will do our best to meet it.

Respectfully submitted,

HAZEL TARANTINO, Chairman
VELZORA SABINE, Vice-Chairman
HELEN D. FOSTER, Secretary

Report of the Fish Committee

This committee is concerned principally with the maintenance of proper and adequate stream channels in the Jones River and its tributary Trout Brook in order to facilitate spawning of alewives (herring) and smelt. Both are anadromous fish.

The term anadromous applies to any fish which migrate from salt to fresh water for spawning.

There was a good run of smelt again in the brackish water of Jones River.

There are conflicting reports about the quantity of natural run of alewives this year. This uncertainty has been true in some other years when corrective measures were taken. The committee plans still closer study in 1973.

Meanwhile, Mr. Arthur Dupuis, Foreman of the Massachusetts Division of Marine Fisheries, has transferred annually about 4,000 spawn bearing alewives from the Cape Cod Canal to Russell Pond. The net result has been a good run of fry.

As regards the State program of introducing Coho Salmon, of Pacific Coast origin, into the North River at Pembroke and Hanover, now after three years there are encouraging reports by Mr. Frank Grice, Director of the State Division of Marine Fisheries.

Respectfully submitted,

WILLIAM J. DONOVAN

Report of the Waterfront Committee

During the past year, the Kingston Waterfront Committee was increased by town vote to seven members to try and improve its workability.

More of the new type channel markers have been installed to replace the last of the old type. Also three flashing type markers have been placed near Cripple Rocks for better night navigation, with more to follow.

A new aluminum gangway has replaced the old wooden one. The Yacht Club building has been made into an office for the Harbormaster and a place for the committee to hold its meetings. A retaining wall has been erected in front of the Yacht Club, which, when completed, will provide extra parking facilities. With the addition of the new wall and drainage on River Street corrected, the small beach should provide many enjoyable hours for the small tots and their parents.

For the coming year we hope to improve the area around the Yacht Club, replace all old racks with some that can withstand more punishment from the storms, and also foam-fill our floats to make them unsinkable.

Again, we repeat, we are open for suggestions or criticism which will be acted upon in the best interest of the town.

Water Commissioners' Report

The problems addressed in this report may well seem overwhelming to anyone not intimately familiar with the complexities of the normal operation of a water department. Actually, there is no proof yet that, in fact, the problems are not overwhelming. But as discouraging as the prospect for fundamental improvement may seem, it should be equally obvious that something must be done. Your Water Commissioners are aware of the need to do something. We try to operate as economically as possible. We have spent a minimum amount in funds on a variety of reports concerned with various aspects of our problems. Our study has indicated that most of our efforts have been restricted to planning and development purposes.

The Water Department policy — development and decision-making process should be analyzed more comprehensively and definitively. There must be a profound grasp of the realities of actual conditions rather than vague generalities about how things ought to be.

Methods for transmitting, formulating and analyzing statistical data for the needs of the Water Department must be developed. Therefore, the voters at the annual town meeting, March 1972 authorized the appointment of a committee of three (3) to study the destinies of the department. Mr. Arthur Russell Barnes was appointment by the Selectmen, Preston B. Easterbrooks by the Moderator and Orfeo H. Sgarzi by the Finance Committee.

We believe this is a fine committee — very much interested in our problems. We are enjoying working with them and anticipate that a full report with recommendations will be made to the voters — March 1974. We are also working with Whitman and Howard who are experts in the matter of water department needs.

Your Water Department was faced with a serious problem this last year when the diesel well presented problems to us. This well is over twenty-seven years old, has worked hard, long hours and produced lots of water for you. Repairs were made to this well in 1972 but the capacity of water that is now produced has been cut in half. Therefore, this means that the amount of water that is available to the water-takers will be less in 1973 unless necessary steps are taken to develop a new well. Your Water Commissioners and the Special Committee unanimously concur that we should ask the town for the necessary amount of money to develop a new well and pumping equipment for this purpose.

Another matter that has been discussed with the Special Water Committee is increasing the water rates. Therefore, it is anticipated that your water rates will be increased July 1, 1973. The matter of

metering the town is being discussed freely by the Water Commissioners and the Special Water Study Committee. Recommendations on this matter will be made in their report March 1974.

OTHER ARTICLES THAT WILL APPEAR IN THE WARRANT FOR THE ANNUAL 1973 TOWN MEETING

You may recall that we asked for this well March 1972 with an estimated cost of \$180,000. The cost as estimated will be \$215,000. We will also have an article in for a stand-by engine at the Winthrop Pumping Station. We quote to you the words used last year in reference to this: "The forecast of building in the immediate future requires us to recommend a new well. There will be an article for another gravel-packed well, concrete block pumping station, pumping equipment, power line, discharge piping and ap- purances, at an estimated cost of \$180,000."

We are again asking for additional funds for study for additional sites. We also have an article in to trade one of our trucks which is six years old and becoming very expensive to operate.

The water ban again became necessary during the summer of 1972. Your Water Commissioners found it necessary to restrict the use of sprinklers from 4:00 to 8:00 P.M. during the months of June, July and August. Until more water is available this ban will probably continue each summer and may even be on a more restrictive basis. We are again very happy with the cooperation we received from the water-takers for which we extend to you our heartfelt thanks.

Thirty-four new services were installed by the department. Thirty services were repaired by the department. Approximately 1,100 feet of 6" and 8" pipe plus one hydrant were installed on Surry Drive and School Street by contractors.

As we approach the year 1973 and with the thoughts and the necessary ideas of the Water Study Committee, we are hopeful that we will present to you, and through them, a report of the needs and

improvements for your water system in order that we may have a supply of water that will take care of our needs — not only from a domestic side — but for fire protection.

We are proud to be your water commissioners. We are happy with the committee that is working with us that you appointed last March. We think we have three fine employees who give their time unselfishly at all times — either in the middle of the day or in the middle of the night.

The town officers have given us their finest cooperation. The Finance Committee has been most understanding of our problems and have given us the necessary emergency money whenever needed. We thank the Wage and Personnel Board for their guidance and friendship and last but not least, our fine citizens of this town who give us their outstanding cooperation in operating a department which we believe has the finest water in the country.

Partial Report of Water Study Committee

The Committee has held a total of four meetings, two jointly with the Water Commissioners, the purpose being to study the need for water meters and/or the need to increase existing water rates as a means of conserving water.

We have not come to the point of recommending the installation of water meters as it is a complicated task to determine the real cost of doing so and to evaluate the many side effects. For this part of the report we respectfully request that our final report be made in March of 1974.

With regard to increasing water rates, we are unanimous in recommending that the Water Commissioners take appropriate action to increase the direct revenue by a higher charge to those taking water. We make this recommendation for the following reasons:

1. We believe the higher charges will tend to conserve water especially from takers with meters.

2. The present income of the Water Department does not finance capital improvements, the cost of which now comes out of the property tax.

3. Present cost of water to the average consumer in Kingston is considerably below that in other towns of the Commonwealth.

To date we have expended no money from the \$1,000.00 appropriation to this committee.

It is not anticipated at this time that any additional funds will be needed to complete the report.

Respectfully submitted,

A. RUSSELL BARNES, Chairman

Second Winter Term	February 26 thru April 13, 1973
Spring Term	April 23 thru June 20, 1973
Fall Term	September 5 thru December 21, 1973

In addition to all legal holidays, schools will be closed on the Friday following Thanksgiving.

"NO SCHOOL" announcements will be given by radio stations WHDH, WBET, and WPLM between 6:35 and 8:00 a.m. In addition, the fire alarm signals will indicate no-school as follows:

6:30 a.m., no-school all schools, including high school.

7:00 a.m., no-school elementary only.

The signal will be 4 short double blasts, repeated 3 times.

REPORT OF THE KINGSTON SCHOOL COMMITTEE

To the Board of Selectmen and
the Citizens of Kingston:

As we write our report, the frame of the new elementary school building is beginning to rise from the ground. This building, scheduled for completion next fall, will eliminate the severe crowding which has affected both our classrooms and all kinds of special help and activities which are also part of our education program. We are looking forward to the positive difference this new space can make in educating our children.

The fall of 1973 will also bring public Kindergarten classes for the first time. Plans are being made now to make this a reality. The new construction will provide the space for these additional classrooms.

This fall saw the establishment of a special education class in Kingston. Until this year Kingston had sent special class students to Halifax and Pembroke. However, when the number of Pembroke's own students increased enough to fill their class, a new class had to be established. Because there was no space available in school buildings, space was rented from the Mayflower Congregational Church. The new building will provide space for this class in the future.

During the summer Mr. Christopher J. Gregory joined the staff of Union No. 31 as Supervisor of Elementary Education for the three towns of Halifax, Kingston, and Plympton. Mr. Gregory has already begun a program of curriculum evaluation, with recommendations to improve our course of study. He is leading committees which will set specific objectives for each grade in each subject; these objectives will provide specific targets for the teacher and student and will allow more adequate evaluation of student programs.

This year saw the retirement of two long-term employees in our school system. We show our appreciation to Mrs. Alyce G. Boyle, a teacher in our system for 18 years, and to Mr. Edward G. Borgatti, Head Custodian and custodian for the past 24 years.

During the year two School Committee members resigned because of their leaving Kingston either temporarily or permanently: Mrs. Barbara A. Balboni and Mrs. Mary LeSueur. Their positions were filled by appointments made by the Selectmen and the School Committee meeting jointly. Mr. John Bradford Westgate and Mr. Richard V. Humphrey were appointed to serve until the March town election.

Respectfully submitted,

AMELIO E. RUFFINI, Chairman
MARION OPACHINSKI, Vice Chairman

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and
the Citizens of Kingston:

I herewith submit my tenth annual report as Superintendent of Schools for the Silver Lake Regional School District and the Massachusetts Superintendency Union No. 31 which includes the elementary schools of Halifax, Kingston, Pembroke, and Plympton.

The year 1972 has been a momentous one when observed from the aspect of the degree of progress which our schools have achieved. Three of our towns have new elementary schools or additions already under construction. The fourth town, Halifax, is in the planning stage with a bonding vote hopefully scheduled for March town meeting. While unsuccessful in two bids for approval of an extensive building program, the Regional School District has had an intensive review of its needs and is engaged in a new study involving a different apportionment of costs and buildings, together with enabling legislation to make it possible.

The need for such a building program can be seen in the growth statistics of our total school district. In the six-year period 1968-1972, the total school population rose from 4,493 to 6,108, an increase of 36 per cent. Coincidentally, during the next six years the secondary school (gr. 7-12) will also increase by 36 per cent, directly from our current elementary school enrollment, from 2,587 to 3,521, an increase of 934 pupils. While this growth has tended to level off in the past few years it remains a serious problem at the secondary school level when this elementary school increased enrollment reaches the Regional schools. Each year of delay in providing for the District's needs has an incalculable effect upon the quality of education, as well as pyramiding the problem of operation and administration of such an overcrowded school situation.

SILVER LAKE REGIONAL SCHOOL DISTRICT

High School:

The October enrollment of 1,583 is up 91 pupils over 1971 (1,492). The extended school day schedule was continued this year because of a somewhat less of an increase last year than was anticipated. This remains a most unsatisfactory school operation — educationally, economically, and particularly from the pupil's standpoint.

The seriousness of the High School problems was re-emphasized by action of the New England Association of Schools and Colleges in extending Silver Lake's accreditation for only one year. This action recognizes that as much as possible was done by the School Committee to meet certification requirements during the

past two years — short of providing adequate physical facilities. Loss of accreditation is inevitable next year unless a solution is found to our building needs.

Silver Lake has a new principal this year, Albert A. Argenziano, who was promoted in September from Assistant Principal. Mr. Argenziano has continued to emphasize and implement curriculum change. New courses have been few due to lack of facilities. Computer math has been added, as well as courses in computer programming, made possible by the installation of an I.B.M. 1130 in the Data Processing Room. Extensive work is being done by the faculty working through the Humanities Project awarded to Silver Lake last year.

The vocational offering has also been extended to 50 additional freshmen by an extension of the school day. This move has limitations, however, because of the long-range effect of any extension of programs without added facilities. Director Ralph Binns reports continued community interest and participation in evening courses. Currently over 850 adults are enrolled in 30 different courses. Next year we have plans to provide an opportunity for residents to take college level courses in an off-campus program with a suburban Junior college.

Junior High School:

The Junior High School is probably the most overlooked unit in our over-crowded campus. The 800 pupil school (depending on who rates it) now has an enrollment of 970 pupils. The inevitable larger and larger size of entering 7th grades makes this school unit very sensitive to our elementary growth.

Principal Arthur Hand devoted most of his report to the emphasis and importance of enrichment areas in the Junior High School curriculum. Musical activities involve over 550 pupils in chorus and band. Art demands required an additional half-time teacher this year. Industrial Arts and Special Education were pointed out as meeting the special needs of this grade level.

MASSACHUSETTS SUPERINTENDENCY UNION NO. 31

Union No. 31 has been in existence since the turn of the century. Its purpose is to coordinate the educational programs of the member towns, which because of small size, were unable to provide for it locally. Union No. 31, in fact, is becoming large enough to re-examine this arrangement. In 1972 elementary supervision was divided for the first time. Pembroke has employed its own Director of Elementary Education, Dr. Thomas M. Delmonaco. Likewise the remaining three towns have employed a Supervisor of Elementary Education, Mr. Christopher J. Gregory. Together this organization should provide the specialized assistance and direction of the expanding elementary school needs of our communities. 1973 will require planning for four new elementary schools, compulsory Kindergarten classes in each town, plus the staff and programming required for the new and present facilities. It is reassuring to the Administration that the towns have provided such staff support.

Kingston Elementary School —

Principal Esther DiMarzio reports an enrollment of 790, — up 5 pupils from last year. It is significant that there are 33 teachers with only 24 teaching spaces. This graphically demonstrates the extent of over-crowding with which our schools have had to adjust to in the past few years. But a new day is at hand — the new school and Kindergarten addition is well on its way as this report is being written. We hope for September occupancy.

The addition of Christopher J. Gregory as Supervisor of Elementary Education in Kingston, as well as Halifax and Plympton, will provide our staff with supportive leadership and direction toward specific goals. Teacher committees have been formed with the following basic task —

- To develop and state specific behavioral objectives in each subject area
- To study and recommend material that will help the children to attain the objectives most readily
- To determine and recommend methods of instruction that should provide the best results

Mr. Gregory also heads up a Kindergarten Committee whose task will be the implementation of Kindergartens in September, 1973.

Our teaching staff has remained relatively stable under rather adverse teaching conditions.

Kingston had to add a Special Education unit this year. We were fortunate to be able to rent the facilities of the Mayflower Church.

Maple Avenue continues to serve as our auxiliary space for four sections of grade four. This year the hot lunch program has been extended to serve Maple Avenue students. Special services and programs for Maple Avenue pupils are provided at the central school.

Central Administration —

In the middle of the Union and District lies the service center, the Superintendent's office. The demands on central services have been compounded by the 18-month budgets for the five school systems.

Pupil services for special class and problem areas are also requiring more staff and financing. Dr. William J. Quinlan, formerly concerned with guidance matters, now spends most of his efforts to provide for these special services in special education, mental health, census, psychological services, and health services throughout the District.

Paul A. Squarcia, former Principal of Silver Lake Regional High School, was appointed Assistant Superintendent to succeed Norman G. Donegan in August. Mr. Squarcia has special assignments in Personnel and Regional School Supervision.

Daniel J. Griffin has replaced Mr. Gardner O. Howes as Business Manager.

It must be obvious by these changes that the business of administering the Silver Lake District Schools was particularly difficult. I want to express my appreciation for the privilege of serving the District during the past ten years. I would like to thank the members of the Local and District School Committees for their support, and the citizens of our towns for their interest and involvement in the important task of educating our children.

REPORT OF THE REGIONAL SCHOOL DISTRICT COMMITTEE

To the Citizens of the Silver Lake
Regional School District:

The Silver Lake Regional School District again is facing the problem of inadequate space for its increasing enrollments. In order to alleviate the over-crowding, the Committee endorsed a new building program to bring to the towns.

The building program, estimated to cost fifteen million dollars, was a three-stage plan. First, an addition to and renovation of the existing high school; second, additions to the vocational school; and third, a new 1,600 pupil high school to be located on Pembroke-owned land near Hobomock Pond.

The plan was developed by the building committee in conjunction with Dr. George J. Collins, Educational Consultant. The firm of Campbell, Aldrich, and Nulty was selected to develop the architectural plans for the program.

The proposed plans were submitted to the four member towns on two separate occasions in March and June. In both instances the town of Kingston defeated the proposal.

At a later meeting in the fall with selectmen and finance committees, it was decided to give an Ad Hoc Committee the task of preparing a building program to submit to the four member towns. The Ad Hoc Committee is currently working on such a program.

Due in part to the attempts to rectify the over-crowding, Silver Lake Regional High School received a temporary extension of its accreditation from the New England Association of Secondary Schools.

Again this year split sessions are in use at the senior high and regular sessions at the junior high schools. This system will continue into the 1973-1974 school year. Unless some type of building program is enacted, double sessions will become a reality in the near future.

A change in the Silver Lake Agreement, passed by the four towns, will allow Silver Lake to contract for its bus transportation, effecting a saving to the member towns because of special regional

reimbursements. Thus, previous funding by the four member towns will be reflected in the Silver Lake budget.

Respectfully submitted,

ARTICLE 41. To see if the Town will vote to adopt a by-law pertaining to the number of unregistered motor vehicles a person, persons or entity may store, park or maintain on their property, or take any other action relative thereto.

ARTICLE 42. To see if the Town will vote to adopt a by-law prohibiting the discharge of water or any other substance, in or upon any public street or public place, or take any other action relative thereto.

ARTICLE 43. To see if the Town will vote to adopt a by-law governing the regulation of taxi cabs and taxi operators, or take any other action relative thereto.

ARTICLE 44. To see if the Town will vote to amend Article XVII, Section 6, paragraph (f) of the Town By-Laws, to read as follows:

(f) One non-flashing sign for each family residing on the premises indicating the name of the owner or occupant or per-

taining to a permitted accessory use, provided that each such sign does not exceed six square feet in area.

ARTICLE 45. To see if the Town will vote to amend Section V of the Zoning By-Laws by adding after paragraph G, the following paragraphs:

H. Conservation Restrictions

a. Streams or watercourses shall be located within easements conforming substantially with the lines of their courses, whose width shall not be less than twenty (20) feet and whose boundaries shall not be closer than 5 feet horizontally from the mean high water line. Parallel streets or pedestrian ways and/or appropriate access may be required in connection therewith. Streams or watercourses shall remain open except at street crossings.

b. The Appeal Board may require that other areas be included within a conservation restriction.

c. Due regard shall be shown for all natural features, such as large trees, watercourses, scenic points, historic spots, and similar community assets, which, if preserved, will add attractiveness and value to the lots.

I. Suitability of the Land

a. Natural watercourses and ponds may not be altered, filled, drained or relocated. Any pond that has been in existence for over 25 years shall be deemed to be a natural pond.

b. Flood plain, marshes or seasonal wet areas may be included as part of a lot, but may not be altered, filled, drained or relocated and may not be used for building sites, sewerage disposal areas or ways.

c. All lots shall be laid out with the minimum areas required by the zoning by-laws to be exclusive of the areas of any pond with such lots, and shall not include more than 15% (15 per cent) of a flood plain, marshes, or seasonal wet area within the lot lines, except by adding the area encompassed by the flood plain, marshes, or seasonal wet area to the minimum lot size. The area within the lot lines on which the building will be situated shall be contiguous and the flood plain, marshes, or seasonal wet area included within the lot lines shall not cross, dissect, or otherwise interfere with this area.

ARTICLE 46. To see if the Town will vote to amend the Protective Zoning By-Laws of the Town as follows: Section III: Use Regulations — Schedule of Use Regulations — Multiple dwellings by changing the use in the R-A zone from N (Prohibited Use) to P (Use allowed under special permit by the Board of Appeals as provided in Section VI-D).

ARTICLE 47. To see if the Town will vote to amend the Protective Zoning By-Laws of the Town as adopted and approved by the Planning Board and as printed in pamphlet form entitled "Proposed Zoning By-Law Changes — 1973," or take any other action relative thereto.

ARTICLE 48. To see if the Town will vote to amend the Protective Zoning By-Laws of the Town of Kingston by adding to the Town of Kingston Zoning By-Laws, Section I, paragraph E, Definitions, the following:

(16) Multiple dwelling — A multi-family dwelling whether of new construction or conversion of an existing dwelling or structure.

and to further amend said by-laws under Section V, paragraph F, Multiple Dwellings, the following:

4. This section (F) shall apply only to new construction and not to the conversion of existing structures or dwellings.

ARTICLE 49. To see if the Town will vote to accept the following ways located on the westerly side of Pembroke Street: Sheridan Drive, a distance of 800 feet, more or less, and Barbara Road, a distance of 800 feet, more or less, and the turn-around road connecting Sheridan Drive and Barbara Road, a distance of 300 feet, more or less, said portion to be known as Barbara Road, as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof, including engineering services and for acquiring titles, or take any other action relative thereto.

ARTICLE 50. To see if the Town will vote to accept the way known as Naples Street and to be known as Naples Street, a distance of 536 feet, more or less, as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof, including engineering services and for acquiring titles, or take any other action relative thereto. (BY PETITION)

ARTICLE 51. To see if the Town will vote to accept that portion of Woodland Avenue from a point on Woodland Avenue previously accepted and extending on Woodland Avenue in a northerly direction to Country Way, a distance of 355 feet, more or less, as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof, including engineering services and for acquiring titles, or take any other action relative thereto. (BY PETITION)

ARTICLE 52. To see if the Town will vote to accept the ways described as follows: that portion of Hawthorne Road located on the southerly side of Wapping Road and running in a southerly direction for a distance of 3,240 feet, more or less to Starling Avenue and westerly on Starling Avenue for a distance of 2,240 feet, more or less, as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws; and

raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof, including engineering services and for acquiring titles, or take any other action relative thereto. (BY PETITION)

ARTICLE 53. To see if the Town will vote to authorize the Selectmen to request Town Counsel to prepare the necessary papers whereby the Edna Maglathlin property, a twenty-three acre tract of bog and woodland, Lot 28 on the Town Plot in the Silver Lake section, deeded to the Town with certain requirements, will be permanently set aside and otherwise permanently sequestered under the Town's conservation policy, and hereinafter be designated as the Edna Maglathlin Bird Sanctuary, or take any other action relative thereto. (BY PETITION)

ARTICLE 54. To see if the Town will vote to amend the Protective Zoning By-Laws of the Town of Kingston as follows:

I. By adding to the Town of Kingston By-Laws, Rules and Regulations, Page 24, Schedule of Use Regulations, the following:

A. After the words "Trailer camp, park or court," the words "or mobile home park."

B. After the words "Trailer, trailer coach, or mobile home used as a dwelling except as an office incidental to construction on the premises, and in no case more than six (6) months in any calendar year," the words; "the aforementioned time limit shall not apply to any mobile home situated in a mobile home park."

II. To further amend said Zoning By-Laws by adding to the By-Laws, Rules and Regulations, page 36, under Section V — Special Regulations, the following section:

H. Mobile Home Park.

1. In R-A, R-B and C districts only, a mobile home may be placed on certain lots in a mobile home park (as hereinafter defined and limited), although such lots have less area and/or frontage than normally required. For the purpose of this exception, (a) a "mobile home park," is any lot or tract of land upon which three or more mobile homes occupied for dwelling purposes are located, including any buildings, structures, fixtures and equipment used in connection with mobile homes; and (b) a "mobile home" is a dwelling unit built on a chassis and containing complete electrical, plumbing and sanitary facilities, and designed to be installed on a temporary or permanent foundation for permanent living quarters.

2. The Board of Appeals may grant a special permit for such a mobile home park containing lots with less than the minimum area and/or frontage, provided that:

a. The total area of land included within the mobile home park shall be 10 acres or more.

b. Every individual lot shall have an area of at least 10,000 square feet.

c. Every individual lot shall have a frontage of at least 95 feet.

d. Said mobile home park shall permit only adults over 50 years of age.

e. Each application form when submitted for a special permit hereunder shall be accompanied by a plan, in duplicate of the mobile home park. Within 10 days after receipt of the plan, the Board of Appeals shall transmit a copy thereof to the Planning Board, which said Board may, in its discretion, investigate the proposed layout and report in writing its recommendations to the Board of Appeals. The Board of Appeals shall not take final action on such approval until it has received a report thereon from the Planning Board or until said Planning Board has allowed 60 days to elapse after receipt of such plan without submission of a report.

f. A special permit for a mobile home park issued hereunder by the Board of Appeals is an authorization for the use of lots which have less than the normal minimum area and/or frontage. Subsequent approval by the Planning Board of such portions of the development as constitute a subdivision will be required as set forth in the Subdivision Control Law, including approval of the street and utility systems. A favorable recommendation by the Planning Board that the special permit be issued shall not, therefore, be deemed to either constitute subdivision approval or imply that such approval will be given.

g. The invalidity of any section or provision of this by-law shall not invalidate any other section or provision thereof. (BY PETITION)

ARTICLE 55. To see if the Town will vote to take by eminent domain or otherwise, the way running in an easterly direction from Braunecker Avenue and then turning in a northerly direction to Kennedy Road, a distance of 900 feet, more or less, and that said way be known as Kingston Street, as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for the construction thereof, including engineering services and for acquiring titles, or take any other action relative thereto. (BY PETITION)

ARTICLE 56. To see if the Town will vote to accept and allow Hawthorne Road and Starling Avenue as public ways, as shown on a plan entitled "Hawthorne Acres Plan of Land in Kingston, Mass." by Malcolm T. Shaw Co., Inc., dated October 22, 1970 and recorded with Plymouth County Registry of Deeds as Plan No. 662 of 1971 in Plan Book 16, Page 29. (BY PETITION)

ARTICLE 57. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money to be added to the Stabilization Fund.

ARTICLE 58. To see if the Town will vote to transfer from the Revenue Sharing Fund a sum of money for the purpose of ordinary and necessary maintenance and operating expenses for public safety, environmental protection, public transportation, health, recreation, libraries, social services for the poor or aged, financial administration and any ordinary and necessary capital expenditures authorized by law, or take any other action relative thereto.

ARTICLE 59. To see if the Town will vote that a sum of money now available in Free Cash be appropriated for the use of the Assessors in the reduction of the tax levy.

To transact any other business that may legally come before said meeting.

FURTHER, you are hereby required to notify and warn the inhabitants of the Town of Kingston qualified to vote in elections to meet in the adjourned session at the

ARTICLE 45. To see if the Town will vote to amend Section V of the Zoning By-Laws by adding after paragraph G, the following paragraphs:

H. Conservation Restrictions

a. Streams or watercourses shall be located within easements conforming substantially with the lines of their courses, whose width shall not be less than twenty (20) feet and whose boundaries shall not be closer than 5 feet horizontally from the mean high water line. Parallel streets or pedestrian ways and/or appropriate access may be required in connection therewith. Streams or watercourses shall remain open except at street crossings.

b. The Appeal Board may require that other areas be included within a conservation restriction.

c. Due regard shall be shown for all natural features, such as large trees, watercourses, scenic points, historic spots, and similar community assets, which, if preserved, will add attractiveness and value to the lots.

I. Suitability of the Land

a. Natural watercourses and ponds may not be altered, filled, drained or relocated. Any pond that has been in existence for over 25 years shall be deemed to be a natural pond.

b. Flood plain, marshes or seasonal wet areas may be included as part of a lot, but may not be altered, filled, drained or relocated and may not be used for building sites, sewerage disposal areas or ways.

c. All lots shall be laid out with the minimum areas required by the zoning by-laws to be exclusive of the areas of any pond with such lots, and shall not include more than 15% (15 per cent) of a flood plain, marshes, or seasonal wet area within the lot lines, except by adding the area encompassed by the flood plain, marshes, or seasonal wet area to the minimum lot size. The area within the lot lines on which the building will be situated shall be contiguous and the flood plain, marshes, or seasonal wet area included within the lot lines shall not cross, dissect, or otherwise interfere with this area.

ARTICLE 54. To see if the Town will vote to amend the Protective Zoning By-Laws of the Town of Kingston as follows:

I. By adding to the Town of Kingston By-Laws, Rules and Regulations, Page 24, Schedule of Use Regulations, the following:

A. After the words "Trailer camp, park or court," the words "or mobile home park."

B. After the words "Trailer, trailer coach, or mobile home used as a dwelling except as an office incidental to construction on the premises, and in no case more than six (6) months in any calendar year," the words; "the aforementioned time limit shall not apply to any mobile home situated in a mobile home park."

II. To further amend said Zoning By-Laws by adding to the By-Laws, Rules and Regulations, page 36, under Section V -- Special Regulations, the following section:

H. Mobile Home Park.

1. In R-A, R-B and C districts only, a mobile home may be placed on certain lots in a mobile home park (as hereinafter defined and limited), although such lots have less area and/or frontage than normally required. For the purpose of this exception, (a) a "mobile home park," is any lot or tract of land upon which three or more mobile homes occupied for dwelling purposes are located, including any buildings, structures, fixtures and equipment used in con-

nection with mobile homes; and (b) a "mobile home" is a dwelling unit built on a chassis and containing complete electrical, plumbing and sanitary facilities, and designed to be installed on a temporary or permanent foundation for permanent living quarters.

2. The Board of Appeals may grant a special permit for such a mobile home park containing lots with less than the minimum area and/or frontage, provided that:

a. The total area of land included within the mobile home park shall be 10 acres or more.

b. Every individual lot shall have an area of at least 10,000 square feet.

c. Every individual lot shall have a frontage of at least 95 feet.

d. Said mobile home park shall permit only adults over 50 years of age.

e. Each application form when submitted for a special permit hereunder shall be accompanied by a plan, in duplicate of the mobile home park. Within 10 days after receipt of the plan, the Board of Appeals shall transmit a copy thereof to the Planning Board, which said Board may, in its discretion, investigate the proposed layout and report in writing its recommendations to the Board of Appeals. The Board of Appeals shall not take final action on such approval until it has received a report thereon from the Planning Board or until said Planning Board has allowed 60 days to elapse after receipt of such plan without submission of a report.

f. A special permit for a mobile home park issued hereunder by the Board of Appeals is an authorization for the use of lots which have less than the normal minimum area and/or frontage. Subsequent approval by the Planning Board of such portions of the development as constitute a subdivision will be required as set forth in the Subdivision Control Law, including approval of the street and utility systems. A favorable recommendation by the Planning Board that the special permit be issued shall not, therefore, be deemed to either constitute subdivision approval or imply that such approval will be given.

g. The invalidity of any section or provision of this by-law shall not invalidate any other section or provision thereof. (BY PETITION)

Recommendation to be made at Town Meeting.

ARTICLE 55. To see if the Town will vote to take by eminent domain or otherwise, the way running in an easterly direction from Braunecker Avenue and then turning in a northerly direction to Kennedy Road, a distance of 900 feet, more or less, and that said way be known as Kingston Street, as laid out by the Selectmen, plans thereof having been filed with the Town Clerk in accordance with the General Laws; and raise and appropriate or transfer from

unappropriated available funds in the treasury, a sum of money for the construction thereof, including engineering services and for acquiring titles, or take any other action relative thereto. (BY PETITION)
